Memorandum

MIAMI-DADE COUNTY

Date:	March 13, 2007
To:	Honorable Chairman Bruno A. Barreiro and Members, Board of County Commissioners
From:	George M. Burgess County Manager
Subject:	Resolution Ratifying the County Manager's Action in Authorizing Capital Improvement Contracts Pursuant to Section 2-8.2.7 of the Code of Miami-Dade County (the "Expedite Ordinance")

GOE
Agenda Item No. 4A

Recommendation

It is recommended that the Board adopt the attached resolution ratifying the County Manager's actions taken through January 23, 2007 in expediting the capital improvement projects identified on the attached schedule (Exhibit "A"). These contracts were awarded by the County Manager prior to the certification of the election which resulted in the sunset of the Expedite Ordinance.

Scope

Several County departments will utilize these agreements for the soils, foundations and material testing and land surveying services necessary for the design and construction of capital improvement projects.

Fiscal Impact/Funding Source

The agreements are funded by various capital budget funding sources including, but not limited to, People's Transportation Plan (PTP), Quality Neighborhoods Improvement Program (QNIP), and *Building Better Communities* General Obligation Bond Program. The cost of services will be charged to the particular projects or activities requiring the services. The department requesting the land surveying services for the specific project will establish the funding source at the time the work order is issued. Work Orders will not be issued under this contract unless the specific user department identifies appropriate budgeted funds. Any work authorizations for PTP funded projects are subject to Board of County Commissioners and Citizens Independent Transportation Trust (CITT) approval.

Track Record/Monitor

The consultants on the attached Exhibit "A" are currently performing work or have performed work for various County departments at a satisfactory level as reported by the assigned project managers. For some of the consultants, this will be their first contract with Miami-Dade County. The Public Works Department staff assigned to the day-to-day operations of these 62 contracts are Luis Lacau and Carlos Lavista.

Background

Section 2-8.2.7 of the Code of Miami-Dade County, known as the "Expedite Ordinance", provides for expeditious treatment of professional service agreements and construction

contracts associated with funded capital improvement projects identified in the approved annual capital budget (Proposed Capital Budget and Multi-Year Capital Plan) or projects subsequently included by a Board of County Commissioners resolution. The Office of Capital Improvements (OCI) processed the 62 qualifying capital improvement project awards of professional service agreements listed in Exhibit "A". Exhibit "B" is a summary of the Community Small Business Enterprise (CSBE), Community Business Enterprise (CBE), Disadvantaged Business Enterprise (DBE) and Community Workforce Program (CWF) participation for Exhibit "A" projects.
