Subject: Request for Approval of Contract Award: Appraisal of Public Art Collection

---

Approval of this contract award, which is within your delegated signature authority, is requested. The awarded vendor, contract amount and term are set forth below. A Request for Proposals (RFP) was issued under full and open competition to obtain offers from qualified and experienced firms to appraise Miami-Dade County's Art in Public Places (APP) art collection. One proposal was received in response to the RFP. The collection to be appraised consists of over 650 titled works of art, representing various media, including glass, steel, marble, bronze, aluminum, vinyl, fiberglass, terrazzo, ceramic, LED lighting technology, textiles and works on canvas.

The awardee shall conduct an initial appraisal of the entire APP art collection. Thereafter, the awardee shall re-appraise the collection, and appraise newly-acquired artwork on an as needed basis. The Department of Cultural Affairs expressed the need to have the County's entire APP art collection appraised during the early months of 2014. Accordingly, to meet the department's timeline, the solicitation was issued through the Expedited Purchasing Program.

As only one proposal was received, County staff conducted a survey of vendors that were sent notice of the solicitation and/or downloaded the solicitation but did not submit a proposal. The three vendors that responded to the survey informed the County that they either were unable to perform the services, were unable to complete a proposal within the timeframe given (although no requests for extensions were received), or claimed to be unaware of the notice sent.
