INTRODUCTION OF MDEAT STAFF MEMBERS

Chairman Crews asked the MDEAT Staff members present at today's meeting to give a brief introduction of themselves and a brief history of their tenure with MDEAT.

Following the introduction of MDEAT Staff members, Mr. John Dixon, MDEAT Executive Director asked each member present at today's meeting to introduce themselves.

I. Board Action Item(s)

Chairman Crews apprised Trust members that no action items were on today's agenda. He explained that Board Action Items required a vote and most items were concerning expenditures.

II. Information Items

A. New Board Member Requirements

Chairman Crews noted that the New Board Member Requirements were listed in the agenda package as well as a letter from Mr. Dixon, the Executive Director of MDEAT.

Mr. Dixon pointed out that MDEAT staff provided printed agenda packages at each meeting and the packages are sent via e-mail to each Trust member as well. Although staff e-mailed the agenda package, Mr. Dixon stated that very few members printed it to bring to the meeting; he encouraged members to print the agenda package and bring it to the meeting.

Mr. Dixon explained that the Financial Disclosure document was within the agenda package and each member needed to complete it and mail it to the Supervisor of Elections office. He noted a further in depth discussion regarding Teen Court and Housing would be held at the new member orientation session.

Assistant County Attorney Terrence Smith noted clarified that if Trust members did not presently sit on a County Board they did not have to complete the Financial Disclosure Statement because the time had passed; the Financial Disclosure Statement covered the year in which they are actually Board Members, however, suggested that Trust members individually follow up with the Elections Department to make sure they are in compliance.

Chairman Crews asked Traci Pollock to forward all new Trust members a copy of the Strategic Plan. He encouraged new members to thoroughly review the Strategic Plan.

Mr. Dixon pointed out that MDEAT meetings are usually scheduled for the third Wednesday of each month at 3:30, otherwise staff would contact Trust members with any change of date or time of the meeting. Upon receiving e-mails regarding the monthly Trust Board meeting, Mr. Dixon asked that Trust members reply confirming whether they will or will not be in attendance of the meeting; this would assist staff in forecasting if quorum would be achieved at each meeting. Mr. Dixon pointed out that full board membership was 15, 8 of those 15 members were required to achieve quorum.

Mr. George Ray III expressed concern regarding MDEAT not having a Board Secretary to coordinate and communicate with members regarding board business.

Chairman Crews noted the following item be added to today's agenda: Sunshine Law Briefing by Assistant County Attorney (ACA) Terrance Smith.

Hearing concerns from Trust members regarding Sunshine Laws, Assistant County Attorney Smith noted that he wished to apprise the Trust today prior to the scheduled orientation regarding the State of Florida's Sunshine Laws. He noted that the new Trust members were made official as of today's swearing in ceremony, they could potentially unknowingly be in violation of the Sunshine Law. Mr. Smith introduced himself as the legal advisor to the Trust. Mr. Smith noted that the Florida Legislature enacted a law which required all Governmental bodies and boards that are created by the Board of County Commissioners to provide the right of access to governmental proceedings at both the state and local levels. This law applied to any gathering of two or more members of the same board to discuss some matter which will foresee ably come before that board for action. The Sunshine Law requires that meetings of the Boards or Commission must be open to the public, that reasonable notice of such meetings must be given and minutes of the meeting must be taken. Mr. Smith pointed out that staff takes care of the notice of meetings and the Clerk of the Board of County Commissioners' clerks take minutes for each meeting. He noted the most important portion of this law was public participation and opening meetings to the public. Two or more members of the same board could not communicate outside of a publicly noticed meeting regarding matters coming before the board; this constitutes a violation of the Sunshine Law. Mr. Smith disseminated a handout that detailed the Sunshine Law and further pointed out that the Sunshine Law also extended to and were not limited to oral communication, e-mail, and telephone conferences; members were not allowed to participate in meetings by way of telephone conference calls, they had to be physically present. Meetings also had to be accessible to disabled persons; the venue had to be accessible to the disabled, or if a sign language interpreter was needed staff would make provisions. Mr. Smith cautioned members against using the "reply to all" feature when replying to emails from MDEAT staff as this could constitute violating the Sunshine Law because everyone listed on the e-mail is able to see the comments within the reply. E-mail messages could be obtained by members of the public via a records request; Mr. Smith explained that anything created as a result of participation on the Board becomes public records, e-mails (not including personal e-mails) and any documents produced as a result of activities on the Board. Mr. Dixon would designate a records custodian, that person will compile documents if someone requests documents from this Board.

Responding to Mr. Waters' inquiry regarding participating in board meetings via telephone conference calls or video conference, Mr. Smith explained that this was forbidden as it presented a violation of the Sunshine Law. He also pointed out that voting by proxy was forbidden as well.

Mr. Waters inquired if a member could not attend a meeting because he/she was out of town, would that constitute an excused absence.

Assistant County Attorney Smith explained that excused absences did not count against board members; however the Miami-Dade County Section 2-11.36 provided the standard for all county boards, the attendance requirement stated that failure to attend meetings could result in removal of the member by the Board of County Commissioners. If a Board member needs to be excused from a meeting, he noted that in an effort to establish good cause and excuse the absence, the board member should prior to the meeting advise staff of the reason they will be absent.

In closing Assistant County Attorney Smith advised Trust members that if they had any further questions or concerns regarding any portion of the Sunshine Law.

B. 2015 Activity Calendar: Revised July 2015

Chairman Crews informed Trust members that the activity calendar was included in the agenda package. He asked members to review this calendar.

Ms. Harris pointed out that according 2015 MDEAT calendar there was no annual Budget Committee Meeting scheduled.

Chairman Crews noted that the Budget Committee meeting was held annually and had been left off of the calendar because the meeting had not been scheduled yet. He further noted that Trust members needed to be appointed to the Budget Committee.

Following inquiries regarding the County's budget versus the MDEAT Budget and formation of an MDEAT Budget Committee, Chairman Crews pointed out that this information would be covered at the New Board Member Orientation Session.

III. Advocacy Items – Committee Updates

A. Economic Development: EDAC Membership Recruitment Campaign

Chairman Crews apprised Trust members that he was the Chairman of the Economic Development Action Committee (EDAC) and noted that was in the process of recruiting members for the Committee. The EDAC was comprised of nine members and four of the nine seats currently needed to be filled; Chairman Crews noted that the EDAC recruitment announcement went out today (7/15) and would be open until July 20, 2015, and current Trust members could volunteer to sit on the EDAC.

Ms. Pollock informed Trust members to e-mail her if they wished to volunteer to be placed on the EDAC. She asked that members refrain from e-mailing the Chairman regarding this matter.

IV. CHAIRPERSONS REPORT

Chairman Crews noted that he was the newly appointed Chairman and this was his first meeting as Chairman. He encouraged and urged every Trust member to participate and contribute their ideas; he asked Trust members to feel free to point out if something was overlooked. He noted that he and MDEAT staff had begun to discuss a strategy to regain funding that had been allocated to the Beacon Council. Chairman Crews pointed out he wanted to begin fundraising efforts for the Trust and encouraged Trust members to forward any ideas to him.

A. New Board Member Committee Appointments

Chairman Crews noted that a list of the Committees was included in the agenda package and if any Trust members wished to volunteer, forward an e-mail Traci Pollock. Chairman Crews urged Trust members to volunteer to serve on the committees where they had specific expertise and experience in; however, if Trust members did not volunteer he would proceed to appoint them to the Committees.

V. Executive Director's Report

Mr. Dixon gave a brief update regarding MDEAT's initiatives. He noted the Youth Intern Partnership Initiative (YIPI) program was in its second year. He explained that the YIPI was a job program for youth in the Teen Court program; and noted the Teen Court budget funded the job program in conjunction with local employers to hire youth. Mr. Dixon explained that Teen Court funds could only be spent on Teen Court Youth and Teen Court activities. He pointed out that last year 24% of the youth maintained ongoing employment after the 46 week program. Mr. Dixon stated Teen Court would be holding a training conference as well as a Mock Trial; and the conference in the past has included approximately 250 students from all over Miami-Dade County. Mr. Dixon apprised Trust members that in the past they had hosted a Black Male Mental Health Conference at the African American Heritage Center which was attended by Social Workers and Mental Health workers as well as an incredible turn out of attendees to discuss mental health issues which affected Black males. Mr. Dixon noted that he hoped to host this event again in October 2015.

Responding to Mr. Coney's inquiry regarding what events or initiatives MDEAT had to promote education equality and students continuing education, Mr. McCloud noted that Teen Court had an array of educational workshops which were designed to prepare them for a career. He, also, noted that technology was a growing interest area therefore partners were aligned in the public and private sector to provide workshop and placement for the students.

In addition to Mr. Mc Cloud's comments, Mr. Dixon noted that MDEAT had participated in and funded a program called Black Girls Code; a program which introduced young black women to coding.

Following further discussion regarding Teen Court and YIPI, Mr. Dixon explained that most of the youth were in the Teen Court program because they volunteered, others were there because they were juvenile offenders. He pointed out most of these students wanted to pursue a career in the Law Enforcement, or to be a Judge or an Attorney; it was Teen Court's effort to expose these youths to these and other job opportunities.

Chairman Crews challenged staff to create a matrix system to keep track of MDEAT programs, participation and how these programs assisted the youth that took part in them. He pointed out that advocacy was very important and he wanted to see the Trust involved in everything that encompassed the Black Community. Chairman Crews also noted that he wanted to develop an Advocacy Committee as well, in an effort to determine what MDEAT should advocate for and who MDEAT should advocate with.

Mr. Roberts requested the history of how the former Metro Miami Action Plan (MAAP) was started, funding and the structure of the program.

Chairman Crews responded to Mr. Roberts' inquiry noting that the history of the program was a part of the Strategic plan and urged Trust members not to refer to MDEAT as MMAP as the Board had distanced itself from the prior problematic MMAP branding and rebranded itself as the Miami-Dade Economic Advocacy Trust.

Adjournment

Hearing no further business to come before the Trust, the meeting was adjourned at 5:31 p.m.

INFORMATION ITEM I A

NEW BOARD MEMBER REQUIREMENTS

INFORMATION ITEM

TO: Miami-Dade Economic Advocacy Trust (MDEAT) Board

FROM: John Dixon, Executive Director

DATE: July 10, 2015

SUBJECT: New Board Member Requirements

This information item is a reminder to newly appointed board members of mandated requirements of MDEAT Board of Trustees. As per the MDEAT Bylaws, board members must complete ethics training, attend a sunshine review session and obtain an agency orientation within the first 90 days of their appointment to the MDEAT board. MDEAT board members must also attend monthly board meetings, actively participate on a committee and submit a Financial Disclosure Statement to Miami-Dade County annually.

Background: On June 30, 2015, Miami-Dade Board of County Commissioners (BCC) adopted Resolution No. R-596-15, appointing the following new members to the MDEAT's Board of Trustees: LARRY CAPP; STEVE GALLON, III; ALTHEA HARRIS; MICHELLE LAPIANA; CHARLOTTE PITTMAN; RUBAN ROBERTS; ELBERT WATERS; BRIAN WILLIAMS; KATRINA WRIGHT; KAREEM J. CONEY; and CRAIG EMMANUEL. The resolution is effective as of July 10, 2015.

During the application process, the aforementioned members signed a board member agreement and are expected to adhere to the following:

PREPARATION

Board members are expected to work diligently to understand the mission, purpose, goals and programs of the agency. It is also expected that board members prepare for board and committee meetings by reviewing related documents and materials in understanding items before a vote.

ACTIVE PARTICIPATION

Board members are expected to regularly attend scheduled board meetings, be available for consultation by phone and e-mail, and serve on at least one committee of the board. Board members are also expected to come prepared to discuss the issues and business at hand during

meetings, and attend annual strategic planning sessions. Further, board members are expected to actively participate in the agency's workshops, community events and fundraisers if applicable. Finally, board members should suggest agenda items periodically for board and committee meetings to ensure significant policy-related matters are addressed and the agency's work provides value to the community.

AGENCY REPRESENTATION

Each board member serves as a de facto MDEAT ambassador. It is expected that board members help to promote the work and achievements of the agency within the community. Thus, board members are expected to represent MDEAT in the best possible way.

UPHOLD THE BY-LAWS

It is the expectation that board members abide by the agency's by-laws and other governing documents. According to the by-laws, board members who miss three consecutive board meetings without proper notice or otherwise unable to fulfill obligations as a board member, are asked to submit a letter of resignation. Other similar mandates are outlined in the document.

COMMITTEES

Committees carry out the mandates of the board. There are several committees. Three of them are action committees and are comprised of both board members and non-board members. These committees are the Youth Action Committee (YAC), Housing Advocacy Committee (HAC), and the Economic Development Action Committee (EDAC). Other board committees which are comprised of only board members are the Executive Committee, Bylaws Committee, Personnel Committee, and Budget Committee.

ETHICS

Board members must participate in ethics training. It is a requirement for board members to avoid a conflict of interest or the appearance thereof and disclose any conflicts as soon as possible. Board members with conflicts of interest must remove themselves from voting on items of conflict or engaging in discussions related to a particular item at the general board level or at the action committee level. Further, board members are not allowed to accept offers or favors from entities doing business with the agency or county.

BOARD DECORUM

Miami-Dade Economic Advocacy Trust exists to serve the community. All people related to the agency are working to fulfill that mandate. Therefore, board members are expected to respect, listen to, and treat courteously all people involved with the agency. These people include fellow board members, staff, consultants, grantees, and applicants.

Status: MDEAT staff will notify board members of the scheduled orientation and sunshine review session(s) via email. However, newly appointed board members must contact Commission on Ethics and Public Trust (305) 579-2594 to attend the mandated ethics training. Failure to comply with the aforementioned mandates may result in removal from MDEAT Board of Trustees.

ADVOCACY ITEM I A

EDAC MEMBERSHIP RECRUITMENT CAMPAIGN

ADVOCACY ITEM

TO: Miami-Dade Economic Advocacy Trust (MDEAT) Board

FROM: John Dixon, Executive Director

DATE: July 10, 2015

SUBJECT: EDAC Membership Recruitment Campaign

MDEAT launched a recruitment campaign to fill vacancies on the Economic Development Action Committee (EDAC). The campaign period is July 6, 2015, through July 20, 2015. A recruitment notice appears in several communication mediums including the agency website, online publications, and newspapers such as the Miami Times and South Florida Times. Email blasts are also scheduled throughout the campaign period.

Once the campaign ends, the EDAC will receive copies of only completed applications for review. The committee will then vote to recommend to the MDEAT Board names for committee appointment consideration.

The purpose of EDAC is to provide advisement to the MDEAT board on the board's strategic direction for economic development and assist in the advocacy for equitable participation of Blacks in the economic growth of Miami-Dade County. The Entertainment and Technology Subcommittee functions as an arm of EDAC and makes recommendations to the EDAC on industry opportunities that foster employment and business growth within predominately Black Targeted Urban Areas. Persons interested in becoming a member of the Entertainment and Technology Subcommittee must be a member of the EDAC.

The EDAC is a nine-member committee with seven vacancies. The current members of the committee are MDEAT Chairperson Cornell Crews (*The MDEAT chairperson is a member of all MDEAT board committees and is not factored into the total membership*), Board Member Sheldon Edwards and LaToya Stirrup. The committee meets the second Tuesday of each month at different locations throughout the county.

HOMEOWNERSHIP UNIT REPORT

Homeownership Assistance Program

JUNE 2015

HOUSING OUTREACH & ADVOCACY REPORT

During the period from June 1, 2015, through June 30, 2015, Thirty-Eight (38) HAP loan applications were submitted totaling \$6,694,522 in first mortgages with a \$6,931,106 aggregate purchase price. There were \$34,000 in Miami-Dade County and other (non-county) administered Down-payment Assistance Program (DAP/ DPA) funds associated with those loans.

During the same period from June 1, 2015, through June 30, 2015, Thirty-Three (33) families purchased homes using \$183,874.00 in HAP funds. These loans generated \$5,257,528 in first mortgages with a \$5,583,411 aggregate purchase price. There were \$120,000 in Miami-Dade County assistance program funds leveraged with these loans with \$54,000 in non-county DAP/DPA funded mortgages linked to these first-time homebuyer closings.

HAP loans have thereby increased this year's county property tax roll by an estimated \$66,000 in June 2015 based on an average tax bill of \$2,000 (*see June 2015 Production Report for statistical details*).

HAP TRAINING SEMINARS AND FUNDING

HAP Certification and Down-payment Assistance Programs (DAP/DPA) Training Workshops detail the HAP operation along with a general overview of DAP/DPA funding sources, timeframes, set-up and possible usage. Signed Agreements are required for individuals seeking HAP participation along with affiliated company licensing information for monitoring and tracking purposes. The next HAP Certification Workshop is now targeted for mid to late August.

The make-up sessions for lender/loan officer and closing agent HAP Re-certification workshops have been postponed until late July or early August to complete additional revisions to HAP participation and certification guidelines and procedures and update HAP forms to reflect those revisions and integrate MDEAT HAP branding updates.

MDEAT receives eight percent (8.00%) of the Documentary Surtax Funds sent to Miami-Dade County on a monthly basis. The amount received fluctuates monthly. HAP funded loans through the first nine months of fiscal year (FY) 2014-15 total just over \$1.75MM with 293 funded loans fiscal year-to-date. Projected revenue for FY2014-15 is between \$3.3MM and \$3.4MM.

HOMEOWNERSHIP ASSISTANCE PROGRAM SPECIAL INITIATIVES

The HAP Housing Counseling Agency (HCA) Payout Initiative has reached the end of its first nine months of operation. For the month of June 2015, \$8,250 of the \$183,874 expended on HAP funded loans was used for Housing Counseling Agency payouts. For fiscal year to date, \$73,250 of the \$1,767,871 in HAP funded loans was paid to HAP participating HCAs. Homebuyer data and demographics from the HCAs is being gathered and assessed. Counseling data and demographics are being tabulated by participating HCAs and should be available in August 2015 at which point a fiscal year assessment meeting will be scheduled with the housing counseling agencies.

**Summary of Psychological Services
Summary of Psychological Services for June, 2015**

The clinical psychologist continues to provide services to Teen Court participants. The services focus on individual therapy with the adolescents; however, parent involvement is a priority.

- 47 individuals including Teen Court participants and their family members were served by the Teen Court psychologist during this month

Results of a recent survey completed after participants at the North Dade Justice Center interacted actively in a conflict resolution workshop led by the Teen Court psychologist are noted below. The participants' ages ranged from nine to 16. Five were male and four were female.

Table (Survey of nine Teen Court youth participants who responded anonymously)

- **8 or 89%** of the youth stated that they learned at least one effective technique of managing anger today.
- **6 or 67%** of the participants learned at least one strategy for feeling happy or acquiring a positive mood.
- **5 or 56%** of the youth indicated that they learned not to ignore their anger. The idea is that anger builds up over time and it is better that it is dealt with before it becomes overwhelming.
- The group practiced the concept of cognitive reframing where they learned that they can change their mood by thinking through a situation in a more objective fashion.
- Several students wrote positive comments about today's group.

The results indicate that the target population benefits from learning some anger management techniques, however, they are still somewhat confused about how to deal with the feeling of anger. Some youth feel that they should express it while others feel that it should be ignored. How one thinks about their relationship with their own feelings of anger and frustration is often challenging and complex. This relationship needs to be sorted out over time and is more suited for an extended session format. Students with more pervasive difficulties dealing with anger may be candidates for individual therapy or considered for a referral to an outside provider.
