Subject: Additional Information on Legislation Related to the Building Better Communities General Obligation Bond Program Project – Amelia Earhart Park

---

The following report provides detailed information about the fiscal impact to the Building Better Communities General Obligation Bond (BBC GOB) program as it relates to the item associated with the Amelia Earhart Park Project.

The item allocates funding in the amount of $327,196 from BCC GOB Project No. 45-70155 – "Amelia Earhart Park" that will be used a match amount for the grant application to the Florida Department of Environmental Protection Office of Greenways and Trails Recreational Trails Program (RTP) for $200,000. As directed at the Second Budget Hearing, I will not execute any new BBC GOB contracts until the Board has reached consensus on the final list of BBC GOB projects. However, because the RTP is a matching grant program, approval of this item is needed since RTP grant dollars are at stake and vital to the overall project.
