Date: July 24, 2007

Agenda Item No. 14(A)(7)

To: Honorable Chairman Bruno A. Barreiro
and Members, Board of County Commissioners

From: George M. Burgess
County Manager

Subject: Project Award Recommendation in the Amount of $225,891.59 Between AGC Electric, Inc. and Miami-Dade County for the People's Transportation Plan (PTP) Project Entitled Traffic Signal Installation at SW 67 Avenue and SW 44 Street, Located Within Commission District 7 **(Project – CICC 7360-0/08 RPQ No. 20060346)**

Recommendation

The attached Project Award Recommendation for a Traffic Signal Installation at SW 67 Avenue and SW 44 Street, Located Within Commission District 7 (Project – CICC 7360-0/08 RPQ No. 20060346), in the amount of $225,891.59, between AGC Electric, Inc. and Miami-Dade County has been prepared by the Public Works Department (PWD) and is recommended for approval. Proceeds from the Charter County Transit System Sales Surtax (the Surtax) will be used to fund this project, therefore, approval by the Board of County Commissioners (BCC) and Citizens' Independent Transportation Trust (CITT) is required.

Scope

The work to be performed under the life of this contract includes traffic signal installation at the intersection of SW 67 Avenue and SW 44 Street, located within Commission District 7.

Fiscal Impact/Funding Source

The fiscal impact will be approximately $225,891.59 and will be funded from the Surtax. The proposed improvements qualify under the allowable work categories included in the PTP Neighborhood Improvements Section. Specific funding for this project will be allocated from the Commission District 7 PTP yearly allocations.

Track Record/Monitor

The Office of Capital Improvements (OCI) database lists a total of one (1) awarded contract for AGC Electric, Inc., from the General Services Administration Department (GSA). The referenced database lists no contractor performance evaluation since the contract may be under construction or in the preliminary stages. Additionally, since this contractor is new to the Department, staff contacted GSA and confirmed that AGC Electric, Inc. is performing at a satisfactory level.

Following PWD's standard operating procedures, after award of this contract, a pre-construction meeting will be scheduled. Throughout all PTP projects, the responsible staff person in PWD will be the PTP Coordinator, Mr. Frank Aira, P.E. Following completion of the award process, the project will be assigned to Mr. Oscar Rubio, Project Manager, for day to day responsibilities.

According to the Florida Department of State, Division of Corporations, AGC Electric, Inc., Company Principals are: Tomas V. Curbelo, Enrique I. Guzman and Pierrette De La Sierra and the Company's address is listed as: 2660 West 79th Street, Hialeah, Florida 33016.

Background

In an effort to accelerate the continued success of the PTP Neighborhood Improvements initiative, PWD is taking advantage of various contracting mechanisms, such as the subject Miscellaneous Construction Contracting (MCC) process available under OCI contract CICC 7360-0/08. Through this process, PWD forwards the Request for Price Quotation (RPQ), by way of facsimile transmission and US-mail, to a pool of firms that have registered with OCI for the subject trade. Additionally, PWD advertises the project in the Daily Business Review as well as providing courtesy notifications in the Diario De Las Americas, Miami Herald, Miami Times, Haiti en Marche, Le Floridien, and Kiskeya Herald. Interested contractors prepare their bids according to the Job Order Contracting (JOC) process, whereby the County establishes unit prices for the pay items in accordance with industry averages. The contractors submit their bid as an overall percentage factor of the pricing established by the County. The project award evaluation is based upon the lowest percentage submitted by the responsive, responsible bidder for the project.

PWD staff submitted the referenced project to the Department of Business Development's (DBD) Review Committee. The Review Committee met on December 13, 2007, reviewed RPQ 20060346 and recommended no contract measures for this project. Therefore, on December 21, 2006, PWD issued an RPQ for a Traffic Signal Installation at SW 67 Avenue and SW 44 Street and forwarded it to a list of nine (9) pre-registered firms from the OCI database as noted above. Five (5) firms purchased contract documents and two (2) firms proffered a bid. On February 16, 2007 a negotiation meeting was held with the lowest bidder, AGC Electric, Inc. to lower their overall percentage factor. The meeting resulted in an overall percentage factor reduction of 0.10 from 1.28 to 1.18. As a result, on May 14, 2007, PWD issued a recommendation of award for RPQ 20060346 with a percentage factor of 1.18 to AGC Electric, Inc., with the stipulation that approval of this project must be obtained from the BCC and the CITT due to guidelines associated with the funding source.

The work to be accomplished for this project consists of, but is not limited to, furnishing all supervision, labor, required materials, equipment and tools to perform traffic signal installation including any ancillary work at the intersection of SW 67 Avenue and SW 44 Street. The contractor shall furnish and install the controller assembly, grounding electrodes, conduits, pull boxes, foundations, four (4) pedestrian signal heads and buttons with signs, overhead signs (Internally Illuminated LED signs), mounting hardware, signal cable, power cable and power services. Additional work to be performed includes installing two (2) vehicle detection loops, four (4) traffic signal poles, signage, new sidewalks, new pavement markings, and removing existing signs, old pavement markings and trees in conflict with the proposed work.

The work to be performed under the life of this contract includes traffic signal installation at the intersection of SW 67 Avenue and SW 44 Street, located within Commission District 7. The base contract amount is $198,078.48, but the total allocated amount is $225,891.59, which is inclusive of the contingency and dedicated allowances.

This letter will also serve as a reminder that all work must be performed according to the scope of work and contract's terms and conditions, all permits and inspections and in accordance with all applicable Federal, State and local laws, codes and regulations.

Further, it shall be understood that since proceeds from the Charter County Transit System Sales Surtax levied pursuant to Section 29.121 of the Code of Miami-Dade County may be used to pay for all or some part of the cost of this contract, no award of this contract shall be effective and thereby give rise to a contractual relationship with the County unless and until the following have occurred: 1) the County Commission awards the contract, and such award becomes final (either by expiration of 10 days after such award without veto by the Mayor, or by Commission override of a veto); and 2) either i) the Citizens' Independent Transportation Trust (CITT) has approved same, or ii) in response to the CITT's disapproval, the County Commission re-affirms its award by two-thirds (2/3) vote of the Commission's membership and such reaffirmation becomes final.
