Memorandum

MIAMI-DADE COUNTY

Date: November 1, 2012

To: Honorable Javier D. Souto, Chairman
Recreation and Cultural Affairs Committee

From: Carlos A. Gimenez
Mayor

Subject: Park and Recreation Needs Assessment Survey
Public Meetings

In an effort to better understand the recreation interests and needs of Miami-Dade County residents the Parks, Recreation and Open Spaces Department will administer a countywide Park and Recreation Needs Assessment Survey that will measure a comprehensive range of resident usage, satisfaction, needs, unmet needs, priorities and other services. Approximately 8,000 surveys will be completed of a random sampling of households in neighborhoods across Miami-Dade County. Data collected as a result will be used to both inform and guide future planning, development and programming decisions made by the Department.

As such, four (4) public meetings have been scheduled in an effort to provide residents with the unique opportunity to participate in the Park and Recreation Needs Assessment Survey planning process. Meeting locations were selected geographically (northeast, north central, west and south) so that all residents of the County would have an opportunity to participate if they choose. Residents are encouraged to attend and participate.

Due to inclement weather associated with Hurricane Sandy the north central public meeting originally scheduled for October 25, 2012 at Gwen Cherry Park was postponed and has been rescheduled for Tuesday, November 20, 2012 at 7:00pm.

Attached, for your information, is a copy of the new public meeting advertisement, which will appear in the Neighbors Section of the local Miami Herald newspaper, on the County portal, calendar and the Park's Department web and Facebook page.

Should you have any questions or need additional information, please do not hesitate to contact Jack Kardys, Director of the Parks, Recreation and Open Spaces Department.
