SENT BY ELECTRONIC MAIL

Dear Ryan White Program-funded Service Provider:

**RE: Revised Ryan White Program Oral Health Care Formulary - Fiscal Year 2010-2011**

Enclosed for your information and internal distribution is a revised Fiscal Year 2010-2011 Ryan White Program Oral Health Care Formulary. This revision's change can be easily identified in bold italics and shading within the revised formulary. This transmittal letter identifies the change as well.

The following code was previously listed with an **asterisk (\*)** as a supplemental procedure, but the Miami-Dade HIV/AIDS Partnership Board recently approved a flat rate reimbursement for this code effective September 13, 2010:

CDT-2009-10 Code	Dental Procedure
D1320	Tobacco Counseling for the Control and Prevention of Oral Disease

Service providers must adhere to the Tobacco Cessation Counseling Protocol documents, as approved by the Miami-Dade HIV/AIDS Partnership, which are attached to this correspondence. Providers may only bill for this service if the required protocol has been followed. This service must also be properly documented in the client's chart to support the provision of the service.

As a reminder, Ryan White Program oral health care services are available to eligible HIV+ clients who have a gross household income that does not exceed 400% of the Federal Poverty Level, and who permanently reside in Miami-Dade County.

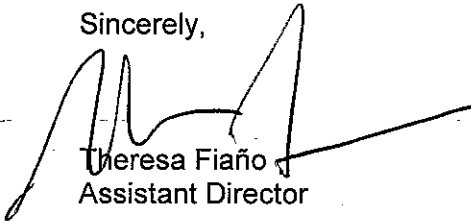

Ryan White Program Part A-funded oral health care services continue to be limited to \$3,000 per client per Ryan White Part A fiscal year (e.g., March 1, 2010 through February 28, 2011). However, very limited exceptions to the annual cap may be approved by the County, with consultation from the Miami-Dade HIV/AIDS Partnership's Oral Health Care Subcommittee as needed, on a case-by-case basis for the provision of preventative oral health care services only.

The FY 2010-2011 Ryan White Program Oral Health Care Formulary and Tobacco Cessation Counseling Protocol will be added to the following website, [www.miamidade.gov/ryanwhite/](http://www.miamidade.gov/ryanwhite/). The PDF version of the formulary will be available in two sorts: 1) by category of service and 2) by oral health care procedure code (i.e., CDT code).

Please contact Carla Valle-Schwenk, Program Administrator, or Antonio E. Fernandez, Contracts Officer, at (305) 375-4742 with any questions related to this revised formulary, the new tobacco cessation protocol, and/or requests for approval of supplemental rates for oral health care procedures. Thank you for your continued cooperation.

Sincerely,

A handwritten signature in black ink, appearing to read 'Theresa Fiaño', with a long horizontal stroke extending to the right.

Theresa Fiaño  
Assistant Director
