Subject: CSBE Compliance Review
Project No. 20100678, People's Transportation Plan (PTP) Roadway Improvements along SW 157th Avenue from SW 184th Street to SW 152nd Street

---

Small Business Development (SBD), under Business Affairs, a Division of the Department of Regulatory and Economic Resources has completed its review of the subject project for compliance with the Community Small Business Enterprise (CSBE) Program for Construction Services. The contract measure established for this project is a 17.75% Community Small Business Enterprise (CSBE) goal.

The Contracts & Specifications Section of the Public Works and Waste Management Department (PWWMD) has submitted bid documents from Williams Paving Co., Inc. (#1), Quality Paving Corp. (#2), and The Redland Co., (#3) for compliance review. Following is the pre-award compliance status and summary.

STATUS:

1. Williams Paving Co., Inc.	Compliant
2. Quality Paving Corp.	Compliant
3. The Redland Co.	Compliant

SUMMARY:

Williams Paving Co., Inc. (#1), submitted the required Schedule of Intent (SOI) Affidavits committing to utilize the following CSBE certified firms: Bennett Electric Service Co., Inc. to perform street lighting work at 8.15%; J &M Parking Lot Maintenance to perform pavement markings and signage at 1.5%; and Pilome Engineering, Inc. to perform drainage work at 10.2%. Each subcontractor signed its respective SOI Affidavit in agreement with the information listed. Williams Paving Co., Inc. is in compliance with the Implementing Order for the CSBE Program for the purchase of Construction Services.

Quality Paving Corp. (#2), a certified CSBE firm, submitted the required SOI Affidavit committing to perform concrete and pavement work with its own forces at 7%. SOI Affidavits were also submitted that listed utilize the following CSBE certified firms: Florida City Engineering Construction to perform concrete curbs and sidewalk work at 7% and Florida Sol Systems to perform electrical work at 9%. Each subcontractor signed its respective SOI Affidavit in agreement with the information listed. Quality Paving Corp. is in compliance with the Implementing Order for the CSBE Program for the purchase of Construction Services. However, Florida Sol System was issued a violation on March 13, 2013 for BP No. 67 which remains open. As such, if PWWMD recommends Quality Paving Corp. for award of this contract, Quality Paving Corp. will be required to submit a new CSBE Subcontractor to replace Florida Sol System to remain compliant with this project's CSBE subcontractor goal requirement.

The Redland Company, Inc. (#3), submitted the required SOI Affidavits committing to utilize the following CSBE certified firms: Hi-Tech Concrete to perform concrete work at 8.67%; Kailas Corp. to perform drainage

work at 4% and Bennett Electric Service Co., Inc. to perform street lighting work at 7.17%. Each subcontractor signed its respective SOI Affidavit in agreement with the information listed. The Redland Company, Inc. is in compliance with the Implementing Order for the CSBE Program for the purchase of Construction Services.

SBD has verified that none of the aforementioned firms are listed on the Goal Deficit Make-Up Report as of May 1, 2013. Please note that SBD staff reviewed and addressed compliance with the CSBE program. The Contracts & Specifications Section of the PWWMD is responsible for any other issues that may exist.

Background:

Pursuant to Section 2-8.1 of the Miami-Dade County Code of Ordinances, a Request to Advertise (RTA) for this Project was previously approved on two (2) separate occasions, specifically on November 24, 2010 and April 23, 2012. Subsequent to the first RTA approval, the CITT requested updated traffic studies in order to evaluate whether the project should move forward at that time. The delays caused by this request also impacted the finalizing of the project's design. The second RTA was submitted in anticipation of the completion of all right-of-way acquisitions and the final design for the project. However, the final design included increases in quantities for a number of roadway construction items, resulting in an increase to the project's cost estimate from $9,488,906.00 to $10,091,697.00. Therefore, this RTA requests approval for advertisement based on the new cost estimate for the project.

This project is listed as a PTP Board Requested Major Roadway and Neighborhood Improvement Project in Commission District 9. This project will complete SW 157 Avenue as a four lane road, from SW 184 Street to SW 152 Street, thereby providing consistency and continuity along this vital north-south corridor. In addition, the widening will provide capacity for future traffic demands in the southwest area of Miami-Dade County.
