Agenda Item No. 5(B)

To: Honorable Chairman Dennis C. Moss and Members,
Board of County Commissioners

From: George M. Burgess
County Manager

Resolution No. R-148-09

Subject: Resolution Authorizing the Disbursement of \$8,000,000 from the Wetlands Trust Fund to the Environmentally Endangered Lands (EEL) Program for Land Acquisitions in the EEL South Dade Wetlands Project

Recommendation

It is recommended that the Board of County Commissioners (BCC) approve the attached resolution to authorize the disbursement of \$8,000,000 from the Wetlands Trust Fund to the EEL Program for land acquisitions in the EEL South Dade Wetlands Project for the reasons set forth below.

Scope

The properties to be acquired from willing sellers are located in the EEL South Dade Wetlands Project, which is located in County Commission District 9 (Commissioner Moss).

Fiscal Impact/Funding Source

Not applicable.

Track Record/Monitor

Not applicable.

Background

In July 1985, the BCC expanded the Urban Development Boundary to include 1,600 acres of wetlands within the Bird Drive Everglades and the North Trail Wetlands Basins. In 1992, the BCC established the Wetlands Trust Fund and executed interagency agreements with federal and state environmental agencies for the collection of monetary contributions by developers as mitigation for impacts within the Bird Drive Everglades and the North Trail Wetland Basins.

Pursuant to Section 24-37 of the County Code, funds in the Wetlands Trust Fund can only be disbursed for the purposes of acquisition, restoration, enhancement, management or monitoring of wetland properties in southeast Florida. Disbursements from the fund are collectively agreed upon by the Special Area Management Plan (SAMP) Implementation Committee, which is comprised of the US Army Corps of Engineers, the US Fish and Wildlife Service, the Florida Department of Environmental Protection, the Florida Game and Fresh Water Fish Commission, the South Florida Water Management District and the Miami-Dade Department of Environmental Resources Management. Wetlands Trust Fund disbursements to be used for land acquisitions also require approval by the BCC following a public hearing.

On August 28, 2008, the SAMP Implementation Committee met and unanimously approved the \$8,000,000 proposal to acquire listed wetlands in Miami-Dade County with funds from the Wetlands Trust Fund. Once approved by the BCC, these funds will provide up to 50% of the costs for land acquisition from willing sellers within the EEL South Dade Wetlands Project (see Attachment A) that will contribute to the goal of restoring the greater Everglades ecosystem. Allowable costs include land costs, environmental audits, title insurance, surveys, and other costs associated with the EEL Program's due diligence for such acquisitions. These funds may be used for the purchase of parcels recently approved for acquisition by the BCC.
