The Honorable Dennis C. Moss
Miami-Dade County Commissioner
District-9
111 N.W. First Street, Suite-320
Miami, Florida 33128

To. For,

Dear Sir:

The Retirees of Richmond Heights, Inc. are seeking funds to continue its Intergenerational Mentoring Program. At Richmond Heights Middle School and Dorothy M. Wallace Cope Center. The purpose of the program is to prevent young males and females whose behavior has placed them at-risk of becoming involved in delinquent or criminal activities. By re-channeling negative attitudes into constructive energy these Students will have the opportunity to develop positive attitudes and build self-esteem.

We are requesting a total of $15, 000.00 to fund this project for the funding cycle 2008-2009. If you have any questions or additional information is required please contact me at the above telephone number or or fax your request to me at 305-969-9102. Thank you for your consideration of the submission of this request.

Respectfully Yours
Charles E. Blakely Sr.
President

October 3, 2007

Commissioner Dennis C. Moss
District 9
Stephen P. Cark Center
111 NW 1st Street Suite 320
Miami, Fl. 33128

Dear Commissioner Moss,

It has almost been a year we started the Redland Tropical Trail, and had our ribbon cutting ceremony at R.F. Orchards in the Redland's. We are planning our "Christmas on the Trail" promotion. For
We will promote agricultural products, including heritage such as arts and crafts, music, and food from the Redland area. All 9 locations from the Trail will be involved. The promotion will start Thanksgiving weekend and will end on Dec.3rd one week before the "Christmas on the Trail" Christmas party, Saturday December 5thth from 5:30 to 11 pm. We will send you a special invitation the middle of November.

A year ago you pledged the Redland Tropical Trail financial support. For this advertising campaign to promote Christmas on the trail we would like to request $10,000 or any amount you can support us with. We are not ~~greedy but~~ we are needy.
We raised ourselves and contributed as a group $30,000 for the 2007 & 2008 budget.
With this financial support we will be able to reach more people, to teach and promote the Redland agricultural and local areas, during this key time. We apologies for the shortness of time, but we will need to have an answer in two weeks.

I look forward to seeing you at the "Christmas on the Trail" party.

Sincerely,
Peter Schnebly
President

Educational scholarship fund

#485

October 3, 2007

Commissioner Dennis Moss
District 9

Miami Dade Transit

Dear Commissioner Moss:

In an effort to raise additional funds for our Educational Scholarship Fund, The National Association of The Bahamas-Miami Chapter will host a Dine & Dash Event on Saturday, November 10th, 2006.

FOR

The National Association of The Bahamas is a 501 (c) (3) non-profit organization consisting of Bahamians, Friends of The Bahamas and Floridians of Bahamian descent residing in South Florida. One of the Association's primary fund raiser goals is to render assistance to Bahamian scholars in need, and reaching out to the less fortunate in the local communities.

This special evening will feature a fun bus ride with four stops in the Miami-Dade area. The first stop will consist of Cocktails and Appetizers, the second stop will feature Soup & Salads, the third stop The Entree while the fourth stop will offer Desserts and dancing.

We are requesting your support by sponsoring a55-60 seater bus for this event..

If you are able to assist, please contact Rosie Gomez at (954) 888-1113.

Thank you very much for your support.

Yours Sincerely,

Rosamon L. Gomez
President

Form W-9
(Rev. January 2003)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Give form to the requester. Do not send to the IRS.

Print or type
See Specific Instructions on page 2.

Name
The National Association of The Bahamas

Business name, if different from above

Check appropriate box: ☐ Individual/ Sole proprietor ☐ Corporation ☐ Partnership ☐ Other ▶ Association ☑ Exempt from backup withholding

Address (number, street, and apt. or suite no.)
1200 S. Pine Island Road, Suite 750

Requester's name and address (optional)
Rosamon Gomez
11260 SW 139 Street
Miami, Florida

City, state, and ZIP code
Plantation, Florida 33324

List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see How to get a TIN on page 3.

Social security number

Or

Employer identification number
6	5	0	5	2	5	8	5	0

Note: *If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.*

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
3. I am a U.S. person (including a U.S. resident alien).

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the Certification, but you must provide your correct TIN. (See the instructions on page 4.)

Sign Here — Signature of U.S. person ▶ [signature] Date ▶ 10/17/07

Purpose of Form

A person who is required to file an information return with the IRS, must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

U.S. person. Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee.

Note: If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Foreign person. If you are a foreign person, use the appropriate Form W-8 (see Pub. 515, Withholding of Tax on Nonresident Aliens and Foreign Entities).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the recipient has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement that specifies the following five items:

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

MIAMI, FL 33157
PH: 305-969-6195

FX: 305-234-4774

My Dear Friends,

Again, as in the past 10 years or so, I am asking for your help and the help of other friends, to support my most rewarding service project. The project mentioned being the "Dodge City Annual Christmas Party" for kids.

The party is absolutely FREE to all kids. Kids from inner-city projects, foster homes, various clubs, groups, churches, schools, and anyone alse we can reach are invited. The attendance has been over 3,000 in the past but our goal this year is to have at least 5,000 kids come out and enjoy the festivities.

Volunteers from various schools, Girls and Boys Scouts, and service groups donate their time and efforts on the day of the event. The Knights of Columbus, Kiwanis of Miami, Kiwanis of Miami-Latin, and C.H.C. continue to provide funds and timely work hours. However, we still need more support to reach our goals to make this our BIGGEST and BEST event ever.

I need, as in the past, your financial support to bring more smiles and joy to these special guests this holiday season. Contributions can be made payable to any of the organizations listed above, as all are 501 c-3, or you can send them in care of me at the address at the top of this letter, or to Dodge City Picnics directly at 16330 S.W. 147 Ave, Miami, Fl. 33187.

Please feel free to contact me with any questions or further information. Also please let me know if there may be any groups we may have missed to invite or anyone else who may be interested in supporting this project. Thank you so much for all your assistance. Every effort is truly appreciated.

Sincerely,

John "Dig" Welsh

"Helping Citizens in Our Community Daily"

September 17, 2007

The Honorable Commissioner Dennis C. Moss
111 N W 1st Street
Miami Florida 33157

Dear Commissioner Moss

We are writing this letter to earnestly solicit your continued financial support of the Richmond Heights Homeowners Association & Neighborhood Resource Center and "The Responding to Basic Needs by a Reduction In Poverty and Hunger" program. The program as you know has been quite successful in the community, has assisted many individuals and their families. Commissioner Moss, we are both honored and privileged to have been recipients of the funds and the positive results it has had on our community and surrounding communities as well.

Specifically funds received have allowed that organization to assist many in the areas of food, health, education, information, transportation, disaster, and more. This center and Homeowners Association will continue to fulfill the need and services of the Richmond Heights and surrounding communities, but in order to do so we need the funding to continue. We need your assistance in support in assuring that the Special Appropriation Grant Contract in the amount of $50,000.00 to $60,000.00 is continued.

The Richmond Heights Association & Resource Center thanks you and our community thanks you for your assistance and endeavors in this urgent matter. Also, please visit our website at: www.richmondheightsresourcecenter.com.

Sincerely,

James L. Marshall

Sharon Morris Aaron, M.S.W.

Office

Director
Victim Advocacy Center
Florida International University
University Park, Miami, FL
(305) 348-1215
email: sharon.aaron@fiu.edu

Education

Master of Social Work
(Summa Cum Laude)
Focus: Families and Children
Barry University
Miami, Florida
December, 1995

Bachelor of Arts
(Summa Cum Laude)
Psychology/Politics & Public Affairs
University of Miami
Coral Gables, Florida
May, 1978

Honorable Mention

National Academy of Sciences: Frontiers of Research on Children, Youth and Families, National Research Council: Research Proposal for the Dependency Court Intervention Program for Family Violence, 1997.

Current Position

April, 2001 – present — Director, Victim Advocacy Center
Florida International University

Responsible for Center's annual goals, programs, services, staff supervision, budget preparation and monitoring, grant writing and administration. The Center's mission is to provide assistance to individuals who have been victimized through threatened or actual violence and to promote the healing process. In addition, the Center provides prevention education and programs to promote personal safety and healthy relationships. Through practice experience and research, the Center aims to contribute to the body of knowledge and influence public policy regarding issues related to victimization.

Past Experience

January, 2000 – May 2004 — Program Director/Consultant
PAiiRS Program/Safespace Shelter of Dade County, Inc.
(Preventing Abuse In Intimate Partner Relationships)
Centers for Disease Control and Prevention
National Demonstration Project $1.5 million

Program Director. Author of grant and member of team collaborative effort to design program and enlist community input and support. Awarded to Safespace Shelter of Dade County, Inc., the three-year $1.5 million initiative aimed to identify prevalence of domestic violence in health care settings, and includes primary, secondary and tertiary prevention interventions and an evaluation component with a comparison site in Palm Beach County. Specifically, PAiiRS goals included: (1) establishing incidence and prevalence of domestic violence in target and comparison populations; (2) expanding existing primary prevention and intervention efforts in target community; (3) evaluating effectiveness of those efforts; and (4) expanding existing domestic violence coalition in target community, with specific outreach and domestic violence prevention training programs for health care system members, including emergency room department, local health clinics and emergency medical technicians.

March, 1997 – March 2005 Dependency Court Intervention Program For Family Violence
U.S. Dept. of Justice National Demonstration Project - $2.7 million

Served as consultant to Grant team: January, 2000 – March, 2005. (end of project period)

Member of original team that developed proposal, designed project, and implemented program aimed at identifying and intervening in cases of co-occurring domestic violence and child maltreatment, with particular emphasis on providing comprehensive services to help battered mothers overcome the effects of their victimization so that mothers and children could stay safe and together.

Designed clinical intensive case management advocacy model, recruited and supervised advocacy staff.
Responsibilities included supervision of advocate staff, coordination of service delivery, provision of direct services to battered women (i.e., outreach identification of battered women in child protection system, including dependency court; crisis intervention; counseling; systems advocacy; information and referral); monitoring case practice for adherence to protocol, collection of data, trouble-shooting and other administrative tasks, including weekly interdisciplinary core team meetings, regular staff meetings, project lead staff and project partners meetings, and community resources networking.

Served as Assistant Director August, 1998 - December, 1999, and Interim Director June - August, 2000. Responsibilities included management and development of continuation phase, budget preparation and management, grant administration and reports preparation, advisor to Advocate Supervisor, community liaison, local and national presentations, collaboration to develop and write journal articles, conducting site visits, organization of community-wide conference.

July - December, 1999 Consultant to Safespace Shelter of Dade County, Inc.
Operation SafeZones
Strategic Planning Grant funded by Allegany Franciscan Foundation

Collaborative effort with City of Miami Police Department and Miami-Dade County Public Schools to develop strategic plan for violence prevention and enhancement of community coordination and collaboration among systems. Collected data from target feeder pattern schools, produced reports, planned SafeZone teams for each school with representatives from school administration, police, guidance, teaching, security, janitorial staff, as well city police, parent, student and local business representatives. SafeZones teams identify areas of concern, set goals, and leverage resources to enhance safety for students and families from school to street to home.

February, 1996 - February, 1997 Domestic Violence Intervention Program
Mailman Center for Child Development
University of Miami School of Medicine
Dept. of Pediatrics, Social Work Division

Program Consultant. Assisted in administration of domestic violence intervention program for battered women and child witnesses of domestic violence, including preparation of grant proposals, and grant administration. Developed and produced informational program brochure, supported by Children and Maternal Health grant. Authored and administered Victims of Crime Act (VOCA) grant.

Re: Curley's House of Style, Inc.
RFP 2008-12 5 Year Consolidated Plan
CDBG Funds $300,000 per year

Dear Commissioner Edmondson,

Thank you for all of your support in our past endeavors. Curley's House of Style, Inc. is requesting your assistance in helping us get funding from the CDBG funds in the economic development category. We feed over 8,000 low-to-moderate income families in all 13 districts of Dade. We followed the RFP process and scored "0". We were classified as Social Service, but requested funds under the Economic Development Category. We can immediately employ 10 to 15 persons, thereby relieving poverty.

We were under the impression that if we could provide job creation and training we would qualify for capital expansion under the Economic Development Arm. We were not provided technical assistance in help with this proposal other than from Ms. Renita Holmes.

The Model City CAC has recommended our organization as the Food Bank for Disaster Relief.

We would also like to be considered for any recaptured funds. We are once again thanking you for your previous support and looking forward to your attention in this matter.

Yours truly,

LaVerne P. Holliday
Administrative Assistant

November 4, 2007

RE: FINAL DRAFT: Request Funding and Support for Application RFA 2008 Section 3

Dear Commissioner(s),

We are writing you this formal letter to humbly request your help and support for R. Holmes Business and Property Service, Inc/ O.U. R. Homes Business and Support Services application for funding in RFA 2007, and 2008 funding process, in the mount of $70,000.00 *We were deemed non responsive w/out fair process.*

WE are recommended by the by the Model City/OCED CAC board, for both 2007, and 2008 process of the non-discriminatory funds. To this date the recapturing and reallocation of these funds has not yet been resolved in to capital resources for use and support as of yet.

We have provided exceptional and culturally proficient business and support services to grass-roots community based organizations, businesses, programs, and projects, particularly Section 3 in our fair urban community of Model Cities. Our programming and services are open to all whom seek help in taking there business or properties to the next level from low-to-moderate ownership or development.

We serve not-for-profit and for profit organizations in developing their concepts and strategies, as well as their documentation through out seemingly difficult process disparately go through. Representing and assisting in job creation opportunities for others and ourselves, Section 3 and Indigenous businesses and owners that are historically underserved for lack of wholistic application, access, outreach, and education that accommodates our cultures and communities are a major target for service and have many years of service and partnership experience and expertise services. (See attached).

Currently we are serving over 15 of our local businesses and CBO's as well as some other citizens boards as clientele. We are recipients of City funds however in order to expand our efforts we need your help.

We are a Section 3 business located at the Empowerment Incubator Space located at MLKEDC Empowerment in the NRSA now under the attack of those things that we have overcome thus far the impediments and unfairness of the issues encompassed in the lack of grass-roots technical assistance and capacity building services inclusive of professional services developing business and networks and supportive services to agencies and properties of the low-to moderate and grass-roots community.

WE provide numerous in-kind and services for years and grew from public housing in-spite of many impediments that citizens of CBO urban communities incur at a enormous failing rate. Many whom are lacking in access to public pools and may never receive these accountable services for lack of culturally appropriate networking and partnership.

Please assist us in assisting other get through these time and situation by providing the support we need for 2 (paid) jobs and expenses that will assist multiple other CBO in leveraging and perpetuating the development of other resources.

Perhaps we would be also be able to access some of the alternative funds as well and services. We are always looking forward to partnerships and collaborations it is a standard practice of ours as Section 3, grass-root CBO, merchants and property owners and developers, etc.

We appreciate you support in the past and present times. Feel free, to call upon us in the building of our urban communities and corridors.

Thank you in advance for your help and consideration as our leaders and monitors of performance and policies.

Respectfully,

Madame Renita Holmes, Executive Director
R. Holmes Business and Property Services

RE: Comments Complaint Consolidated Planning Process 2007-2008. Community Participation, Issues, and Concerns- Community Report attached. FINAL DRAFT

Dear Mr. Jose Cintron,

This is in response, and actual experience in reference to community attempts and efforts interact, be involved, and participate in the community planning and development process of Miami Dade County 2007, 2008 Consolidated and 5 year Action Plan.

And in regards to my constant efforts and as a registered, subject, lobbyist. I would like to share some observations and concerns of the consensus of women and families in our specific N.R.S.A.'s. And as an experienced business woman and resident.

As a local organization serving indigent women and households, and as a woman of color whom had participated and is sustaining within this demographic profile, track of section 3 residents and business owners I would like to offer to you the collective and organized facts, thoughts, experiences, and complaints of unfairness, lack of access, and in accountable practices.

Unless considered these economic injustices will continue to cause remedies of targeted funds and resources to circumvent entitlement constituents, residents, business owners and service providers in hard to reach blocks and tracks of underserved and overlooked populations of indigenous women and families.

Our mission of WAAIVE is to assist women and children, families that experiences compounded socioeconomic factors of discrimination, oppression, and crime. And so our historical experiences and efforts are the result of these factors we share with you. And while this is a collective of facts, perceptions, and consensus we are in hopes that you recognized the priority of or conveyance to over-seers, and protectors of those needs for remedy. We grew from public housing and homelessness to empowering and organizing the same to become home builders.

As Administrators and Fiduciary guardians we ask that you reply this information with solutions and requests to follow.

The RFA process evaluation and summaries process was unfair. Many deemed non-responsive from our NRSA Model City neighborhoods. I was given no thorough written evaluation, and seemed as if Ms. Raymond wanted to boot me out. The sheet does not reflect enough substantiating information to simply be given a nugatory status.

And it seems that this force of vagueness left no tracking data as to why the biasness leans toward all of effected by the lack of access to good technical assistance and capacity services from OCED as well as contracted performers or non-performers. A Shut down of facility, lacking empowering structure or funds due to.....ment.

Mr. Waterman of CAC was pressed between an rock and a hard place, compromised while I felt the unavailibity of TA/CA due to a sick Kabbouchi or Gillis whom was "on vacation" or "we are moving".....You think you have problems? WE wer promised this in the guidelines help with budgets, etc. m

We realize that the County Staff and divisions experiencing cut in budget, are in a conflict but the services thus far and those funded will continue to overlook our entitlement neighborhood, EZ, and NRSA. If, culturally appropriate technical assistance and capacity building professional services are not offered to entitlement businesses and owners, this detrimental lack of programming and policy, oversight and monitoring will on compound the factor of poverty, causing further injustices.

Situations of a punitive OCED process for those in need of technical assistance, such as biased amendments, and individual staff evaluations procedures has resulted in the ostracization by associative factors.

The ongoing entitlement grassroots efforts to report thus far have been deemed treated non-responsive and non-inclusive by representatives of those in partnership with high-end servants or partners of non-entitlement neighborhoods, and CBO.

The unfairness of the RFA process-which seemed to support this pre mentioned actions and process, gave points for applicants and county partners. The RFA asking for letters of support that were not acknowledged. These letters were provided by members and residents whom can best say what they want and where the want toe monies to be applied.

The many recaptured funds, particularly the CAC and CDF economic dollars were recaptured yet are un-accounted for in numbers, and the reallocations go else where then where the community plans direct. .

Monies have been given above the totals allowed by the guidelines. However this policy has 'blessed' it's going to the housing agencies and human services departments. Thus and circumvents those whom gap the bridges of the divisions and departments that failed in performance of duties.

This action does not pug the peoples deficit in services and the endangerments and harm caused. It seems that it fuels the fires an cuts the band-aid where body bags are needed. And fuels the fires of poverty that burns away the urban cores and avenues, its historically businesses and service providers are drained, even more. And eventually this lacking and void will cause the tear down of historically neglected community stake holders and owners. .

The policy adopted has gone way over the guidelines of HUD and I has not addressed the displacement of the economic priority Section businesses owners and residents.

Keeping in mind the multiple issues that were identified by the Board of County Commissioner Meetings and EDHS Subcommittee meetings and hearings we continue to be business without access to these funds that are more directed to divisions in departments that have yet to complete dealing with their shortcomings.

More so Hialeah has its local Section 3 programming yet we have no access and it overflows into our communities. While we see a good model of application, it is a burning question as to why thee models are not applied in Model City Liberty City in serving its neighborhood of the County.

Bureaucracy was overwhelming for grass-root organizations and this causes more economic injustices and imbalance in access to public information and data requested. Most of the data needed sits on shelves yet when we requested it, it still has not been provided to the general public.

The consultant seemed to have no professional regard for even having a pen and a board let alone, answering his calls or being able to arrive. The barrier to this level of participation has not been addressed. The performance of the poor businesses is over-considered and evaluated, but the professional inter-actors are not overseen or montitored.

Subsequently, we are more consumed in priorities within subgroups within entitle communities. And yet when this 2007-2012 is implemented and adopted the policies don't reflect our needs or plans and complication.

Points systems for RFA did not include those for local based in priorities as described in federal policies. SECTION 3. I have attempted to do my best as a mother, as Christian, yet it is has been the excuses of many personnel that they must deal with their own bureaucracy with finite superficial answers to problems that have left many of us economically in State of emergency. It is of some concern that we have no other options, choices, or practices other than legal enforcement of Section 3 and remedy.

Cutting out of CAC employees is undermining the efforts of Community Participation and Planning.

Lack of Access to County Employees Business Technical Assistance is affecting the development efforts of those whom are on major corridors of communities

Policies and Practices that are best evidence and proof of working have not been represented in the process that gives other high-end "ivory tower' groups more access to points system in RFA process.

Recent Corruption had depleted the foundations of these same communities

Consultant to Model City and surrounding community as not performing and did not fully represent the needs and plan, recommendation of communities. He was not culturally responsive or professionally performance, and did not include information.

Non-compliance in reasonable effort to monitor performance of existing contractors, or to develop more culturally proficient pool, and so we don't have transparency on this issue as of yet.

Access and limitations on technical assistance, and capacity and due to lack of staff availability CAC and OCED, in RFA process. Conflict with mission versus saving Staff of County Personnel...."work versus working with".

Request made by local boards for data was not complied with. Technical assistance was very low to none. I requested some but was met with Staff on vacation, Staff moving, etc, Bad Performance, no enforcement in, availability, or accountability.

County Staff, /OCED over access to funding. **74% of overall**. "OCED got all of public Service and gave to agency, or took for itself. Devoid of local preference and in conflict with National guideline for monies."

Community Based Org. contracted in conflict on investigation, or used up funds and under-service and abandonment of Section 3, businesses have to await being addressed. Non-compliance of the needs by community oriented folks not applied.

No partnerships requirement for high end groups to include core entities, yet we must compete with them to make up for their associations, collaboration with the County Conflicting Partnerships does not promote trust, and leaves some ethical questions..

Promises and covenants made, in the agreement and acceptance of these funds have not been met; benchmarks have not even been set this time, contractual duties, monitoring

Meetings occur at time when people are working and the experts are not able to present in two minutes at the podium. It is not culturally appropriate:

Leadership in camaraderie with those whom have already been charged with crimes of so moral turpitude and contempt present themselves behind our backs as representative, and those whom have had a strong professional commitment to serve with without

fiduciary compensation are chastised, retaliated against, and some have disappeared, the consultant that was chosen was out of the areas, yet they tell us they don't have a pool of people local professional person.

Phone calls and visits, emails go unanswered, children and mothers seek economic gain in ways that are unacceptable at the grassroots yet when we see this type of robbing, and deceit occurs we have not punitive actions, I am sure that some will continue tome after me because I dare to tell the truth and reality.

The 2 minutes allowed to present the actual experience (not just venting) as a grass-root lobbyist, I am only given inadequate time to articulate there facts about the Section 3 businesses and residents experience and attempting to participate.

The infrastructure support and funds that other communities (non-entitlement,) are receiving circumvent our entitlement city, ands so how can we be keeping an agreement with federal authority, and the highest authority fairly. WE know where the disparateness of this Zone and population of aprate3ness and lack of economic growth the GOB funds are there, and so it has been a trend in the last consolidated planning periods that

The lack of community based monitoring has left the needed and seemingly only income for many to be the resource rhyme and reasoning for funding of high crime initiatives and officers, this is the focused upon 'disparate' community persons that have the heaviest part of the ship. The old wives tale of putting the horse before the 'empty cart'.

There needs to an answer, that the careful enforced, applied, and structured policy of Section 3 as it was designed to be that answer, has been used and still is being used as a positive and proven answer into this package, and can be used in this entitlement Zone. And while others have been allowed to build around this lack of direct application.

Yet unfairly the seconds it take the minute a developer walks in he or she of a foreign entity that claims a loyalty to my people for fiduciary gain are allowed to go on and on and on.

The needs to be some infinite effort to a finite process in need of positive change and the OCED/CAC, as well as local HUD application of economic opportunities funding and performance monitoring should be adhered to more closely. The unfairness has caused a state of emergency and is need of quick change and application to the unfair and damaging negligence thus far.

Mr. Cintron I am in sincere hopes that this report and information shall provide you and our government fine insight as to what has not worked thus far, and may cause more harm than not.

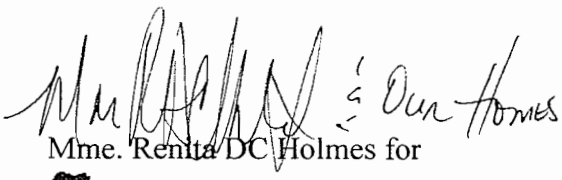
I am assure that as in the past you have considered the purpose of participation in economic growth, and the autonomous and pioneering accomplishments through sharing

reporting, and organizing like-minds. Not having contempt prior to investigation, and wanting to create economic opportunities for person with disability, victims of DV/SA, re-entry, and empowered, and all classes, indigenous women , children, and families ....while doing the business of taking care of myself.

AS, we empowered them in the past we shall become even more empowered in making working solutions for work ready business and populations. This is my report to you of what has not worked and policies and practices that may continue to impede and discriminate against our efforts to work.

Thank you for sharing this with the public records.

Respectfully,



Mme. Renita DC Holmes for

NEIGHBORHOOD REVITALIZATION AREA STRATEGY
GOULDS

A. GENERAL

The residents of the Goulds NRSA identified housing and community development needs, during the citizen participation process meetings, based on levels of priority (high, medium, low, or no such need). All needs identified as high priority will be funded within the next five years, while medium and low priorities may be funded within the five year period depending on availability of funds.

The high priority needs identified by the residents of the Goulds NRSA primarily relate to housing, economic development, public facilities, historic preservation and street appearances.

Specific objectives are completion of the Goulds Storeporch Commercial Development, construction and renovation of single-family housing units, design and construction of sewer installations in West and East Goulds, drainage improvements, revitalization of commercial areas, creation of jobs, public services for youth and senior citizens.

B. BOUNDARIES

The Goulds is located in unincorporated South Dade south of Cutler Ridge, straddling US 1. It is bounded on the north by the Black Creek Canal (including triangular Cutler Ridge Shopping Center), on the southeast by SW 224th Street and SW 112th Avenue, on the south by SW 232nd Street, and on the west by SW 127th Avenue, except for a small area between 216th Street and 224th Street where the boundary is 124th Avenue. The area includes Census Tracts 104 (Block Group 1), 105 (Block Group 1), and 106.02 (Block Group 9).

C. DEMOGRAPHIC CRITERIA

The demographic data are based on the 2000 U.S. Census and Claritas, a nationally known and recognized data and statistical source, 2007 year estimates and is then compared to the countywide percentages.

TABLE G1: *Goulds Demographics*

Goulds	***2000***	***2007***	***Miami-Dade***
Total population	7,453	10,219	2,430,421
Population 65 and over	9.23%	10.20%	13.96%
High School Degree Attainment	50.68%	50.81%	68.17%
Median Household Income	$20,594	$23,509	$41,483
Average Household Size	3.37	3.35	2.88
Families w/Incomes Below Poverty	37.59%	40.64%	14.65%
Female HHD w/Children in Poverty	26.55%	28.85%	5.87%
Unemployment Rate	8.19%	8.56%	5.01%
Occupied Housing Units	93.54%	92.10%	88.90%
Median Year Structure Build	1972	1982	1976

Source: *U.S. Census 2000 and Claritas 2007*

D. AFFORDABLE HOUSING

The number of families with incomes below poverty level in Goulds made up 40.65% which is much higher than County average of 14.65%. Therefore, the development of affordable housing for low-income families is a high priority for the area. The public also stated the need for these developments to have the access to and promote transit ridership. Another priority for the area is the development of elderly housing and the improvement of the current and future housing image of the NRSA.

A number of reasons impact the availability of affordable housing. Those reasons including; the recent high end priced housing boom, slow rates of public housing construction, wait periods for Section 8 vouchers, funding cuts from HUD, lack of private investment, the sizes of low-income and large size family populations. The need for additional affordable living opportunities is a priority in this community. The development of affordable units could be rental and/or ownership units. Another priority for the area is the development of housing counseling services to promote home ownership. This objective was identified as a high priority.

E. HOMELESSNESS

The prevention of homelessness for Goulds and Miami-Dade County is a combination of programs through a number of organizations like Miami Coalition for the Homeless, Inc. and Community Partnership for Homeless with the coordination with Miami-Dade County Homeless Trust. The number of homeless in Miami-Dade County has significantly declined over the years in part due to the programs in place: for the past nine years the street Homeless population dropped from 7,000 to 2,000.

No priority needs were identified for the homeless population in Goulds.

F. OTHER SPECIAL NEEDS

Housing gaps appear to be the widest for persons with HIV/AIDS, the elderly and the disabled. Both populations have similar needs—they will require medical assistance at some point as well as housing assistance. Because of the recent housing price jumps, these are the groups that are most affected and become more vulnerable and are in need of housing assistance.

About 14.00% of Goulds population between ages 5 and 20 are designed as disabled according to the 2000 Census, 32.50% between ages 21 and 64, and 53.10% of ages 65 and over have disability status. These rates are significantly higher than County's percentages of 8.30%; 23.30% and 45.50% respectively. Therefore, assisted living facilities for the people with disabilities are a priority need for the area.

G. CONSULTATION

This strategy was developed be the Office of Community and Economic Development (OCED) working closely with various County departments, the Citizen Advisory Committee, and residents to implement the Consolidated Plan.

The public institutions that offer assistance to the Neighborhood Revitalization Strategy area include the Goulds Community Action Committee, Miami-Dade Office of Community and Economic Development, Miami-Dade Community Action Agency, Miami-Dade Department of Planning and Zoning, Miami-Dade Department of Public Works, and Miami-Dade Department of Environmental Research Management, and the Department of Human Services, and the Community Action Agency.

Non-profit organizations active in Goulds include Goulds CDC, Goulds Education and Training Center, Urban League of Greater Miami, Inc., Habitat for Humanity and Goulds Coalition of Ministers and Lay People. In the private sector, J.L. Brown Development Corporation is proposing a number of projects in the Goulds area.

PUBLIC FACILITIES:

Public facilities improvements were identified as high priority for the NRSA. The following projects were directed towards improvements that sustain a suitable living environment.

Short and Long Term Objectives:

High Priority:

- The improvement of existing public building and the development of new community oriented structures.
- The creation of attractive public plazas, neighborhood pocket parks and pedestrian friendly streets.

Drainage and Sewer Objectives:

- The improvement of drainage systems in West and East Goulds.
- The installation of sewer systems in West and East Goulds.

INFRASTRUCTURE IMPROVEMENT:

Infrastructure improvements were identified as high priority for the region. The following projects were directed towards improvements that sustain a suitable living environment.

Short and Long Term Objectives:

High Priority:

- The improvement of general infrastructure, including streets and sidewalks in order to create a safe pedestrian friendly environment.
- The improvement of street furniture, landscaping and signage with opportunities to local history through public art.

PUBLIC SERVICES:

No priorities were identified.

RESIDENTIAL HISTORIC PRESERVATION:

No priorities were identified.

NON-RESIDENTIAL HISTORIC PRESERVATION:

The public has identified the preservation of the strong identity and character of Goulds as a high priority objective. Specific area for preservation was Goulds Storeporch.

ECONOMIC DEVELOPMENT

Short and Long Term Objectives:

High Priority:

The following are the three objectives designed to create economic opportunities for the area.

- Planning of economic incentives that would attract businesses, both retail and office uses, that would provide jobs for the residents and bus commuters.

- Define the most likely commercial corridors in a planning document.

- Encourage development within the community while promoting transit ridership, by the development of TOD's.

AFFORDABLE HOUSING

Short Term Objectives:

High Priority:

- Encourage development within the community while promoting transit ridership.
- Increase the image and affordability of housing types.

PLANNING

The public has not identified any planning priority issues.

H. ASSESSMENT

The family poverty levels in Goulds are 40.64% in 2007 estimates which is significantly higher than County's average of 14.65%. Furthermore, Goulds was one of the areas that has had an increase in poverty rates since 2000. About 8.50% of the labor force is unemployed when compared to 5.01% in the County. Nearly 29.00% of the female households with children are below the poverty line. This can be compared to 5.87% in the Miami-Dade County.

A number of anti-poverty programs were established to help combat poverty and improve living conditions. However, Goulds was has not made any significant progress in improving the poverty rates for its residents. Therefore, poverty still remains a high priority issue for the area.

I. ECONOMIC EMPOWERMENT

Economic development projects proposed by the public were also designed to stimulate and empower the area's economy. These projects proposed to attract new businesses, both retail and office, in order to create jobs and encourage entrepreneurial activity.

J. PERFORMANCE MEASUREMENTS

The needs which the community residents identified as high priority primarily relate to public facility improvements, economic development, housing development and infrastructure improvements.

The specific economic development projects included attracting new businesses into the area, defining commercial corridors and encouraging further development within communities.

Housing objectives were designed to create housing opportunities for low-income families, people with disabilities and improvement of housing image.

Public facility improvements were identified as a major need for the region, consisting of projects like drainage and sewer improvements, street and sidewalk redevelopments and street furniture and landscaping developments.

TABLE G2: *Goulds Priority Rankings*:

CATEGORY	PROJECT	OBJECTIVE
Economic Development	Attract businesses both retail and office used providing accessible jobs to residents and bus commuters.	Create Economic Opportunities
Public Services	To provide local and neighborhood public services comprised of: • Job training and Placement	Creating Economic Opportunities
Economic Development	Define the most likely commercial corridors.	Create Economic Opportunities
Economic Development	Encourage development within the community while promoting transit ridership.	Create Economic Opportunities
Public Services	To provide local and neighborhood public services comprised of: • Crime Prevention programs; • Health Services; • Youth Services; • Senior Services;	Improvements that sustain a suitable living environment
Historic Preservation	Preserve the strong historic identity and character of the place, i.e. Goulds Storeporch.	Improvements that sustain a suitable living environment
Housing	Encourage development within the community while promoting transit ridership.	Decent Housing
Housing	Increase the image and affordability of housing types.	Decent Housing
Public Facilities and Improvements	Create attractive public plazas, neighborhood pocket parks and pedestrian friendly streets	Improvements that sustain a suitable living environment
Public Facilities and Improvements	Improve existing public buildings and building new ones that respond to specific community needs.	Improvements that sustain a suitable living environment
Public Facilities and Improvements: Drainage and sewer	Improve drainage and install sewer systems in West and East Goulds	Improvements that sustain a suitable living environment
Public Facilities and Improvements; Street and sidewalks	Improve general infrastructure, including streets and sidewalks to generate a safe pedestrian friendly environment.	Improvements that sustain a suitable living environment
Public Facilities and Improvements: Street furniture and landscaping.	Improve street furniture, landscaping and signage with opportunities to local history through public art.	Improvements that sustain a suitable living environment

NEIGHBORHOOD REVITALIZATION AREA STRATEGY
WEST LITTLE RIVER

A. GENERAL

Residents of West Little River identified housing and community development needs based on levels of priority (high, medium, low, or no such need). The high priority needs identified by the residents of West Little River were: public facilities, housing, business development infrastructure improvements, and public services.

Federal resources available include CDBG, HOME, HOPWA, ESG, Department of Energy Weatherization Programs, Public Housing Comprehensive Grant Program, HOPE VI.

Other state resources available included Low Income Housing Tax Credits, the SAIL program, and the Program. County resources include the Documentary Stamp Surtax and Miami-Dade County Housing Finance Agency.

B. BOUNDARIES

West Little River's boundaries are NW 115th Street to North from NW 17th Avenue and NW 12th Avenue; and NW 106th Street between NW 36th Avenue and NW 17th Avenue and to NW 103rd Street between NW 12th Avenue and NW 7th Avenue. The southern boundary is NW 79th Street extending from just west of NW 36th Avenue to N. Miami Avenue. The boundaries include census tracts, 10.02 (Block Groups 4 and 5), 10.03 (Block Group 5)

C.DEMOGRAPHIC CRITERIA

The demographic data is based on the 2000 U.S. Census and Claritas, a nationally known and recognized data and statistical source, 2007 year estimates and is then compared to the countywide percentages.

TABLE WLR1: *West Little River Demographics*

West Little River	*2000*	*2007*	*Miami-Dade*
Total population	32,498	31,580	2,430,421
Population 65 and over	11.44%	13.05%	13.96%
High School Degree Attainment	51.25%	50.93%	68.17%
Median Household Income	$27,178	$29,989	$41,483
Average Household Size	3.39	3.40	2.88
Families w/Income Below Poverty	24.74%	24.97%	14.65%
Female HHD w/Children in Poverty	10.03%	10.51%	5.87%
Unemployment Rate	7.12%	7.12%	5.01%
Occupied Housing Units	92.40%	90.17%	88.90%
Median Year Structure Build	1959	1960	1976

Source: *U.S. Census 2000 and Claritas 2007*

D. AFFORDABLE HOUSING

Households with five or more persons made up 25.36% of the households when compared to 16.01% in the county. Furthermore, the families with incomes below poverty level in West Little River made up 24.97% which is much higher than County average of 14.65%.

A number of reasons impact the availability of affordable housing. Those reasons including; the recent high end priced housing boom, slow rates of public housing construction, wait periods for Section 8 vouchers, funding cuts from HUD, low-income and large size family populations. The need for additional affordable living opportunities is a priority in this community. The development of affordable units could be rental and/or ownership units. Another priority for the area is the development of housing counseling services to promote home ownership. This objective was identified as a high priority.

E. HOMELESSNESS

The prevention of homelessness for the West Little River area and in Miami-Dade County is a combination of programs through a number of organizations like Miami Coalition for the Homeless, Inc. and Community Partnership for Homeless with the coordination with Miami-Dade County Homeless Trust. The number of homeless people in Miami-Dade County has significantly declined over the years in part due to the programs in place: since 1998 the street Homeless population dropped from 7,000 to 2,000 people.

No priority needs for the homeless were identified for the homeless in West Little River.

F. OTHER SPECIAL NEEDS

Housing gaps appear to be the widest for persons with HIV/AIDS and the disabled. Both populations have similar needs—they will require medical assistance at some point as well as housing assistance. Because of the recent housing price jumps, these groups that are most affected and vulnerable and in need of housing assistance.

The elderly population for the area has increased in recent years and is projected to have a steady grow in the future. Therefore, elderly assisted living housing is a need in the area.

U.S. Census recorded Miami-Dade County percentages for population with disability between ages 5 and 20 years old at 8.30%; for the population between 21 and 64 at 23.30%; and the population 65 and over at 45.50%. West Little River figures for these populations were higher than County percentages at 10.80%, 32.40% and 47.20% respectively. Furthermore, the elderly population for the area has also increased in recent years and is projected to have a steady grow in the future. Therefore, assisted living housing for people with disabilities and the elderly is a priority for West Little River.

G. CONSULTATION

The Office of Community and Economic Development (OCED) is working closely with West Little River, County departments, the Citizen Advisory Committee, and residents to implement the FY 2008-2012 Consolidated Plan.

The public institutions that offer assistance to the Neighborhood Revitalization Strategy area include: Miami-Dade Office of Community and Economic Development, Miami-Dade Community Action Agency, Miami-Dade Department of Planning and Zoning, Miami-Dade Department of Public Works, and Miami-Dade Department of Environmental Research Management.

The community development component identifies specific services needed to develop viable communities that benefit low-to-moderate income individuals and/or areas. The specific community needs have been designated as short-term objectives, with a service implementation period of one to two years, and long-term objectives, with a service implementation period within two to five years.

PUBLIC FACILITIES

Short and Long Term Objectives:

High Priority:

- Completion of construction of new Arcola Lakes Park, 1 story Senior/Disabled Recreation Facility according to the approved Master Plan of 1976 as designed by the Community Park Task Force and approved by the Advisory Committee and residents.

- Plan and implement streetscape improvements and tree plantings throughout the area.

INFRASTRUCTURE IMPROVEMENTS

Short Term Objectives:

High Priority:

- Phase III landscaping involving the 14th –17th Avenue between 87th—95th Street,
- Phase IV street improvements to include sidewalks, driveways, landscaping, treescaping, drainage improvements involving 17th –27th Avenue between 87th –95th Street,
- Phase 1A landscaping involving 22nd –27th Avenue between 79th –87th Street.

Long Term Objectives:

High Priority:

- Complete the line from pump station to N.W. 24 Ave.
- Install storm drainage, sewers and landscaping from N.W. 84 Street to N.W. 85 Street,
- Paved driveways from N.W. 95th St. to 103rd Street between N.W. 7th to 17th Avenue

- Install sewers and street lighting from N.W. 79 Street to N.W. 87 St. on N.W. 7 Avenue
- Install sewers from N.W. 95th Street to N.W. 103 Street between N.W. 12th and N.W. 14th Avenues, and at N.W. 89 Street between N.W. 23rd and 24th Avenues.

PUBLIC SERVICES

Short Term and Long Term Objectives:

High Priority:

- Provide childcare services and training to help train area residents in establishing day care centers.
- Provide youth programs and services to instruct youths on successful daily living, employment, and mentoring opportunities.
- Establish senior citizen support services and programs.
- Hold training classes on employability skills training for all area residents.
- Establish support services and programs for the disabled.

ECONOMIC DEVELOPMENT

Long and Short Term Objectives:

High Priority:

- Provide technical assistance to area businesses by way of training classes.
- Provide technical assistance to area businesses by the establishment of Micro enterprise assistance and low interest loans.
- Conduct a redevelopment/feasibility study for the development of the Northside Shopping Center.
- Continue rehabilitation efforts involving N.W. 79th Street from N.W. 7th Avenue to N.W. 37th Avenue and N.W. 79th Street to N.W. 95 Street on N.W. 22 Avenue.

Long Term Objectives:

High Priority:

- The acquisition and redevelopment of the Northside Shopping Center.
- Conduct the environmental clean up of all abandoned gas stations.

AFFORDABLE HOUSING

Short Term Objectives:

High Priority:

- Acquire vacant land (land banking) for future uses.
- Initiate programs that instruct and encourage local residents about home ownership.

Long Term Objectives:

High Priority:

- Continue to acquire vacant land (land banking) for future uses.

ACCESSIBILITY

Long Term Objective:

Medium Priority:

- Removal of any architectural barriers for the disabled and elderly.

RESIDENTIAL HISTORIC PRESERVATION

There were no priorities in this category.

NON-RESIDENTIAL HISTORIC PRESERATION

There were no priorities in this category.

H. ASSESSMENT

The family poverty level in West Little River is 24.97% in 2007 which represents an insignificant increase from the Census 2000 figure of 24.74%. The poverty level percentages are still higher than the Miami-Dade County percentages.

In regards to employment, about 7.12% of the labor force is unemployed when compared to 5.00% in the County.

A number of anti-poverty programs were established to help combat poverty and improve living conditions. However, West Little River was one of the only areas that has not made any significant progress in this area.

I. ECONOMIC EMPOWERMENT

The following are projects that encourage economic empowerment:

- The establishment of a transit-oriented development around the Northside Shopping Center Metrorail Station with basic amenities, e.g. shops, cafes, anchor stores, major grocery stores.
- The establishment of an entertainment-cultural business district.
- The promotion of employment and skill training, computer and job training and manufacturing systems.

J. PERFORMANCE MEASUREMENTS

The high priority needs the community residents identified relate to public facility improvements, economic development, housing development and rehabilitation and infrastructure improvements.

TABLE WLR2: *West Little River Priority Listings*

CATEGORY	PROJECT	OBJECTIVE
Public Facilities	Construct new Arcola Lakes Park; 1 story Senior/Disabled Recreational Facility Center building (maximum size of 14,000 square feet); outdoor therapeutic type aquatic pool and associated deck space (maximum size of 3,500 square feet); vehicular and pedestrian circulation; parking and landscape	Improvements that sustain a suitable living environment. Enhance quality of life for seniors at WLR NRSA
Street Improvements	Construct R-O-Ws, tree planting, landscaping and drainage improvements, Phase IVB and IVC and Phase V	Improvements that sustain a suitable living environment
Economic Development	Establish a transit-oriented development around the Northside Shopping Center Metrorail Station with basic amenities, e.g., shops, cafes, anchor store, major grocery store	Create Economic Opportunities Encourage pedestrian interaction with surrounding fabric
Economic Development	Establish an entertainment-cultural business district	Create Economic Opportunities
Public Service	Employment assistance through training and referrals	Creating Economic Opportunities
Public Service	Activities for the elderly and youth population, upon completion of the community center	Improvements that sustain a suitable living environment
Street Improvements Tree Planting	Improve area by providing native shade trees over 25' to 30' O.C., along the 7'6" planting strip on both sides of the road along NW 95 Street, NW 7 Avenue, NW 27 Avenue, NW 103 Street, NW 22 Avenue, NW 81 Street, NW 87 Street, NW 12 Avenue and NW 17 Avenue	Improvements that sustain a suitable living environment.
Public Service	Healthcare services for the elderly and youth	Improvements that sustain a suitable living environment
Housing	Acquire vacant land (land banking) for future uses.	Decent Housing
Housing	Initiate programs that instruct and encourage local residents about home ownership.	Decent Housing
