MIAMI-DADE COUNTY

(Public Hearing 11-17-15)

Date: November 3, 2015

Agenda Item No. 5(C)

To: Honorable Chairman Jean Monestime
and Members, Board of County Commissioners

From: Carlos A. Gimenez
Mayor

Subject: Proposed Zoning Ordinance Amending the Model City Urban Center Zoning District – Zoning Hearing Application No. Z15-024

Ordinance No. 15-131

Attached please find material related to a zoning application filed in accordance with Section 33-284.89.3 of the Code of Miami-Dade County (Amendments to Urban Center District Land Use Plan Category or Other Regulating Plan). The material consists of a proposed ordinance containing the applicant's proposed revisions to the Model City Urban Center District regulating plans and related text as well as the Department of Regulatory and Economic Resources' staff report. This item is quasi-judicial.

The proposed ordinance is not anticipated to have a fiscal impact on Miami-Dade County as described by Ordinance No. 15-59 and would not result in additional staffing needs or future operational costs for County administration. The ordinance is required as part of the quasi-judicial process associated with these types of zoning-related applications. Activities related to this application are absorbed by the administering department through fees assessed to the applicant.

The accompanying recommendation of the Director, which was prepared in accordance with Section 33-284.89.3 of the Code of Miami-Dade County, includes, among other things, a compatibility analysis and conclusion that satisfies the requirements of Ordinance No. 15-83, regarding social equity, to the extent applicable to this item.

Jack Osterholt, Deputy Mayor

Recommendation Summary for Model City Urban Center District (MCUCD)	
Commission District	2
Applicant	3000 NW 62 Street, Inc.
Summary of Requests	This application is to update the land use regulating plan of the Model City Urban Center District (MCUCD) to change the designation of the subject property from MC, Mixed-Use Corridor to MCS, Mixed-Use Corridor Special.
Location	West side of NW 27th Avenue, between NW 60th and NW 61st Streets, Miami-Dade County, Florida.
Property Size	±0.74-acres
Existing Zoning	Model City Urban Center District
Existing Land Use	Car wash on one parcel, remainder vacant.
2020 - 2030 CDMP Land Use Designation	Urban Center
Comprehensive Plan Consistency	Consistent with interpretative text, goals, objectives, and policies of the CDMP
Applicable Zoning Code Section(s)	Section 33-284.89.3 Amendments to Urban Center District Land Use Plan Category or Other Regulating Plan
Recommendation	**Approval**

REQUEST:
MODIFICATION of the land use regulating plan of the **Model City Urban Center District (MCUCD)** to change the designation of the subject property from MC, Mixed-Use Corridor to MCS, Mixed-Use Corridor Special.

PROPERTY HISTORY & DESCRIPTION:
The subject property consists of three parcels located south of NW 61st Street, west of NW 27th Avenue and north of NW 60th Street. The respective folios are 30-3116-009-7420, 30-3116-009-7430 and 30-3116-009-7440. Two of the parcels are currently vacant while the third is improved with a hand car wash facility.

On February 2, 2010, the Board of County Commissioners (BCC) adopted Ordinance No. 10-13 establishing the MCUCD. The properties within MCUCD boundaries were rezoned to MCUCD on October 20, 2011 pursuant to Resolution No. Z-12-11. At the time of the rezoning, the land use regulating plan classified the subject property as MC, Mixed-Use Corridor, which did not permit automotive uses as of right; however, the automotive use being conducted in one of the parcels was allowed to continue as a non-conforming use. The approval of this application would permit the modification of the land use regulating plan to change the designation of the subject property from MC, Mixed-Use Corridor to MCS, Mixed-Use Corridor Special, which permits automotive-related and other commercial uses not permitted under the MC designation. Approval of this application would also enable the unified development/redevelopment of the subject property with an MCS authorized use.

RECOMMENDATION:
In staff's opinion, the modification of the MCUCD land use regulating plan for the subject property would provide uses similar to those permitted on the properties to the north and south, which are designated as MCS on the MCUCD land use regulating plan. Staff notes that the existing MC designation does not permit automotive related uses nor certain BU-3 uses unless they are explicitly listed in the Standard Urban Center Land Use Group table under MC. Uses

that are permitted in the MCS category include residential, civic, office and commercial, including automotive-related. Staff notes that the proposed MCS category also permits automotive uses, as was previously permitted on the property prior to the rezoning to MCUCD. The location of the property along NW 27th Avenue, a well-travelled 4-lane divided major roadway, is appropriate for the type of uses permitted in the MCS category. Staff opines that those uses permitted in the MCS category are **compatible** with existing uses in the area, and the intensification of uses will be in harmony with the surrounding area.

The proposed amendment to this ordinance would permit the redevelopment of the subject property with uses which are **compatible** with those found in the area and **consistent** with the intensification policies provided by the CDMP urban center text. Therefore, staff recommends approval of the modification to the land use regulating plan of the MCUCD.
