Recommendation

The attached Contract Award Recommendation for the Illuminated Street Name Signs Installation Contract (Project – CICC 7360-0/08 RPQ No. 20080260), in the amount of $427,124.80, between Under Power Corp. and Miami-Dade County has been prepared by the Public Works Department (PWD) and is recommended for approval. Proceeds from the Charter County Transit System Sales Surtax (the Surtax) will be used to fund this project, therefore, approval by the Board of County Commissioners (BCC) and Citizens' Independent Transportation Trust (CITT) is required.

Scope

The work to be performed under the life of this contract includes illuminated street name signs installation at various locations within Miami-Dade County.

Fiscal Impact/Funding Source

The fiscal impact will be approximately $427,124.80 and will be funded from the Surtax. The proposed improvements qualify under the allowable work categories included in the PTP Neighborhood Improvements Section. Specific funding for traffic signs is included under Traffic Signals and Signs Operations in the PTP Countywide Neighborhood Improvements. The base contract amount is $374,665.00, but the total allocated amount is $427,124.80, which is inclusive of the contingency and dedicated allowances.

Delegation of Authority

No additional authority is being requested within the body of this contract.

Track Record/Monitor

The contractor, Under Power Corp., is currently performing work for PWD at an above satisfactory level as reported by the Project Manager. PWD has reviewed the Office of Capital Improvements (OCI) database and found 40 awarded construction contracts for Under Power Corp. The referenced database also lists a total of 46 contractor performance evaluations with an overall performance rating of satisfactory (3.2). The remaining contracts are still under construction or in the preliminary stages and do not yet have evaluations on file. In addition, the Department of Small Business Development's (SBD) History of Violation's report lists no violations for this contractor.

Following PWD's standard operating procedures, after award of this contract, a pre-construction meeting will be scheduled. Throughout all PTP projects, the responsible staff person in PWD will be the PTP Coordinator, Mr. Frank Aira, P.E. Following completion of the award process, the project will be assigned to Mr. Oscar Rubio, Project Manager, for day to day responsibilities.

According to the Florida Department of State, Division of Corporations, Under Power Corp., Company Principals are: Rafael Nin and Alexander Tirse and the Company's address is listed as: 7900 NW 60 Street, Miami, Florida 33166.

Background

In an effort to accelerate the continued success of the PTP Neighborhood Improvements initiative, PWD is taking advantage of various contracting mechanisms such as the subject Miscellaneous Construction Contracting process available under OCI contract CICC 7360-0/08. Through this process, PWD forwards the RPQ, by way of facsimile transmission, to a pool of firms that have registered with OCI for the subject trade. Additionally, PWD advertises the project in the Daily Business Review and all solicitations are available on-line through the Miami-Dade County portal under the "Procurement Solicitations" link. The project award evaluation is based upon the lowest sum bid submitted by the responsive, responsible bidder for the project.

PWD staff submitted the referenced project to the SBD Review Committee. The Review Committee met on December 10, 2008, reviewed RPQ 20080260 and recommended no contract measures for this project. Therefore, on December 26, 2008, PWD forwarded an RPQ for the Internally Illuminated Street Name Signs Installation Contract, utilizing the OCI contract CICC 7360-0/08, to a list of 47 qualified firms. Sixteen (16) firms purchased contract documents and nine (9) firms proffered a bid. Under Power Corp. proffered the lowest responsive, responsible base bid of $374,665.00, 15% below the County's cost estimate; the second lowest bidder, Gancedo Technologies, Inc., proffered a base bid of $378,282.00, 1% over the lowest bidder; the third lowest bidder, Republic ITS, Inc., proffered a base bid of $378,695.00, .10% over the second lowest bidder. As a result, on February 17, 2009, PWD issued a recommendation of award for RPQ 20080260 to Under Power Corp., with the stipulation that approval of this project must be obtained from the BCC and the CITT due to guidelines associated with the funding source.

The work to be accomplished for this project consists of, but is not limited to, furnishing all supervision, labor, required materials, tools and equipments required to provide the installation of internally illuminated street name signs at various intersections in Miami-Dade County. The work includes the removal of existing overhead signs, relocation of existing signal heads and tree trimming in conflict with the proposed scope of work as directed by the Engineer. The Contractor shall keep the Engineer informed at all times of his work schedule, in order for the project to be inspected during all phases of installation, including wire splicing, installation of conductors and any work involving the electrical connections at the controller cabinet.
