Memorandum

MIAMI-DADE COUNTY

Supplement to
Agenda Item No. 8B(1)B

Date: July 10, 2007

To: Honorable Chairman Bruno A. Barreiro
and Members, Board of County Commissioners

From: George M. Burgess
County Manager

Subject: **Supplemental Information for Resolution Authorizing the County Mayor or His Designee, Pursuant to Section 2-9 of The Miami-Dade County Code, to Execute the Interlocal Agreement in the Approximate Amount of $3,000,000.00 Between the Miami-Dade County Public Schools and the Miami-Dade Community Action Agency to Provide Nutrition Services to the Head Start Program, Participating Afterschool Snack and Summer Meals Program Site; and Allowing the County Mayor or His Designee to Exercise an Option to Renew without Prior Commission Authorization**

This is supplemental information to Attachment 1 of Legistar number 072072 which was amended at the Economic Development and Human Services Committee (EDHS) of June 19, 2007.

As requested by Commissioner Sorenson, the original item was amended to include a menu which addresses the transfat issues discussed during the meeting of the EDHS Committee. The supplemental information provided includes the menus for the regular Head Start Program for the 2007-2008 school year, the menu for the Afterschool Snack Programs located at Miami-Dade County Public School sites and the 2008 Summer Meals Programs. These menus were inadvertently omitted from the attachment of both the original and the amended items. The menu for the Afterschool Snack Program located in non school sites has already been included in the amended item. All of the menus address the issue of transfat as discussed during the EDHS Committee. Miami-Dade Public Schools (MDPS) has verified that the vendors of the items purchased by MDPS state that the items are transfat free.

Assistant County Manager
Susanne M. Torriente
