# Memorandum

MIAMI-DADE COUNTY

**Date:** July 7, 2011

**To:** Honorable Chairman Joe A. Martinez
and Members, Board of County Commissioners

Agenda Item No. 8(P)(1)(C)

**From:** Alina T. Hudak
County Manager

Resolution No. R-548-11

**Subject:** Contract Award Recommendation in the Amount of $297,659.84 to Brailly Electric Corp. for the People's Transportation Plan Project Entitled Internally Illuminated Street Name Sign Contract - Countywide (Project MCC 7040 Plan - CICC 7040-0/07 Request for Price Quotation No. 20110037) and Authorizing the Use of Charter County Transportation Surtax Funds

---

**Recommendation**

The attached Contract Award Recommendation for the People's Transportation Plan (PTP) Internally Illuminated Street Name Sign Contract - Countywide in the amount of $297,659.84 between Brailly Electric Corp. and Miami-Dade County has been prepared by the Public Works Department (PWD) and is recommended for approval. Proceeds from the Charter County Transportation System Sales Surtax (Surtax) will be used to fund this project; therefore, review by the Citizens' Independent Transportation Trust (CITT) and approval by the Board of County Commissioners (BCC) is required.

**Scope**

The work to be performed under the life of this contract includes the installation of illuminated street name signs at various locations within Miami-Dade County.

**Fiscal Impact/Funding Source**

The fiscal impact will be approximately $297,659.84 and will be funded from Surtax funds.

The funding index code for this project is CPEPTP400SGN.99111, as programmed within the adopted FY 2010-11 Capital Budget. The proposed improvements qualify under the allowable work categories included in the PTP Neighborhood Improvements Section. Specific funding for traffic signs is included under Traffic Signals and Signs Operations in the PTP Countywide Neighborhood Improvements. The base contract amount is $254,607.00, but the total allocated amount is $297,659.84, which is inclusive of the contingency and dedicated allowances. No additional fiscal impact to operations or maintenance is anticipated in association with this contract.

**Delegation of Authority**

No additional authority is being requested within the body of this contract.

**Track Record/Monitor**

Throughout all PTP projects, the responsible staff person in PWD will be the PTP Coordinator, Mr. Frank Aira, P.E. Following completion of the award process, the project will be assigned to Mr. Oscar Rubio, Project Manager (also known as the Engineer), for day to day responsibilities.

Brailly Electric Corp. is currently performing work for PWD at an above satisfactory level as reported by the Project Manager. PWD has reviewed the Office of Capital Improvements database and found ten awarded construction contracts and seven contractor performance evaluations with an overall performance rating of above satisfactory performance (3.9) out of a possible superior performance (4.0) rating. The Department of Small Business Development's History of Violation's report lists no violations for this contractor.

Following PWD's standard operating procedures, after award of this contract, a pre-construction meeting will be scheduled.

According to the Florida Department of State, Division of Corporations, Brailly Electric Corp., Company Principals are Hector N. Brailly and Guillermo J. Brailly and the Company's address is listed as 10000 East Calusa Club Drive, Miami, Florida 33186.

**Background**

The work to be accomplished for this project consists of, but is not limited to, furnishing all supervision, labor, required materials, tools and equipments required to provide the installation of internally illuminated street name signs at designated sites within Miami-Dade County. The work includes the removal of existing overhead signs, relocation of existing signal heads, and tree trimming in conflict with the proposed scope of work as directed by the Engineer. Brailly Electric Corp. shall keep the Engineer informed at all times of his work schedule, in order for the project to be inspected during all phases of installation, including wire splicing, installation of conductors and any work involving the electrical connections at the controller cabinet.

In an effort to carry on the success of the PTP Neighborhood Improvements initiative, PWD continues to take advantage of various contracting mechanisms such as the subject Miscellaneous Construction Contracting (MCC) process available under the MCC 7040 Program. Through this process, PWD forwards the RPQ, by way of facsimile transmission, to a pool of pre-qualified Community Small Business Enterprise (CSBE) contractors for the subject trade. Additionally, PWD advertises the project in the *Daily Business Review* and all solicitations are available on-line through the Miami-Dade County portal under the "Procurement Solicitations" link. The project award evaluation is based upon the lowest sum bid submitted by the responsive, responsible bidder for the project.

PWD staff determined that the scope of work for this project qualified for a CSBE set-aside (Levels I, II, and III) designation. In addition, the Community Workforce Program (CWP) has been established for this project. Several work locations fall within a Designated Target Area (DTA) and are subject to a 13.1 percent CWP Goal.

On March 16, 2011, PWD forwarded an RPQ for the PTP Internally Illuminated Street Name Sign Contract - Countywide, utilizing the OCI contract MCC 7040 Plan - CICC 7040-0/07, to a list of 30 pre-qualified firms. A total of five firms purchased contract documents and four firms proffered a bid. On April 20, 2011, Brailly Electric Corp. proffered the lowest responsive, responsible base bid of $254,607.00, 10 percent below the County's cost estimate; the second lowest bidder, Florida Sol Systems, Inc. proffered a base bid of $286,394.10, 13 percent over the lowest bidder; the third lowest bidder, System Integration and Maintenance, Inc. proffered a base bid of $291,415.00, two percent over the second lowest bidder. As a result, on April 26, 2011, PWD issued a recommendation of award for RPQ No. 20110037 to Brailly Electric Corp., with the stipulation that approval of this project must be obtained from the CITT and the BCC due to guidelines associated with the funding source.

Re: **Recommendation for Award**
Request for Price Quotation (RPQ) No. 20110037 – MCC 7040 Plan – CICC 7040-0/07
People's Transportation Plan (PTP) Internally Illuminated Street Name Sign

Dear Mr. Brailly:

This letter will serve as your notification that you have been recommended for award for the above referenced RPQ based on your Price Quotation submitted on Wednesday, April 20, 2011. The total RPQ amount is for two hundred ninety-seven thousand six hundred fifty-nine dollars and eighty-four cents ($297,659.84). This includes a base contract amount of two hundred fifty-four thousand six hundred seven dollars and zero cents ($254,607.00), a contingency amount of twenty-five thousand four hundred sixty dollars and seventy cents ($25,460.70), and dedicated allowances totaling seventeen thousand five hundred ninety-two dollars and fourteen cents ($17,592.14). The contract duration is established as **150-calendar days**. However, the recommendation of award is contingent upon the submission of the required items listed below:

1. Performance and Payment Bond as required in Contract No. MCC 7040 Plan, Section 2.0 Special Conditions, Page 16, Article 2.11, **PERFORMANCE AND PAYMENT BOND**. (The **original attached documents** must be used and three (3) sets must be provided).
2. Letter from Bonding Agent granting Miami-Dade County authorization to date the Performance Bond.
3. Copies of current insurance certificates.
4. Copies of required license(s).
5. Submit Workforce Plan to the issuing/user department within fifteen (15) days of Notice of Award for project specific and within fifteen (15) days from Notice to proceed for work orders.

The preceding documents are required as outlined within Contract MCC 7040 Plan and to be submitted within 10 business days. Failure to submit the document(s) within the specified time, or any extension granted, will result in the award being rescinded.

Subsequent to the review and approval of the aforementioned documents, you are required to obtain the required permits in the time stipulated in the RPQ. Upon obtaining the permit(s), a copy(s) must be submitted to the Project Manager prior to commencement of work.

No work is to be performed without a permit unless the Project Manager issues a written directive to proceed without permit(s). This letter will also serve as a reminder that all work must be performed according to the scope of work and contract's terms and conditions, all permits and inspections and in accordance with all applicable Federal, State and local laws, codes and regulations.

Additionally, this contract, along with any future contracts awarded to your firm, have very similar completion schedules and competing deadlines. Please be advised that your firm must have the resources to ensure work proceeds without delay once the "Notice to Proceed" is issued. This will result in your firm working on multiple contracts concurrently. Lack of equipment and/or personnel will not be reason for delay.

Further, it shall be understood that since proceeds from the Charter County Transportation System Sales Surtax levied pursuant to Section 29.121 of the Code of Miami-Dade County may be used to pay for all or some part of the cost of this contract, no award of this contract shall be effective and thereby give rise to a contractual relationship with the County unless and until the Citizens' Independent Transportation Trust (CITT) and the County Commission have approved the award of the contract, and such award becomes final (either by expiration of 10 days after such award without veto by the Mayor, or by Commission override of a veto).

**Please contact Mr. Ultimo De Oliveira, OCI office, at (305) 375-5265 to insure that your file is complete for award consideration.** Should you have any questions please contact me at (305) 375-2930.
