Memorandum

MIAMI-DADE COUNTY

Date: October 5, 2010

Agenda Item No. 8(P)(1)(O)

To: Honorable Chairman Dennis C. Moss
and Members, Board of County Commissioners

From: George M. Burgess
County Manager

Subject: Contract Award Recommendation in the Amount of $1,000,000.00 between Statewide Electrical Services, Inc. and Miami-Dade County for the People's Transportation Plan (PTP) Project Entitled Traffic Signal Intersection Contract – Countywide **(Project – Miscellaneous Construction Contracting (MCC) 7360 Plan, Request for Price Quotation (RPQ) No. 20100410)** and Authorizing the Use of Charter County Transportation Surtax Funds

---

Recommendation

The attached Contract Award Recommendation for the Traffic Signal Intersection Contract - Countywide (Project – MCC 7360 Plan, RPQ No. 20100410), in the amount of $1,000,000.00, between Statewide Electrical Services, Inc. and Miami-Dade County has been prepared by the Public Works Department (PWD) and is recommended for approval. Proceeds from the Charter County Transportation System Sales Surtax (the Surtax) will be used to fund this project, therefore, approval by the Board of County Commissioners (BCC) and Citizens' Independent Transportation Trust (CITT) is required.

Scope

The work to be performed under the life of this contract includes the installation of traffic signals at various locations within Miami-Dade County.

Fiscal Impact/Funding Source

The fiscal impact will be approximately $1,000,000.00 and will be funded from the Surtax. The proposed improvements qualify under the allowable work categories included in the PTP Neighborhood Improvements Section. Specific funding for this project will be allocated from the respective Commission District PTP yearly allocations. This is a work order based contract with a base contract amount of $852,000.00. The total recommended award amount is $1,000,000.00, which is inclusive of the contingency and dedicated allowances. The estimated operation and maintenance (O&M) costs are $2,800 annually for each Signal installed and will be funded through the Department's General Funds.

Delegation of Authority

No additional authority is being requested within the body of this contract.

Track Record/Monitor

PWD has reviewed the Office of Capital Improvements (OCI) database and found three (3) awarded construction contracts; one (1) contract from each of the following departments, Parks & Recreation, Water and Sewer and PWD. The referenced database also lists a total of three (3) contractor performance evaluations with an overall performance rating of satisfactory performance (3.5), out of a possible superior performance (4.0) rating. The Department of Small Business Development's (SBD) History of Violation's report lists no violations for this contractor.

Following PWD's standard operating procedures, after award of this contract, a pre-construction meeting will be scheduled. Throughout all PTP projects, the responsible staff person in PWD will be the PTP Coordinator, Mr. Frank Aira, P.E. Following completion of the award process, the project will be assigned to Mr. George Brown, Project Manager, for day to day responsibilities.

According to the Florida Department of State, Division of Corporations, Statewide Electrical Services, Inc., Company Principal is: Noel Melo and the Company's address is listed as: 12905 West Okeechobee Road, Hialeah, Florida 33018.

Background

In an effort to carry on the success of the PTP Neighborhood Improvements initiative, PWD continues to take advantage of various contracting mechanisms such as the subject MCC process available under OCI contract MCC 7360 Plan. Through this process, PWD forwards the RPQ, by way of facsimile transmission, to a pool of firms that have registered with OCI for the subject trade. Additionally, PWD advertises the project in the Daily Business Review and all solicitations are available on-line through the Miami-Dade County portal under the "Procurement Solicitations" link. Interested contractors prepare their bids according to the Job Order Contracting (JOC) process, whereby the County establishes unit prices for the pay items in accordance with industry averages. The contractors submit their bid as an overall percentage factor of the pricing established by the County. The project award evaluation is based upon the lowest percentage submitted by the responsive, responsible bidder for the project.

PWD staff submitted the referenced project to the SBD Review Committee. The Review Committee met on April 14, 2010 reviewed RPQ No. 20100410 and recommended a 10% overall Community Small Business Enterprise (CSBE) subcontractor goal and an 11.2% Community Workforce Program (CWP) goal based on the project's scope of work and cost estimate of $1,000,000.00. Therefore, on April 22, 2010, PWD forwarded an RPQ for the PTP Traffic Signal Intersections Contract - Countywide, utilizing the OCI contract MCC 7360 Plan, to a list of six (6) pre-registered firms. A total of 12 firms purchased contract documents and 10 firms proffered a bid.

On May 28, 2010, Statewide Electrical Services, Inc., proffered the lowest responsive, responsible base bid of 0.70 percentage factor, 30% below the County's cost estimate; the second lowest bidders, AGC Electric, Inc. and Horsepower Electric, Inc., proffered a base bid of 0.79 percentage factor, 9% over the lowest bidder; the fourth lowest bidder, Magesco, Inc., proffered a base bid of 0.80 percentage factor, 1% over the second lowest bidders. As a result, on July 13, 2010, PWD issued a recommendation of award for RPQ No. 20100410 to Statewide Electrical Services, Inc., with the stipulation that approval of this project must be obtained from the BCC and the CITT due to guidelines associated with the funding source.

The work to be accomplished for this project consists of, but is not limited to, furnishing all supervision, labor, required materials, equipment and tools to perform all operations necessary for the installation of traffic signals including any ancillary work at each specific location as indicated in the work orders. Traffic signalization upgrades includes the installation of mastarm combinations, traffic controller assemblies, and milling and resurfacing. Miami-Dade County furnishes mastarms and anchor bolts; the contractor shall furnish and install all controller assemblies, grounding electrodes, conduits, pull boxes, foundations, pedestrian signal heads with push buttons and signs, overhead signs, internally illuminated street name signs, mounting hardware, loop assemblies, signal cable, solar school speed zone overhead flashing beacon assemblies and midblock traffic signals consisting of mast arm combinations with signal heads or solar powered flashing beacon assemblies and regulatory signs, and pedestals with signal heads or solar powered flashing beacon assemblies and regulatory signs. Additional work also includes installation of pedestrian ramps, ground mounted signs, and pavement markings, construction of sidewalks, curbs and gutters, installation of truncated dome, and removing existing signs and traffic signalization devices in conflict with the proposed scope of Work.

Re: **Recommendation for Award**
Request for Price Quotation (RPQ) No. 20100410 - CICC 7360-0/08
People's Transportation Plan (PTP) Traffic Signal Intersections Contract

Dear Mr. Melo:

This letter will serve as your notification that you have been recommended for award for the above referenced RPQ based on your Price Quotation submitted on Wednesday, May 26, 2010. The total RPQ amount is for one million dollars and zero cents ($1,000,000.00). This includes a base contract amount of eight hundred fifty-two thousand dollars and zero cents ($852,000.00), a contingency amount of eighty-five thousand two hundred dollars and zero cents ($85,200.00), and dedicated allowances totaling sixty-two thousand eight hundred dollars and zero cents ($62,800.00). The contract duration is established as **365-calendar days**. However, the recommendation of award is contingent upon the submission of the required items listed below:

1. Performance and Payment Bond as required in Contract No. CICC 7360-0/08, Section 2.0 Special Conditions, Page 16, Article 2.11, **PERFORMANCE AND PAYMENT BOND**. (The **original attached documents** must be used and three (3) sets must be provided).
2. Letter from Bonding Agent granting Miami-Dade County authorization to date the Performance Bond.
3. Copies of current insurance certificates.
4. Copies of required license(s).
5. Submit Workforce Plan to the issuing/user department within fifteen (15) days of Notice of Award for project specific and within fifteen (15) days from Notice to proceed for work orders.

The preceding documents are required as outlined within Contract CICC-7360-0/08 and to be submitted within 10 business days. Failure to submit the document(s) within the specified time, or any extension granted, will result in the award being rescinded. Subsequent to the review and approval of the aforementioned documents, you are required to obtain the required permits in the time stipulated in the RPQ. Upon obtaining the permit(s), a copy(s) must be submitted to the Project Manager prior to commencement of work.

No work is to be performed without a permit unless the Project Manager issues a written directive to proceed without permit(s). After receipt of the permits the Project Manager will schedule a Pre-Construction Conference and issue a Notice to Proceed authorizing the performance of the work.

This letter will also serve as a reminder that all work must be performed according to the scope of work and contract's terms and conditions, all permits and inspections and in accordance with all applicable Federal, State and local laws, codes and regulations.

Further, it shall be understood that since proceeds from the Charter County Transit System Sales Surtax levied pursuant to Section 29.121 of the Code of Miami-Dade County may be used to pay for all or some part of the cost of this contract, no award of this contract shall be effective and thereby give rise to a contractual relationship with the County unless and until the following have occurred: 1) the County Commission awards the contract, and such award becomes final (either by expiration of 10 days after such award without veto by the Mayor, or by Commission override of a veto); and 2) either i) the Citizens' Independent Transportation Trust (CITT) has approved same, or ii) in response to the CITT's disapproval, the County Commission re-affirms its award by two-thirds (2/3) vote of the Commission's membership and such reaffirmation becomes final.

Please contact Mr. Ultimo De Oliveira, OCI office, at (305) 375-5265 to insure that your file is complete for award consideration.

Should you have any questions please contact me at (305) 375-2930.

Sincerely,

Subject: Compliance Review
Contract No. CICC 7360-0/08, Request for Price Quotation (RPQ) No. 20100410
People's Transportation Plan (PTP) Traffic Signal Intersections

---

The Department of Small Business Development (SBD) has completed its review of the subject project for compliance with the Community Small Business Enterprise (CSBE) Program for Construction Services. The contract measure established for this project is a 10% CSBE subcontractor goal and an 11.2% Community Workforce Program (CWP) goal.

The Contracts & Specifications Section of the Public Works Department has submitted bid documents from Statewide Electrical Services, Inc. (#1), Horsepower Electric, Inc. (#2), and AGC Electric, Inc. (#3) for compliance review. Following is the pre-award compliance status and summary.

STATUS:

1. Statewide Electrical Services, Inc. — Compliant
2. Horsepower Electric, Inc. — Compliant
3. AGC Electric, Inc. — Compliant

SUMMARY:

Statewide Electrical Services, Inc. (#1), a certified CSBE firm, submitted the required Schedule of Intent (SOI) Affidavit committing to perform traffic signal electrical work with its own forces at 5%. ABC Construction, a certified CSBE firm, was also listed on an SOI Affidavit to perform concrete work at 5%. ABC Construction signed the SOI Affidavit in agreement with the information listed. Statewide Electrical Services, Inc. has fulfilled the contract measure requirement and is in compliance with the CSBE Participation Provisions.

Horsepower Electric, Inc. (#2) submitted the required SOI Affidavit committing to utilize Star Paving Corp., a certified CSBE firm, to perform milling, asphalt & concrete work at 7.2%. Miami Striping & Signs, Inc., a certified CSBE firm, was also listed to perform striping & traffic signs and material handling work at 3%. Each subcontractor signed its respective SOI Affidavit in agreement with the information listed. Horsepower Electric, Inc. has fulfilled the contract measure requirement and is in compliance with the CSBE Participation Provisions.

AGC Electric, Inc. (#3) submitted the required Schedule of Intent (SOI) Affidavits committing to utilize Statewide Maintenance, Inc., a certified CSBE firm, to perform signs and striping work at 2% and Atlas Concrete & Pavement, Inc., a certified CSBE firm, to perform concrete and asphalt work at 8%. Each subcontractor signed its respective SOI Affidavit in agreement with the information listed. AGC Electric, Inc. has fulfilled the contract measure requirement and is in compliance with the CSBE Participation Provisions.

Please note that SBD staff only reviewed and addressed compliance with the CSBE program. The Contracts & Specifications Section of the Public Works Department is responsible for any other issues that may exist.

Should you have any questions or need any additional information, please do not hesitate to call Asa Ferguson at (305) 375-4729.

Scope of Work: (Contractor must obtain and submit all permits prior to performing any work.)

Work under this Contract includes furnishing of all supervision, labor, materials, tools, equipment and performing all operations required to construct the Work in accordance with the Contract Documents.
Work includes but is not limited to furnishing all supervision, labor, materials, equipment, and tools to perform traffic signal installation including any ancillary work at each specific location as indicated in the work order. Traffic Signalization upgrades includes the installation of Mast Arms, Traffic Controller Assemblies, and milling and resurfacing. Miami Dade County furnishes Mast Arms and anchor bolts. The Contractor shall furnish and install all Controller Assemblies, grounding electrodes, conduits, pull boxes, foundations, pedestrian signal heads with push buttons and signs, overhead signs, Internally Illuminated Street Name Signs, mounting hardware, loop assemblies, signal cable, solar school speed zone overhead flashing beacon assemblies and midblock traffic signals consisting of mast arm combinations with signal heads or solar powered flashing beacon assemblies and regulatory signs, and pedestals with signal heads or solar powered flashing beacon assemblies and regulatory signs. Additional work also includes installation of pedestrian ramps, ground mounted signs, and pavement markings, construction of side walk, curb and gutter, installation of truncated dome, and removing existing signs and traffic signalization devices in conflict with the proposed scope of Work.

If any changes are required due to conflict of design and or field conditions, the Engineer will make the final determination.

The Contractor and all subcontractors, under this Contract, are prohibited from performing any work, other than specified in the Contract and/or directed by the Engineer, within the limits of the project site, without prior written notification to the Engineer. This includes any work for private or commercial entities.
