MEMORANDUM

MIAMI-DADE COUNTY

Date: April 21, 2009

To: Honorable Chairman Dennis C. Moss
and Members, Board of County Commissioners

Agenda Item No. 8(D)(1)(G)

From: George M. Burgess
County Manager

Subject: Contract Award Recommendation for Beach Re-nourishment Project - Project No: BEAR2-GOB-08 ESP; Contract No: BEAR2 in the amount of $2,433,887.50 to be Funded by the Building Better Communities General Obligation Bond (GOB) and the State Beach Erosion Grant for Beach Renourishment, to American Earth Movers, Inc.

This item was amended on March 10, 2009 at the Budget, Planning and Sustainability Committee to recommend award to American Earth Movers, Inc. Further clarification as to the Committee's decision is detailed within the explanation section of this item.

Recommendation

It is recommended that the Board of County Commissioners approve the Recommendation for Award for Construction Contract No. BEAR2 between American Earth Movers, Inc. and Miami-Dade County in the amount of $2,433,887.50. This award recommendation has been prepared by the Department of Environmental Resources Management (DERM) and is recommended for approval pursuant to Section 2-8.2.7 of the Code of Miami-Dade County. The work to be performed under this contract will occur within Commission Districts 4 and 5.

Delegation of Authority - The authority of the County Mayor or County Mayor's designee to execute and implement this contract is consistent with those authorities granted under the Code of Miami-Dade County. Additional delegation of authorities requested for this contract are as follows:

No additional authority is sought within the body of this contract.

Scope

PROJECT NAME: Beach Re-nourishment Project

PROJECT NO: BEAR2-GOB-08 ESP

CONTRACT NO: BEAR2

PROJECT DESCRIPTION: Complete beach renourishment projects for badly eroded portions of Miami-Dade County beaches. This includes the modification of the existing erosion control structures as well as the installation of offshore submerged erosion control structures.

This contract consists of providing equipment, labor, materials, and all

required project management assignments to replenish any lost or relocated sand, and/or make any necessary modifications or repairs to the existing beach erosion control structures as well as the installation of submerged offshore erosion control structures. The replenishment of sand will be performed at various locations from Government Cut through Sunny Isles.

Work assignments shall be shown in the Work Orders to be issued under the contract and may consist of, but not be limited to, dredging/barging of sand material from a designated borrow area, trucking of dredged material along the beach or from an approved upland source, and placement of sand via mechanical/hydraulic methods, or via truck hauls. This process includes placing and grading sand in accordance with approved permit conditions.

Work may also include the modification of the existing beach erosion control structures or the installation of submerged offshore erosion control structures. Contractor must be able to mobilize or respond within five (5) calendar days of receiving a work order on a non-emergency basis or within forty-eight (48) hours in case of an emergency assignment. This shall be an open contract for a set budgeted amount for a period of two years with provisions for the issuing of Work Orders on an "as needed basis". Each work order will describe the work to be performed by the Contractor. The County does not guarantee that the full contract amount or quantities will be issued under this contract.

SBD HISTORY OF VIOLATIONS: Yes-Report Attached
Exhibit 1: Goal Deficit Report - September 2nd, 2008 - Contractor has an open violation. SBD has advised us that they will not impede DERM from awarding this contract. Exhibit 2, Community Small Business Enterprise Make-up Plan (Approval dated November 20, 2008). Exhibit 3: Per the Compliance Agreement between Miami-Dade County and American Earth Movers, Inc. any awards or claims resulting from bids and/or proposals proffered by American Earth Movers, Inc on County contracts prior to December 2nd, 2008, shall be unaffected by the voluntary contractor suspension and such suspension shall not impede American Earth Movers, Inc.'s right to be awarded and perform such contracts.

EXPLANATION: The proposed beach renourishment contract is to be used to renourish areas of eroded beach between Government Cut and Sunny Isles. DERM performed a comprehensive analysis of topographic surveys and coastal volume modeling which is updated annually. This analysis has allowed DERM to determine the areas of beach that are in need of renourishment. Failure to restore the most severe beach erosional hot spots before the coming hurricane season may pose an immediate danger to public health and safety with potentially extensive damage to public and private property, and may cause other major environmental and economic impacts. This project is funded by the Building Better Communities General Obligation Bond and through reimbursement by the State Beach Erosion Grant.

This project is part of the Economic Stimulus Package. The Contract is being awarded for the budgeted and approved amount in accordance with the Request to Advertise approved on July 14th, 2008. The bid submitted by American Earth Movers Inc., includes a base bid of $2,212,625.00. A ten percent (10%) contingency is allocated to this project. The total amount of this contract including a ten percent (10%) contingency is $2,433.887.50. The Department understands that this bid is significantly lower than our estimate; however, very conservative figures were used to calculate the estimate. The contract included payment and performance bond language as well as

liquidated damages to protect the County's best interest. This is based on established quantities stated in the bid form of the document and were used as a determination of the lowest bidder and to establish competitive unit prices for this project. This is a unit price contract and the scope of work remains unchanged. Any remaining contract capacity will be used for additional work within the project's limits until the total expenditure of funds, or up to the contract's expiration date, whichever comes first. A review of the Capital Improvements Information System (CIIS) indicated that American Earth Movers Inc. has completed twenty-four (24) projects and has an overall average of 3.1 out of 4.0 on their project evaluations. The Department issued fifteen (15) bid packages; however, only one (1) bid was received.

This contractor, American Earth Movers, Inc., is listed on the Department of Small Business' (SBD) "Goal Deficit Make-up Report" dated September 2, 2008 as shown in Exhibit 1. Exhibit 2 shows the SBD approval letter of the Community Small Business Enterprise Make-Up Plan for Project No. BEAR–GOB-08 ESP, Beach Renourishment Project. Exhibit 3 shows the Compliance Agreement Between Miami-Dade County & American Earth Movers, Inc. Exhibit 4 shows the SBD Contract Measures Recommendations, and Exhibit 5 shows the Summary of Bids.

On January 22, 2009, the BCC followed the recommendation of the Transportation Committee and awarded a county contract for the Public Works Department to the second bidder based on a finding that American Earth Movers, Inc. was not a responsible bidder to do the contract work. Previously, on December 10, 2008, the Transportation Committee had rejected the award recommendation and directed the Public Works Department to negotiate the bid and ultimately award the project to the second bidder citing American Earth Movers, Inc.'s history with the CSBE program, violations, and documented non-compliance. To avoid a rejection for similar reasons, I recommended that all bids be rejected at the Budget, Planning and Sustainability (BPS) Committee of March 10, 2009 based on the Board's previous determination that AEM was not a responsible bidder.

At the BPS Committee of March 10, 2009, following a discussion of the Compliance Agreement entered into by American Earth Movers, Inc. of December 10, 2008 (Exhibit 3), and the need to expedite the projects to avoid exposing the eroded beach areas to more substantial damage, creating an undue hardship, and further compromising the County's ability to protect public health and safety, public and private property, and the environment, the Committee voted to amend the Manager's recommendation to award the contract to American Earth Movers, Inc.

This recommendation has been prepared to implement the Committee's amendment. The original resolution has been modified as needed to effect the Committee's amendment. Please see the supplemental report to this item that includes new information regarding the vendor.

BACKGROUND

On July 24th, 2007, the Board of County Commissioners adopted a resolution (R-882-07) directing the County Manager to obtain an independent assessment study and report concerning the performance of the existing beach erosion control structures at 32nd Street, in Miami Beach. The assessment study, completed in May 2008 was performed by the Florida Institute of Technology (F.I.T).

Among the recommendations provided by F.I.T. within their report was to install submerged offshore erosion control structures (breakwaters). The purpose of these structures is to reduce wave energy, thus, controlling the continual erosion conditions experienced in the area of the beach, south of the existing beach erosion control structures at 32nd Street.

In regards, to the proposed beach re-nourishment projects in the areas of eroded beach between Government Cut and Sunny Isles, DERM has performed a comprehensive analysis of topographic surveys that have been performed an annual comprehensive analysis of topographic surveys. This analysis has allowed DERM to determine the areas of beach that are in need of beach renourishment. Failure to restore the beach will cause major environmental and economic impacts.

Memorandum

Date: September 2, 2008

To: Department Directors

From: Penelope Townsley, Director
Department of Small Business Development

Subject: Goal Deficit Make-up Report

The Department of Small Business Development (SBD) is responsible for monitoring awarded contracts for compliance with the following programs: Community Small Business Enterprise (CSBE), §10-33.02 Code of Miami-Dade County; Community Business Enterprise (CBE), §2-10.4 Code of Miami-Dade County; and the Small Business Enterprise (SBE), §2-221 through §2-228 Code of Miami-Dade County. Pursuant to these programs, contractors who fail to achieve the CSBE, CBE or SBE measure on contracts must make up any deficits in these goals on future County work. The makeup amount is equal to double the dollar value of the deficit amount. Further, the aforementioned programs require that a make-up be made a condition of any new award.

Attached, is a summary of those firms that have a pending goal deficit make up. Please contact SBD prior to awarding a contract to any of these firms so that we can ensure that the make up requirements are met prior to award. Should you have any questions, please contact Alecia Anderson, Compliance Officer 2, Contract Review and Compliance Division, at (305) 375-3157.

RE: Community Small Business Enterprise Make-up Plan for Project No. BEAR-GOB-08, Beach Renourishment Project

Dear Mr. Munne:

The Department of Small Business Development (SBD) is in receipt of American Earth Movers, Inc.'s (AEM) plan dated November 5, 2008 requesting to make-up a portion of the current Community Small Business Enterprise (CSBE) participation deficit of $280,944 ($337,836 – $56,892) on Project No. BEAR-GOB-08, Beach Renourishment Project. Pursuant to the CSBE Program, §10-33.02, Code of Miami-Dade County hereinafter referred to as the Code, making up the deficit is the condition of any new award to AEM.

Project No. BEAR-GOB-08 has a 10% CSBE goal requirement. Based on the value of the base bid plus contingency of $2,433,887.50, CSBE participation should equal $243,388.70. AEM's make-up plan includes a Schedule of Intent Affidavit (SOI) with NTP Site Development, Inc. (NTP) listed to perform borrow excavation, loading, grading and placing sand work for 13%, 10% for the original CSBE goal and 3% for a portion of the make-up. NTP's total participation on this job will equal $316,405.31. Of this amount, $73,016.61 can be applied towards the CSBE make-up, resulting in a remaining make-up of $207,927.39 ($316,405.31 - $73,016.61) if all make up plans are achieved. The Department of Environmental Resources Management (DERM) has confirmed that there is sufficient work available on the project to achieve the increase in CSBE participation. Based on this information, a review of the files and discussions with the PWD project manager, AEM's CSBE make-up plan is hereby **approved**.

Pursuant to the Code, the certification of all firms being utilized to meet a CSBE measure must be valid at time of bid submittal, bid award and throughout the term of the contract. **Subcontracting CSBEs must perform a commercially useful function in the supply of services required for the fulfillment of the contract and cannot subcontract work further.** In the event that NTP is not able to

perform the scope of work intended to make up the goal deficit, AEM must take immediate action to request a substitution of NTP with another certified CSBE to perform the work and receive approval from SBD. Deviations from the SOI must receive prior approval from the Director of SBD. In order to review the subject project, a Monthly Utilization Report (MUR) is required to be submitted by the tenth of each month for the project for the duration of the project. The form should be completed indicating the current utilization of all firms listed on the SOIs.

Should you have any question regarding our determination, please contact Alice Hidalgo-Gato, Division Director, Contract Review and Compliance, at (305) 375-3153.

Sincerely,

Penelope Townsley
Director

In re: Contract No. VKRP-06-01
VIRGINIA KEY WETLANDS RESTORATION

COMPLIANCE AGREEMENT
BETWEEN MIAMI-DADE COUNTY AND
AMERICAN EARTH MOVERS, INC.

WHEREAS, Miami-Dade County and American Earth Movers, Inc. ("collectively "the Parties") entered into the subject contract on July 10, 2007 for the Virginia Key Wetlands Restoration Project; and,

WHEREAS, on May 22, 2007, American Earth Movers, Inc. (AEM) executed a Schedule of Intent Affidavit to subcontract with Pabon Engineering, Inc. (Pabon) to meet a 16% Community Small Business Enterprise (CSBE) goal on the subject project; and,

WHEREAS, on June 11, 2007, the Department of Small Business Development (SBD) approved AEM's plan for an additional 3% to makeup a portion of a deficit from Contract No. CCDR2, as a condition of the award of the referenced contract; and,

WHEREAS, on May 24, 2008, AEM was issued a Notice of Violation for not meeting the CSBE goal and make-up requirement applicable to the referenced contract; attempting to comply with CSBE requirements through misrepresentation, and not subcontracting with a CSBE to perform a commercially useful function; and,

WHEREAS, on June 18, 2008, AEM submitted a formal request to appeal said Notice of Violation; and,

WHEREAS, notwithstanding the parties' disputes as to the issues of fact and law and without making any admissions, the parties amicably resolve their

differences in connection with Project Nos. VKRP-06-01; and any and all other outstanding issues without further proceedings, and

WHEREAS, as part of this agreement AEM will withdraw its request to appeal the Notice of Violation on the referenced contract; and

WHEREAS, in consideration of mutual promises, covenants and all other provisions contemplated herein, the Parties stipulate and agree as follows:

WHEREAS, American Earth Movers does not dispute the above citings; and,

IT IS HEREBY STIPULATED AND AGREED:

1. American Earth Movers approached the County to voluntarily resolve all issues related to the referenced contract.

2. American Earth Movers, its principals, and qualifying agents agree to voluntary suspension for a period of exactly 6 months, which shall have commenced on December 2, 2008.

3. American Earth Movers further agrees that effective December 2, 2008 it shall not bid, propose, or otherwise participate on any new contracts with the County as either prime or sub-contractor for which a Community Small Business Enterprise measure has been applied for 6 months.

4. Any awards or claims resulting from bids and/or proposals proffered by AEM on County contracts prior to December 2, 2008, shall be unaffected by this voluntary suspension and such suspension shall not impede AEM's right to be awarded and perform such contracts.

5. AEM shall complete a goal deficit make-up in the amount of $756,500.00 on current and future contracts with Miami-Dade County until such deficit has been satisfied.

6. AEM agrees to utilize Community Small Business Enterprise firms on current or future contracts it may be awarded by any entity including those awarded by Miami-Dade County.

7. AEM agrees to participate in the Community Small Business Enterprise Mentor Protégé Program and hereby commits to a one-year mentorship commitment.

8. The Parties agree and state that no promise, inducement or agreement not expressly contained herein has been made, and that this Agreement contains the entire agreement between the Parties hereto, and that the terms of this Agreement are contractual and not a mere recital.

9. This Agreement shall become effective only upon approval by the County Mayor or the County Mayor's Designee.

DATED this 10 day of December, 2008.

Project Contract Title: MIAMI-DADE COUNTY BEACH EROSION AND RE-NOURISHMENT PROJECT (ESP 26)

Received Date: 03/13/2009

Committee Date:

Item No:

Project Contract No: BEAR2-GOB-08 ESP

Funding Source:

Department: DEPARTMENT OF ENVIRONMENTAL RESOURCES STATE GOB

Resubmittal Date(s):

Estimated Cost of Project Bid: $[illegible]

Description of Project Bid: [illegible]

Contract Measures Recommendation

Measure	Program	Goal Percent
Goal	CSBE	9.56%

Reasons for Recommendation

An analysis of the factors contained in Section VI C of Administrative Order 3-22 indicate that a 10% CSBE goal is appropriate for this project in the trade category of Site Preparation Contractors (including 9.56%).

The estimated cost of this project includes the base estimate plus contingency allowance.

This is an ESP project and is resubmitted due to a lapse in the 6 month time period for advertisement and to reflect a change in the project number and title.

CWP Not Applicable/ Not in DFA

Analysis for Recommendation of a Goal
