THE CLASSIFIED SERVICE PORTION OF THE PAY PLAN FOR THE COUNTY SERVICE SHALL BE ADMINISTERED IN ACCORDANCE WITH THE REQUIREMENTS OF ARTICLE IV OF THE MIAMI-DADE COUNTY CODE AND CHAPTER V OF THE PERSONNEL RULES PAY PLAN PROVISIONS.

I. GROSS COMPENSATION

All rates in the salary schedule represent base compensation. Rates for hourly employees are displayed in the biweekly schedule; however, specific hourly rates used for computation are enumerated in the Rate Table in the back of the Pay Plan. Rates do not include the cost of the value of meals, uniforms, housing, other fringe benefits, supplements, exceptions or bonuses. Official payroll computations are based on the hourly rates appearing in the Pay Plan. Payroll disbursements are made biweekly and correspond with the biweekly schedules.

II. WORKWEEK HOURS

All pay rates are established on the basis of a forty (40) hour workweek, unless otherwise noted. Most full-time County employees are scheduled to work forty (40) hours weekly. Exact days and hours of work may vary. Hourly paid employees entitled to overtime shall receive it in accordance with applicable laws and collective bargaining agreements. Classification titles designated with a plus (+) are assigned to a "job basis" work schedule. Employees serving in these positions are required to work varying schedules as necessary to accomplish the required work. The majority of these positions will normally require a forty (40) hour workweek, but if more than forty (40) hours of work are required, overtime compensation provisions shall not apply. Non full-time, job basis employees will be treated as hourly employees and are eligible for overtime if they work 40 hours in the workweek.

Effective December 1, 2016 employees earning less than $47,476 annually will be entitled to overtime compensation while occupying "job basis" classifications. Those classifications that will be impacted by the new Fair Labors Standard Act (FLSA) guidelines are designated with a (#) sign. More specific information on the new FLSA rules can be found in Section XXI.

The workweek for all County personnel shall be from 12:01 a.m. Monday to 12:00 midnight the following Sunday except for some employees in the Transport Workers Union bargaining unit whose workweek shall be from 12:01 a.m. Sunday to 12:00 midnight the following Saturday. The workweek as herein defined shall be the basis for determining overtime compensation except for employees engaged in fire protection or law enforcement activities.

III. FURLOUGH LEAVE

Furlough Leave is defined as hours observed without pay.

IV. OVERTIME COMPENSATION

Non-bargaining unit employees serving in eligible (non-job basis) classifications shall receive overtime compensation at the rate of one and one-half times their assigned hourly rate of pay.

All work authorized to be performed by full-time non-job basis non-bargaining unit employees in excess of forty hours work performed per week, as determined by the Department shall be considered overtime work. Except as otherwise provided in collective bargaining agreements, for the purpose of defining and computing overtime, absences from duty in pay status shall not be considered as time worked, except that:

(a) Time off with pay for education leave shall be considered as time worked.
(b) Time off on a County recognized holiday falling on the employee's regularly scheduled work day shall be considered as time worked. This includes a scheduled Floating Holiday or Birthday Holiday and Holiday Leave.
(c) Administrative leave shall be considered as time worked.

The computation of overtime pay and charging of leave time will be rounded to the nearest quarter of an hour, except for those employees represented by the Transport Workers Union whose computation will be governed by the prevailing collective bargaining agreement.

Compensatory time may not be granted in lieu of overtime payment, except where provided for in collective bargaining agreements and subject to maximum accruals set by law. If compensatory time credits are permitted in lieu of cash payment, leave will accrue at the rate of one and one-half times the time worked, rounded to the nearest quarter of an hour and in accordance with applicable overtime rules.

Although certain classifications have been designated as job basis, it must be emphasized that Fair Labor Standards Act (FLSA) regulations on exemptions from overtime payment address the actual job duties of the employee and are not concerned with job titles, civil service classifications or other group identifications. This makes it difficult to generalize whether any particular class of employees is exempt from overtime without looking at individual work duties. Therefore, it is important to understand that job basis designations for County job classifications reflected within this Pay Plan do not necessarily ensure compliance with the overtime eligibility provisions of the Fair Labor Standards Act for specific positions. Departments should consult the Human Resources Department, on FLSA issues of overtime eligibility for specific positions.

Unless otherwise provided in a Collective Bargaining Agreement, an employee required to work at least two hours immediately subsequent to his normal work shift, as a continuous extension of same, shall be provided with a one-half hour meal break with pay.

V. SPECIAL PAY PROVISION

(A) Leadworker

When recommended by the concerned departmental appointing authority and approved by the Human Resources Department, an employee may be designated as a leadworker if the following conditions exist:

A leadworker is assigned responsibility by the appointing authority to supervise one or more employees who are ordinarily classified the same as the leadworker. Leadworkers perform their tasks under the direction of a supervisor of a higher level. Supervisors usually cannot be present to give constant supervision to the work because of duties and assignments which take them to other areas.

Leadworker designations may also be authorized by the Human Resources Department, for certain positions where extraordinary duties and responsibilities are required. An employee designated as a leadworker shall receive the equivalent of one (1) pay step. A leadworker pay provision does not affect the employee's pay anniversary date. Leadworker pay provisions may be assigned and removed at the sole discretion of the County. **(01)**

(B) Trainee

An employee officially designated as a trainee by the Human Resources Department, may be compensated at a salary step below the minimum rate established for the classification. The trainee rate is calculated by reducing the entry salary step by an amount equivalent to the percentage difference between pay steps of the subject classification. The specific pay rate, length of training period, and pay advancement must be approved by the Human Resources Department, for each training program.

VI. SHIFT DIFFERENTIAL

(A) Night Shift (Non-Bargaining)

Non-bargaining unit employees, who are assigned to a work shift having the major portion of the hours scheduled after 6:00 p.m., shall receive the equivalent of two (2) pay steps. **(21)**

A work schedule which is divided equally before and after 6:00 p.m. shall entitle an assigned employee to the equivalent of one (1) pay step. **(05)**

Employees assigned to work schedules which encompass 24-hour shifts are ineligible for this pay differential except where provided for in the collective bargaining agreement. Employees in the classification of Guard and Guard Supervisor are not eligible for this pay differential.

Night shift pay differential shall not be included in the payment of accrued annual, sick, holiday or compensatory leave upon separation from the County service, nor shall it be considered as part of base pay for the purpose of calculating promotions.

Employees may be assigned to an irregular night shift for one or more days in a standard workweek. Night shift pay differential will be authorized for each complete night shift worked in the workweek.

(B) Night Shift (Bargaining Unit)

Refer to each respective collective bargaining agreement for eligibility.

(C) Split Shift

Employees required to work an eight (8) hour shift, with interim time off which consumes more than one (1) hour, shall receive the equivalent of one (1) pay step in addition to the normal pay rate when approved by the Human Resources Department. **(04)**

VII. SPECIAL WORK SHIFTS

6008 GUARD
1277 GUARD SUPERVISOR
Night shift differential does not apply to the classifications listed above.

4101 FIREFIGHTER
4105 FIRE LIEUTENANT
4113 FIRE DEPARTMENT HELICOPTER CO-PILOT
Employees in the classifications listed above are assigned to shifts averaging 48 hours weekly. Incumbents may be assigned to non-combat duties and work a 40 hour week with no reduction in pay.

VIII. SERVICE PAY PREMIUMS

Eligibility for Long Service Pay Premiums will be determined by the Mayor for non-bargaining unit exempt and classified employees who work in departments under the Mayor's purview. The determination of whether such premiums shall be paid to employees who work in departments or offices that are not under the Mayor's purview shall be within the discretion of the appropriate appointing authority. Bargaining unit employees shall be paid in accordance with the terms and conditions of their collective bargaining agreement.

(A) Service In-Grade Pay (Longevity Steps)

Employees may receive additional pay step increments for continuous service in the same classification. Eligibility calculations for service in-grade requirements are based on County service after October 1, 1957. Eligibility criteria is defined in Administrative Order 7-19; except as otherwise provided in collective bargaining agreements.

1. Advancement to **longevity step 1** may be made after completion of five (5) consecutive years of service at the maximum rate of the salary range. Such advancement shall be one (1) pay step beyond the normal maximum rate.

2. Advancement to **longevity step 2** may be made after completion of five (5) consecutive years of service at longevity step 1 of the salary range. Such advancement shall be one (1) pay step beyond longevity step 1.

(B) Longevity Bonus Award

The Mayor, at his discretion, may change or eliminate the longevity bonus award benefits for non-bargaining unit classified and exempt employees under his purview. The determination of whether such premiums shall be paid to employees who work in departments or offices that are not under the Mayor's purview shall be within the discretion of the appropriate appointing authority.

Bargaining unit employees shall be paid in accordance with the terms and conditions of their collective bargaining agreement.

Employees with fifteen (15) or more years of full-time continuous (uninterrupted) County service may be eligible for an annual lump sum longevity bonus in accordance with the following schedule.

Years of Full-time Continuous Service	% of Base Salary
15	1.5
16	1.6
17	1.7
18	1.8
19	1.9
20	2.0
21	2.1
22	2.2
23	2.3
24	2.4
25	2.5
26	2.6
27	2.7
28	2.8
29	2.9
30+	3.0

Employees who separate from the County service in good standing for reasons beyond their control are those who are in the Deferred Retirement Option Program and resign in accordance with program guidelines on the last day the employee is permitted to work, those who die while employed in the County service, those whose medical problems force them to take disability retirement, and those whose layoff rights expire may eligible for a pro-rated longevity bonus based on the number of creditable pay periods.

IV. SALARY ADMINISTRATION

The Mayor, at his discretion, may change or eliminate the employees' insurance contribution; restore or suspend flex dollars, premium pay, merit increases, longevity bonus award benefits; and revise the employees' merit increases for non-bargaining unit classified and exempt employees under his purview.

The determination of whether merit increases shall be paid to employees who work in departments or offices that are not under the Mayor's purview shall be within the discretion of the appropriate appointing authority.

Bargaining unit employees shall be paid in accordance with the terms and conditions of their collective bargaining agreement.

Salary increases within appropriate ranges shall be recommended on the basis of merit rather than solely on the basis of the passage of time.

For employees hired prior to November 1, 1991 with no subsequent break in County service on or after that date, Step 5 will be the entrance step and advancement to the second pay step (pay step 6) may be recommended after six (6) months of continuous, meritorious service, unless otherwise specified by CBA. Further advancement in a pay range may be recommended after pay step six (6) is granted at one (1) year intervals up to the maximum step in a pay range.

For employees hired on or after November 1, 1991, pay step 1 will be the entrance pay step and advancement to the second pay step (pay step 2) may be recommended after six (6) months of continuous meritorious service, unless otherwise specified by CBA. Further advancement in a pay range may be recommended after pay step two (2) is granted at one (1) year intervals up to the maximum step in a pay range.

Upon approval by the Human Resources Department, non-bargaining unit employees who are exempt and occupy professional, administrative and secretarial classifications may be placed on pay step 99 in the Pay Plan. The range for these employees will be defined as minimum, pay step 1, and maximum, pay step 12.

Certain classifications in the classified service are comprised of open pay ranges in lieu of pay steps. Employees appointed to the entrance minimum of such a pay range will be eligible for a merit increase after completion of 26 pay periods of continuous, satisfactory job performance. Such merit increases shall not exceed five (5%) percent, unless otherwise approved by the Mayor.

Exempt employees in secretarial classifications who are appointed to the entrance minimum of the clerical pay ranges will be eligible for a merit increase after the completion of thirteen (13) pay periods on continuous, satisfactory job performance.

The Department of Transportation and Public Works Rules and Regulations and Collective Bargaining Agreement with the Transport Workers Union Local 291 prescribe additional salary and work schedule administrative practices for employees covered by TWU agreement. For employees hired prior to November 1, 1991, the entry level is pay step 5. Refer to the Pay Plan Guide for entry steps for employees in TWU classifications on page 71-72.

X. PROMOTIONS

The application of promotional calculation provisions which reference pending merit increases will be determined by the Mayor for non-bargaining unit exempt and classified employees, who work in departments under the Mayor's purview. The determination of the application of this promotional calculation provision to employees, who work in departments or offices that are not under the Mayor's purview, shall be within the discretion of the appropriate appointing authority. Bargaining unit employees shall be paid in accordance with the terms and conditions of their collective bargaining agreement.

A promotion is the assignment of an employee to a classification having a higher maximum salary than his/her current classification. The maximum pay rate is the maximum of the pay range for classifications assigned to a pay grade range or the second longevity step for classifications assigned to a pay step range. The employee's date of hire must be considered when calculating a promotional increase. For an employee hired prior to November 1991, the entry level is step 5 and for an employee hired after November 1991, the entry level is step 1, unless otherwise specified by a collective bargaining agreement, such as in the case of the TWU.

A promotional increase for an employee being promoted in the exempt service is at the discretion of the concerned department director; however, the typical promotional increase is 5% above the employee's current pay rate, or the minimum of the pay range, whichever is greater. Salary increases greater than 5% must be approved by the Mayor.

An employee being promoted in the classified service must be granted at least a one (1) pay step increase above the pay step within the employee's current classification provided such increase does not surpass the maximum of the new pay range.

When an employee in a pay grade range is promoted to a classification with pay steps, add 5% to the current biweekly rate. The new pay rate must be equal to or exceed the minimum rate of the new pay step range.

An employee being promoted in the classified service, who is within three pay periods of receiving a scheduled merit increase, shall receive the merit increase prior to calculating the promotional rate of pay provided the employee's performance is satisfactory. The performance evaluation must be attached to the promotional Personnel Change Document (PCD) in order for the merit increase to be considered.

XI. DEMOTIONS

A demotion is the assignment of an employee to a classification having a lower maximum salary than his/her current classification. The maximum rate for a classification is defined as the maximum of the pay range for graded positions or the second longevity step for classifications assigned to a pay step range.

A demotion of an employee in the classified service will be determined by comparing the maximum salary of both the old and new classifications. If the new maximum is a decrease in salary of one step or more, the personnel action will be considered a demotion. If the decrease is less than one step, the personnel action will be considered a lateral pay action, and the employee preserves his/her classified rights to the former classification.

When an employee in the classified service is demoted as the result of a disciplinary action, the employee will be credited with time served in all the classifications that are higher than the classification to which the employee is being demoted. There will be no change in anniversary date.

When an employee is demoted to a classification with a salary range and the employee's current salary falls within that range of the new classification, the employee will be placed in the range with no change in salary. There will be no change in the anniversary date.

When an employee is demoted to a classification with a salary range and the employee's current salary exceeds the maximum of the salary range of the new classification, the employee will be placed at the maximum of the salary range. There will be no change in the anniversary date.

When an employee is demoted due to failure of probation, the employee will be returned to the pay step in the prior classification from which he/she was promoted. Time served in the higher class will be credited toward his/her merit increase in the lower class. There will be no change in anniversary date.

When an employee is demoted as the result of layoff/pipeline assistance, ADA placement, voluntary or administrative actions and the employee's rate of pay falls between pay steps in the lower classification, the employee will be placed on the next highest step, not to exceed longevity step 2. The anniversary date will not be changed.

XII. TEMPORARY JOB CLASSIFICATIONS AND SALARY RANGES

The Mayor or the County Attorney may establish, assign and maintain appropriate job classifications, salary ranges, and pay supplements for classified service as well as exempt service positions as deemed operationally necessary on a temporary basis until such time as the appropriate Pay Plan Amendment is submitted to the Board of County Commissioners for adoption. These salary ranges shall be established to meet budgetary needs as determined by the Mayor or County Attorney, but in no event shall they exceed the ranges of similar existing classifications or pay grades contained in this Pay Plan.

XIII. EXECUTIVE AND EXEMPT PROFESSIONAL/MANAGERIAL PAY RANGES

The Mayor will establish and maintain appropriate pay grades for exempt professional/managerial and senior exempt executive employees. These employees may receive increases within the ranges indicated below on the basis of a performance review by the Mayor or the Mayor's designee. These ranges represent gross biweekly minimum and maximum compensation. Longevity pay step increments will not apply to these classifications.

XIV. SALARY REVIEWS FOR EXEMPT NON-BARGAINING UNIT PROFESSIONAL/MANAGERIAL EMPLOYEES

A Department Director may recommend a performance-based salary increase greater than 5% within an employee's merit review year. Increases greater than 5% must be approved by the Mayor or the Mayor's designee.

The Mayor, at his discretion, may change or eliminate merit increases for non-bargaining unit classified and exempt employees under his purview.

The determination of whether merit increases shall be paid to employees, who work in departments or offices that are not under the Mayor's purview, shall be within the discretion of the appropriate appointing authority. Employees who work in departments that are not under the Mayor's purview shall be paid in accordance with the authority of that elected official or executive officer.

XV. PERFORMANCE-BASED BONUS FOR NON-BARGAINING UNIT EMPLOYEES

Non-bargaining unit employees may be eligible for a one-time, non-recurring performance based bonus. These bonuses do not change employees' base pay or anniversary dates. Such bonus payments must be authorized by the Mayor, the Mayor's designee or the County Attorney.

XVI. EXECUTIVE BENEFIT PROGRAM

Executive benefits may be provided to eligible employees who are not under the Mayor's purview. The Mayor or County Attorney may review this program periodically and recommend changes that are deemed appropriate to further the purpose of the program.

XVII. EXEMPT CLASSIFICATIONS

Certain classifications have been designated as exempt from the classified service as set forth in Section 2-41 of the Code of Miami-Dade County, Florida.

XVIII. WAGE ADJUSTMENTS & OTHER BENEFITS FOR NON-BARGAINING UNIT EMPLOYEES AND COUNTY OFFICERS

The following compensation and benefit changes for all non-bargaining unit exempt and classified employees who work in departments under the Mayor's purview shall be implemented.

The determination of whether these changes shall be applied to employees who work in departments or offices that are not under the Mayor's purview shall be within the discretion of the appropriate appointing authority.

(A) Retirement

In accordance with Florida Statute 121.055, those employees who occupy exempt executive group 1 and group 2 level County positions, and those who are in the classifications of Deputy Mayor, Director, Deputy Director, and Assistant Director are hereby designated to be in the Senior Management Service Class of the Florida Retirement System.

(B) Group Insurance and Flex Dollars

The Mayor, at his discretion, may restore or suspend flex dollar benefits for non-bargaining unit classified and exempt employees under his purview. The determination of whether such premiums shall be paid to employees who work in departments or offices that are not under the Mayor's purview shall be within the discretion of the appropriate appointing authority.

The County will provide $1,000 annually or $38.46 biweekly in Flex Dollars to all County employees eligible for group health insurance.

Employees enrolled in the AvMed High Option HMO, or the AvMed Select Network HMO will receive an additional $5 biweekly, for total Flex dollars of $43.46 biweekly.

Employees enrolled in the AvMed Low Option will receive an additional $10 biweekly, for total Flex dollars of $48.46 biweekly.

Employees enrolled in the County's Point of Service (POS) Medial Plans shall be required to contribute to the cost of single coverage.

(C) Insurance Contribution

Non-bargaining unit exempt and classified employees who work in departments under the Mayor's purview may be required to make a contribution of employees' base wages towards the cost of the County's group health insurance to the extent permissible by law.

The determination of whether contribution shall be paid by employees, who work in departments or offices that are not under the Mayor's purview, shall be within the discretion of the appropriate appointing authority to the extent permissible by law and pursuant to consultation with the Human Resources Department.

XIV. LIVING WAGE - SECTION 2-8.9 OF THE CODE OF MIAMI-DADE COUNTY

	Living Wage Hourly Rate
• Employees Eligible for Health Insurance:	$9.00 per hour
• Employees Not Eligible for Health Insurance:	$10.30 per hour

On May 11, 1999, the Board of County Commissioners passed and adopted the Living Wage Ordinance. This establishes a Living Wage requirement for personnel hired pursuant to County service contracts and for County employees. It guarantees, for County employees, a Living Wage of no less than $9.00 per hour for employees who are eligible for health insurance and no less than $10.30 for employees who are not eligible for health insurance. For the purpose of administering the Living Wage, certain classifications will not be considered eligible. These classifications include those that only receive stipends; those whose funding is prescribed by grants; and those that solely provide on-the-job work experience.

In accordance with the provisions of the Living Wage for contracted service personnel **(non-County employees)** the Living Wage rate will be adjusted annually by the Consumer Price Index.

XX. FEDERAL AND STATE MINIMUM WAGE

- Federal Minimum Wage: $7.25 per hour – Effective July 24, 2009
- State Minimum Wage: $8.05 per hour – Effective January 1, 2016

The Human Resources Department is authorized to effect the necessary adjustments in Compensation to ensure compliance with both the Federal Minimum Wage Law and the State Minimum Wage by paying whichever is greater.

XXI. U.S. DEPARTMENT OF LABOR – FAIR LABOR STANDARDS ACT (FLSA)

Per the U.S. Department of Labor, on December 1, 2016 new guidelines of the Fair Labor Standards Act (FLSA) become effective. Under the new guidelines, all employees earning less than $47,476 annually or $1,826 biweekly must be eligible for overtime*, regardless of job duties performed*. This is an increase from the current threshold of $23,660 annual or $910 biweekly.

In order for employees to be exempt from FLSA guidelines and thus NOT be eligible for overtime, they must meet the following two criteria:

1. Earn over $47,476 annually/$1,826 biweekly - **AND**

2. Meet one or more of six exemptions – "Performing work whose primary assigned duties are executive, administrative, educational, professional (learned), professional (artistic) or computer related." Employees whose nature of work involves spending roughly more than 80% of their work performing duties as outlined above and meet the $47,476 salary threshold are exempt from FLSA (overtime) guidelines.

XXII. SALARY SUPPLEMENTS

The Mayor, at his discretion, may change or eliminate any pay supplement designated for non-bargaining unit classified and exempt employees under his purview.

Special allowances are provided for employees as described below after approval by the Department Director and the Human Resources Department, or as otherwise designated. It is the responsibility of the concerned department to monitor employees' eligibility for salary supplements and to advise them to the required procedure to obtain supplemental payments. Unless otherwise specified by the terms of a Collective Bargaining Agreement, employees will become eligible for salary supplements effective the beginning of the next pay period following the receipt of all required documentation by the Human Resources Department.

An eligible employee in a classification assigned to a pay grade or non-step salary range may receive a pay supplement. The value of a one-step pay supplement is 5%.

> "Pay Supplements are additional components of pay which are added to an employee's base pay. The types of pay supplements may be in the form of a step increase (1-3 steps) percent or flat biweekly dollar amount. The calculation of base pay plus supplements is defined as the employee's Adjusted Rate. The adjusted hourly rate is the rate used to pay all regular and overtime hours.
>
> Eligibility for supplements may be subject to review and approval by the respective Department Director and the Human Resources Department. Employees will become eligible for certification supplements effective the beginning of the first pay period immediately following the receipt of all the required competency milestones."
