Memorandum

MIAMI-DADE COUNTY

Date: September 14, 2004

GOE
Agenda Item No. 4(B)

To: Honorable Chairperson Barbara Carey-Shuler, Ed.D. and Members, Board of County Commissioners

From: George M. Burgess, County Manager

Subject: Resolution Ratifying the County Manager's Action in Authorizing Capital Improvement Contracts Pursuant to Ordinance No. 00-104 (Expedite Ordinance)

RECOMMENDATION

It is recommended that the Board adopt the attached resolution ratifying the County Manager's actions taken as of August 22, 2004 in expediting the capital improvement projects identified on the attached schedules (Exhibits "A" and "B").

BACKGROUND

Ordinance No. 00-104, known as the Expedite Ordinance, as amended, provides for expeditious treatment of professional service agreements and construction contracts associated with funded capital improvement projects identified in the approved annual capital budget (Proposed Capital Budget and Multi-Year Capital Plan) or projects subsequently included by a Board of County Commissioners (BCC) resolution.

The Office of Capital Improvements Construction Coordination (CICC) processed the 102 qualifying capital improvement project awards, change orders and amendments of construction and professional service agreements listed in Exhibits "A" and "B". Of the 82 awards listed on Exhibit "A", 63 represent two pool contracts managed by the Public Works Department: Soils, Foundations and Materials Testing Services (25) and General Land and Engineering Surveying Services (38). Also, a portion of the projects on Exhibits "A" and "B" represent items that were placed before the Governmental Operations and Environment Committee meeting of July 20, 2004 that could not be addressed prior to the summer recess due to time constraints. Exhibit "C" is a listing of descriptions for the abbreviations utilized on the Exhibits "A" and "B". The expedite process has greatly reduced the timeline to advertise solicitations and competitive bids, award qualifying projects design and construction contracts, and process change orders and amendments/modifications to professional service agreements, resulting in significant efficiencies in the implementation of those projects.

DERM states the following:
1. Upon approval of the Request to Advertise, DERM's engineering staff reviewed the engineering drawings (prepared originally by South Florida RC&D) and discovered calculation errors associated with the sediment quantities. DERM's engineering staff revised the quantities and initiated the public bidding.
2. Upon receipt of bids for this project, it was determined that American Environmental Contractors, Inc. submitted the lowest, responsive and responsible bid. DERM required written assurances from the Contractor's Surety Company that they were confident to provide the necessary bonds for this project.
3. A Letter of Assurance from the Surety Company was obtained and on March 30, 2004 the Department proceeded with the contract process.

Seaport Department states the following: Subsequent to RTA approval, Seaport met with CICC A&E Professional Services Division on July 28, 2003 to discuss scope of services. The A&E Division proposed certain modifications: Removal of Technical Category 10.01, Environmental Engineering - Stormwater Drainage Design Engineering Services and Technical Category 15.01, Surveying and Mapping. Project was re-submitted to Review Committee on August 20, 2003 because the six-month period had elapsed. Seaport met with CICC A&E Professional Services Division on September 1, 2003 to discuss scope of services. The A&E Unit requested that Seaport obtain an opinion from the Ethics Commission to determine if BEA International, Inc. and Bermello, Ajamil may re-apply on this new cruise terminal professional service agreement. The Ethics Commission rendered its opinion on September 16, 2003. Advertisement took place on December 26, 2003. Submittal of proposals was February 6, 2004 with the first tier meeting held on April 21, 2004. Negotiations concluded on June 18, 2004. Seaport received executed contract documents from consultant on July 15, 2004 and the Department proceeded with the contract process

Project encompasses 2 phases and consists of Design Phase Services ($43,108.00), Construction Phase Services and Construction of Phase 1 of the project ($2,014,970.10) for a total of $2,058,078.10, exclusive of Phase 2. Phase 2, estimated to cost $500,000.00, will include conversion of an existing play field into a multi-purpose lighted athletic field, construction of an additional baseball field and completing the walkway system. The Department has negotiated and hereby recommends the Guaranteed Maximum Price (GMP) from the contractor for the construction of Phase 1 pursuant to the terms Article 7, Section 7.1 of the contract. The original contract amount of $43,108.00 consists of the Design Phase only. Contracts documents required that the original award amount of $43,108.00 would be amended once a Guaranteed Maximum Price (GMP) was negotiated. This Negotiated Award Adjustment represents the negotiation results, which amends the original award from $43,108.00 to $2,058,078.10. The GMP includes the Phase I construction services including construction management, overhead and profit, bonds, insurance, permit, contingency and other allowances. The original Project Name was West Perrine Park - Enhancement and Redevelopment and was modified to Construction Manager @ Risk Services for West Perrine Park - Enhancement and Redevelopment, Phase 1 during the GMP negotiations.
