MIAMI-DADE COUNTY

ROADMAP

CONTRACT No. FB-00052; Medical/Industrial Gases and Related Items

I. Purchasing Instructions:

A. Award Description

This contract was established for the purchase of medical and industrial gases and related items. Award was made to the two lowest priced responsive, responsible bidders on a group-by-group basis.
There may be similar items that must be purchased by the County during the term of this contract. Any additional items required may be purchased as needed. Under these circumstances, a County representative will contact the primary vendor to obtain a price quote for the similar services or items.

B. Quotation Directives

1) When a spot market purchase is initiated, all prequalified vendors for the specific group will be invited to participate in spot market purchases through an Invitation to Quote (ITQ). ITQs will include the requirements (i.e. delivery) specific to the spot-market purchase. ITQs may be issued for immediate deliveries, or to establish pricing for items that may be ordered within a specified time period.

2) All quotations issued under this pre-qualification contract must utilize the current and active "terms and conditions" in place that includes the latest legislative changes. Please refer the Procurement Management link http://www.miamidade.gov/procurement/itb-terms-conditions.asp to retrieve the latest version of the General Terms and Conditions and include the latest language in the ITQ.

3) Cone of Silence

Pursuant to Section 2-11.1(t) of the County Code, all ITQ's are subject to the Cone of Silence. All RTQ's must be provided to the Small Business Development Division (SBD) of the Internal Services Department for placement on the Cone of Silence Report upon advertisement. Once an award recommendation is made, SBD must be notified to remove the competition from the report.

4) Application of Preferences

Bid and Local Preferences will be considered when evaluating the offered prices.

Bid Preference and Local Preference will be considered when evaluating the offered prices, as permitted by funding sources. The Bid Preference shall be applied to the offers received from certified Micro/SBE bidders. The resulting Micro/SBE bidders' evaluation prices shall then be compared to the other offers to determine if Best and Final Offers (BAFO's) need be requested in accordance with the Local Preference legislation. For certification information, contact the Sustainability, Planning and Economic Enhancement Department, Small Business Development Division at 305-375-CERT (2378) or at: http://www.miamidade.gov/sba/reports_cert_lists.asp.
