MIAMI-DADE COUNTY

Date: October 14, 2009

HCD
Agenda Item No. 3(A)

To: Honorable Chairman Dennis C. Moss
and Members, Board of County Commissioners

From: George M. Burgess
County Manager

Subject: Ratification of Amendment One of the 2007-2008 Interlocal Agreement between Miami-Dade County Public Schools and Miami-Dade County and Ratification of Amendment Two of the Interlocal Agreement Re: Nutrition Services for the County's Head Start/Early Head Start and Summer Food Service Programs 2009-2010

Recommendation

The Miami-Dade County Community Action Agency Board (CAA Board) recommends that the Board of County Commissioners (BCC) ratify Amendment One of the 2007-2008 Interlocal Agreement with the Miami-Dade County Public Schools (M-DCPS) for the provision of nutrition services for the County's Head Start/Early Head Start and Summer Food Service Programs for the 2008-2009 Program Year (Attachment A). Resolution 795-07 authorized the Mayor or Mayor's designee to execute the original Agreement with M-DCPS for the provision of nutrition services for the Head Start/Early Head Start and Summer Food Service Programs (Attachment B). The Agreement provided for the possibility of two (2) options to renew. Amendment One exercised the first option to renew clause of the Agreement. The ratification of Amendment One is necessary as it was inadvertently approved by staff without the BCC's prior authorization. The CAA Board also recommends that the BCC authorize the Mayor or Mayor's designee to execute Amendment Two of the Agreement for the 2009-2010 Program Year, in an amount not to exceed $2,585,855, in substantially the same form as Attachment C. Amendment Two exercises the final option to renew clause of the existing Interlocal Agreement.

Funding for these programs is provided by the United States Department of Agriculture (USDA) through the State Department of Education and Department of Health. The Miami-Dade County Code, Section 2-9, provides the authority to enter into contracts on behalf of the County with municipalities and other governmental units.

Scope

Miami-Dade County, through its Agreement with M-DCPS, provides meals to eligible, low-income children and families who are at or below 100% of the Federal Poverty Guidelines. Services are currently provided Countywide at the County-operated Head Start Centers and a number of Summer Food Service Program sites located throughout the County. In total, there are approximately 180 locations dispersed across the County. A listing of the proposed meal sites for the 2009-2010 contract year is provided as part of Attachment C. The number of summer meal sites is an approximation, as the sites for 2009-2010 have not yet been finalized.

In accordance with Federal Regulation 7 CFR §225.15(b) pertaining to Summer Food Service Programs, sponsor agencies, such as the County through its Community Action Agency (CAA), are required, to the maximum extent feasible, to utilize either its own food service facilities or obtain meals from a school food service facility. As the County does not have the facilities to provide these services at the volume required for operating these programs, this agreement is necessary.

Through this Agreement, the M-DCPS will provide approximately 303,000 meals and snacks to 576 children ages three to five in the County's Head Start/Early Head Start Program, and approximately 606,000 meals and snacks to 7,900 children ages three to eighteen through the various Summer Food Service Program sites. The cost per meal for the Head Start /Early Head Start Program is $1.25 for breakfast, $2.25 for lunch, and $0.75 for snacks. The cost per meal for the Summer Food Service Program is approximately $3.00 for lunch and $0.68 for snacks.

Fiscal Impact/Funding Source
There is no fiscal impact to the County as funding for these programs is provided by the USDA through the State Department of Education and the State Department of Health and this Agreement does not require matching funds from the County.

Track Record/Monitor
Since 1980, the County has contracted with the M-DCPS Nutrition Services Division for nutrition services. The history of this contractual relationship has been satisfactory. CAA will provide administrative oversight of this Agreement through the staff of the Head Start Nutrition Unit.

Background
Since 1965, the USDA has provided funding to Miami-Dade County to provide nutritious meals to low-income children ages three to five years participating in the Head Start/Early Head Start Program. The funding provided supports the direct operation of approximately 180 meal sites countywide at Head Start/Early Head Start and Summer Food Service Program locations throughout the County.

The Miami–Dade County Public Schools has had a long standing relationship with the County having provided Head Start/Early Head Start Program meals for more than twenty-five (25) years and meals for the Summer Food Service Program for the past eight (8) years.
