Subject: Ordinance Establishing Procedures for Providing Preference to Local Certified Service-Disabled Veteran Businesses in County Contracts

---

The proposed ordinance establishing a preference for local certified service-disabled veterans may have a fiscal impact that cannot be not easily quantified.

In accordance with Section 295.197 of Florida Statutes, the State certifies vendors as service-disabled and maintains a database of these vendors. Currently 76 businesses in the State are certified as service-disabled veterans, three of which are from Miami-Dade County and seven from Broward County.
