# INFORMATION FOR ORDERING ACTIVITIES
# APPLICABLE TO ALL SPECIAL ITEM NUMBERS

## SPECIAL NOTICE TO AGENCIES
## Small Business Participation

SBA strongly supports the participation of small business concerns in the Federal Acquisition Schedules Program. To enhance Small Business Participation SBA policy allows agencies to include in their procurement base and goals, the dollar value of orders expected to be placed against the Federal Supply Schedules, and to report accomplishments against these goals.

For orders exceeding the micro-purchase threshold, FAR 8.404 requires agencies to consider the catalogs/pricelists of at least three schedule contractors or consider reasonably available information by using the GSA Advantage!™ on-line shopping service (www.fss.gsa.gov). The catalogs/pricelists, GSA Advantage!™ and the Federal Acquisition Service Home Page (www.fss.gsa.gov) contains information on a broad array of products and services offered by small business concerns.

This information should be used as a tool to assist ordering activities in meeting or exceeding established small business goals. It should also be used as a tool to assist in including small, small disadvantaged, and women-owned small businesses among those considered when selecting pricelists for a best value determination.

For orders exceeding the micro-purchase threshold, customers are to give preference to small business concerns when two or more items at the same delivered price will satisfy their requirement.

**MAINFRAME SERVICE MANAGEMENT (MSM)**

Term Pricing:

Term Agreements: A Term License is a license that expires at the end of a given period, or term. It may also be referred to as a time-based license. Customers that purchase Term licenses do not receive perpetual rights; therefore a Term license is a non-Perpetual offering. Term pricing is not published to a price sheet, but rather is a calculation based on the GSA Price. At the end of a Term contract, no migration is required, a new contract will be written. No credits are available for remaining, unused contract term.

Term Pricing Methodology: An annual factor is applied to the Perpetual List Price. Support is included in the price (ESP rates cannot be applied).

Annual Factors:

- Systems Management Model
  - Term Option 1yr – Term Factor is 0.87
  - Term Option 2yr – Term Factor is 0.53
  - Term Option 3yr – Term Factor is 0.42
  - Term Option 4yr – Term Factor is 0.37
  - Term Option 5yr – Term Factor is 0.33
- MSM Simplified Pricing Model: Only one factor is applied, regardless of Term Length,0.40

Calculation:
3yr Term Option from above (systems mgmt): (GSA Price x 0.42) represents the annual term list price

**MIPS PRICING**
When MIPS pricing is utilized a statement of capacity must be sent in. Customer will deliver to BMC a statement, signed by an authorized representative of Customer, containing the information described below for the relevant

Measured Period (a "**Statement of Capacity**") 30 days prior to the first anniversary of the Order Date and each subsequent anniversary date, (each an "**Anniversary Date**"). The "**Measured Period**" is the 1-year period ending 40 days prior to the Anniversary Date, with the first Measured Period being a 1-year period less 40 days from the Order Date. A final Statement of Capacity is also due 30 days prior to the Expiration Date.

**STATEMENT OF CAPACITY INFORMATION**: List all the Computers (by location, model, type and serial number), including all Computers coupled in a parallel sysplex environment, and the MIPS Rating for these Computers, upon which (i) each z/OS subsystem (e.g. IMS, DB2, CICS or VSAM) for which a Product is licensed to operate (a "**Subsystem**") or (ii) each z/OS operating system for which a Product is licensed to operate ("**Operating System**"), has been installed, managed or has operated during the Measured Period. MIPS Rating is the aggregate computing power (expressed in millions of instructions per second) of a Computer, using the MIPS rating set forth in the then current Gartner Group Rating Guide.

**(1)** For each Subsystem MIPS-based Product, the "**Reported Capacity**" equals the highest aggregate MIPS Rating of all the Computers on which a Subsystem has been installed or has operated at any time during the Measured Period.

*Example*: If a Product is licensed to operate with the DB2 Subsystem, then the Statement of Capacity must specify the highest aggregate MIPS Ratings of all the Computers upon which the DB2 Subsystem has been installed or operated.

**(2)** For each Operating System MIPS-based Product, the "**Reported Capacity**" equals the highest aggregate MIPS Rating of all the Computers on which a Operating System has been installed or has operated at any time during the Measured Period.

*Example*: If a Product is licensed to operate with the z/OS Operating System, then the Statement of Capacity must specify the highest aggregate MIPS Ratings of all the Computers upon which the Z/OS Operating System has been installed or operated.

**Delay in Delivery of Statement of Capacity.** If Customer fails to deliver a Statement of Capacity in accordance with the section entitled "Statement of Capacity Requirements" above, BMC will provide Customer with written notice of such failure. If BMC has not received the Statement of Capacity within 15 days of Customer's receipt of this written notice, BMC will be entitled to receive the outstanding Adjustments (as defined below), if any, owed for that Statement of Capacity plus interest equal to the lesser of 1% of such Adjustment per month of delay of delivery of such Statement of Capacity or the maximum interest rate permitted by applicable law.

**BAP PRODUCT FAMILIES PERPETUAL**

**Additional Capacity for the Product Family(s).** During the Term of the Order, if Customer exceeds its Licensed Capacity, Customer must license additional Capacity for the Product Family(s) under this Order based upon the Annual Unit Cost defined in the Order and by exercising a separate order. The calculation will be as follows: (i) the additional Capacity multiplied by (ii) the Annual Unit Cost divided by 12 multiplied by (iii) the remaining months in the Term.

**License Rights After the Term for Perpetual Licenses.** Unless Customer notifies BMC in writing 30 days prior to the Expiration Date of either: (i) its intent to cancel its use of the Product Family for an additional 1-year period in accordance with the terms of the Order, or (ii) a request to BMC to provide a proposal for a new multi-year order based upon Customer's current requirements, Customer will be deemed to have elected to extend the use of the Product Family for the next year.

**Extended Term**. If the use of the Product Family is extended for an additional 1-year after the Term (the "**Extended Term**"), the fee associated with the extension (the "**Extension Fee**") will equal: (a) the Licensed Capacity for each Product Family multiplied by (b) the Extension Unit Cost. For any term extended beyond the Extended Term, the "**Extension Unit Cost**" will be the Extension Unit Cost, under this Order, subject to: (i) a maximum 5% annual increase for the two years after the Extended Term of the Order, and thereafter (ii) a maximum 10% annual increase for each year this Order is extended. The Extension Fee will be invoiced prior to the start of the one-year extension.

**Termination of the Order**. When the Order is terminated by Customer pursuant this Section, Customer will continue to have a perpetual license to the Product Family for only the Products which were a part of the Product Family and the paid for Licensed Capacity at the time of termination. The Product Family will no longer be eligible for Support (except pursuant to Section Reenrollment Fees), the individual Products under the Product Family will not be eligible for Support as standalone Products, and Customer will not receive the rights to any future Products added to the Product Family after such termination. The Product Family perpetual licenses will continue to be governed by the Agreement.

**Reenrollment Fees**. If the Order is terminated and Customer desires to reenroll the Product Family under the terms of this Order, Customer will pay a reenrollment fee equal to: (i) the period from the date the Order for the Product Family was discontinued though the reenrollment date multiplied by; (ii) the then current Extension Unit Cost as of the reenrollment date as described in this Section 3 multiplied by; (iii) the Product Family's Licensed Capacity. In addition to this reenrollment fee, Customer must pay the additional Extension Fee based upon the then-current Extension Unit Cost to enroll the total Licensed Capacity of the Product Family under the terms of this Order for a period of at least 1 year from the reenrollment date. The reenrollment period will be considered an Extended Term.

**BAP PRODUCT FAMILIES TERM**

**Additional Capacity for the Product Family(s).** During the Term of the Order, if Customer exceeds its Licensed Capacity, Customer must license additional Capacity for the Product Family(s) under this Order based upon the Annual Unit Cost defined in the Order and by exercising a separate order. The calculation will be as follows: (i) the additional Capacity multiplied by (ii) the Annual Unit Cost divided by 12 multiplied by (iii) the remaining months in the Term.

**License Rights After the Term for Non-Perpetual Licenses.** Unless Customer notifies BMC in writing 30 days prior to the Expiration Date of either: (i) its intent to extend its use of the Product Family for an additional 1-year period in accordance with the terms of the Order, or (ii) a request to BMC to provide a proposal for a new multi-year order based upon Customer's current requirements, Customer will be deemed to have elected to terminate the use of the Product Family for the next year.

**Extended Term**. If the Customer elects to extend the use of the Product Family for an additional 1-year after the Term (the "**Extended Term**"), the fee associated with the extension (the "**Extension Fee**") will equal: (a) the Licensed Capacity for each Product Family multiplied by (b) the Extension Unit Cost. For any term extended beyond the Extended Term, the "**Extension Unit Cost**" will be the Extension Unit Cost, under the Order, subject to: (i) a maximum 5% annual increase for the two years after the Extended Term of the Order, and thereafter (ii) a maximum 10% annual increase for each year the Order is extended. The Extension Fee will be invoiced prior to the start of the one-year extension.

**Termination of the Order.** If the Order terminates for any reason or the licenses are not renewed, Customer's right to use the Product Family(s) terminates and Customer must immediately de-install the Products, destroy the media and all documentation associated with the Products, and, if requested by BMC, certify its destruction in writing.

## Mainframe Simplified Products (These products are marked with an asterick*)

Support fees will commence at the time of the purchase of license under MSM Simplified Pricing

**SIN 132-33 SOFTWARE MAINTENANCE**.

**MAINFRAME PRODUCTS**
**MAINFRAME SERVICE MANAGEMENT (MSM)**

The maintenance pricing is as contained in the maintenance pricelist.

For all ordering activity customers, the BMC earned revenue based discount of record applicable to the license purchase is then applied as the discount to the software maintenance list price, and/or the upgrade list price, for the purpose of determining net GSA maintenance fees.

BMC also offers ordering activities the following discounts for an annual payment in advance option(does not apply to BAP offering):

At least 2 years but less than 3 years.....5%
3 Years or greater.....10%

***Note: Discounts are exclusive of the IFF requirement.***

**Reinstatement of Maintenance**. In ALL cases where maintenance needs to be reinstated, the Customer must be charged an amount that would be equal to the amount they would have paid had they not let maintenance lapse plus one year of forward support. For Customers that have let maintenance lapse for 2 years or more, the Customer will have the right to buy new licenses if it wishes or be subject to the same policy as the rest of the Customer base (as follows). For Customers that have let maintenance lapse up to 2 years, BMC Software will charge the Customer for all lapsed support at their originally contracted rate times the current List Price plus one year forward support.

For System Management, the lapsed support would be calculated at the Customer's earned revenue based discount of record applicable to the license purchase x the current List Price x 20% + one year forward support.

## Mainframe Simplified Maintenance(These products are marked with an asterick*)

Renewal maintenance under the MSM Simplified Pricing Model consists of the Base Annual Support Fee established at initial purchase, plus any maintenance price increase incurred during the year. After the initial purchase, the MSM Simplified maintenance renewal is no longer linked to the product list price, thus becoming "disassociated".

First-year maintenance establishes the Base Annual Support Fee [BASF].

- The BASF is calculated as the license list price at time of purchase, less the transaction discount times 20% support rate, plus any maintenance price increase incurred during the year.
- Renewal maintenance consists of the BASF, which was established at initial time of purchase, subject to any BASF price increase, as approved by GSA as per the Economic Price Adjustment, incurred during the previous year.
- There is up to 10% maximum base price increase per year on the BASF, as approved by GSA as per the Economic Price Adjustment, after the initial purchase.

BMC also offers ordering activities the following discounts for an annual payment in advance option(does not apply to BAP offering):

At least 2 years but less than 3 years.....5%
3 Years or greater.....10%

***Note: Discounts are exclusive of the IFF requirement.***

**Reinstatement of Maintenance**. In ALL cases where maintenance needs to be reinstated, the Customer must be charged an amount that would be equal to the amount they would have paid had they not let maintenance lapse plus one year of forward support. For Customers that have let maintenance lapse for 2 years or more, the Customer will have the right to buy new licenses if it wishes or be subject to the same policy as the rest of the Customer base (as follows). For Customers that have let maintenance lapse up to 2 years, BMC Software will charge the Customer for all lapsed support at their originally contracted rate times the current List Price plus one year forward support.

For System Management, the lapsed support would be calculated at the Customer's earned revenue based discount of record applicable to the license purchase x the current List Price x 20% + one year forward support.

## Mainframe Simplified Maintenance(These products are marked with an asterick*)

Renewal maintenance under the MSM Simplified Pricing Model consists of the Base Annual Support Fee established at initial purchase, plus any maintenance price increase incurred during the year as approved by GSA per the Economic Price Adjustment. After the initial purchase, the MSM Simplified maintenance renewal is no longer linked to the product list price, thus becoming "disassociated".

First-year maintenance establishes the Base Annual Support Fee [BASF].

- The BASF is calculated as the license list price at time of purchase, less the transaction discount times 20% support rate, plus any maintenance price increase incurred during the year.
- Renewal maintenance consists of the BASF, which was established at initial time of purchase, subject to any BASF price increase, as approved by GSA per the Economic Price Adjustment, incurred during the previous year.
- There is up to a 10% maximum base price increase per year on the BASF, as approved by GSA per the Economic Price Adjustment, after the initial purchase.

b. Term licenses and/or maintenance may be discontinued by the ordering activity on thirty (30) calendar days written notice to the Contractor.

c. Annual Funding. When annually appropriated funds are cited on an order for term licenses, the period of the term licenses shall automatically expire on September 30 of the contract period, or at the end of the contract period, whichever occurs first. Renewal of the term licenses orders citing the new appropriation shall be required, if the term licenses is to be continued during any remainder of the contract period.

d. Cross-Year Funding Within Contract Period. Where an ordering activity's specific appropriation authority provides for funds in excess of a 12 month (fiscal year) period, the ordering activity may place an order under this schedule contract for a period up to the expiration of the contract period, notwithstanding the intervening fiscal years.

e. Ordering activities should notify the Contractor in writing thirty (30) calendar days prior to the expiration of an order, if the term licenses and/or maintenance is to be terminated at that time. Orders for the continuation of term licenses will be required if the term licenses is to be continued during the subsequent period.

Third parties do not include prime Contractors, subcontractors and agents of the ordering activity who have the ordering activity's permission to use the licensed software and documentation at the facility, and who have agreed to use the licensed software and documentation only in accordance with these restrictions. This provision does not limit the right of the ordering activity to use software, documentation, or information therein, which the ordering activity may already have or obtains without restrictions.

(4) The ordering activity shall have the right to use the computer software and documentation with the computer for which it is acquired at any other facility to which that computer may be transferred, or in cases of disaster recovery, the ordering activity has the right to transfer the software to another site if the ordering activity site for which it is acquired is deemed to be unsafe for ordering activity personnel; to use the computer software and documentation with a backup computer when the primary computer is inoperative; to copy computer programs for safekeeping (archives) or backup purposes.

## 11. MISCELLANEOUS TERMS.

BMC is not liable for its failure to perform any obligation under this Agreement during any period in which performance is delayed by circumstances beyond BMC's reasonable control. b. The Contractor shall provide services at the Contractor's facility and/or at the ordering activity location, as agreed to by the Contractor and the ordering activity.

## 2. PERFORMANCE INCENTIVES:

a. Performance incentives may be agreed upon between the Contractor and the ordering office on individual fixed price orders or Blanket Purchase Agreements under this contract in accordance with this clause.

b. The ordering activity must establish a maximum performance incentive price for these services and/or total solutions on individual orders or Blanket Purchase Agreements.

c. Incentives should be designed to relate results achieved by the Contractor to specified targets. To the maximum extent practicable, ordering activities shall consider establishing incentives where performance is critical to the ordering activity's mission and incentives are likely to motivate the Contractor. Incentives shall be based on objectively measurable tasks.

## 3. ORDER:

a. Agencies may use written orders, EDI orders, blanket purchase agreements, individual purchase orders, or task orders for ordering services under this contract. Blanket Purchase Agreements shall not extend beyond the end of the contract period; all services and delivery shall be made and the contract terms and conditions shall continue in effect until the completion of the order. Orders for tasks, which extend beyond the fiscal year for which funds are available shall include FAR 52.232-19 Availability of Funds for the Next Fiscal Year. The purchase order shall specify the availability of funds and the period for which funds are available.

b. All task orders are subject to the terms and conditions of the contract. In the event of conflict between a task order and the contract, the contract will take precedence.

## 4. PERFORMANCE OF SERVICES:

a. The Contractor shall commence performance of services on the date agreed to by the Contractor and the ordering activity.

b. The Contractor agrees to render services only during normal working hours, unless otherwise agreed to by the Contractor and the ordering activity.

d. Any Contractor travel required in the performance of IT Services must comply with the Federal Travel Regulation or Joint Travel Regulations, as applicable, in effect on the date(s) the travel is performed. Established Federal Government per diem rates will apply to all Contractor travel. Contractors cannot use GSA city pair contracts.

e. LICENSE. Subject to the terms of this Agreement, Contractor grants the ordering activity a perpetual, non-exclusive, non-transferable license to use and modify all programming, documentation, reports, and any other deliverables delivered as a result of the Services provided under the Statement of Work ("Deliverables") solely for its own internal use. Except as expressly permitted by applicable law and this Agreement, the ordering activity may not reverse engineer or decompile any Deliverable for the purpose of developing comparable functionality; may not sell, rent, lease, sublicense, timeshare, outsource or otherwise use the Deliverables; and may not export any Deliverable without the appropriate export license exceptions.

f. MUTUAL CONFIDENTIALITY. Each party agrees that at all times during the term of any order, and thereafter, each party will hold in confidence, and will not, other than for purposes of the order, use or disclose to any third party any Confidential Information of the other party. The term "Confidential Information" shall mean all non-public information that each party designates as being confidential, which under the circumstances of disclosure ought to be treated as confidential, and in the case of Contractor the Deliverables. "Confidential Information" includes, without limitation, the terms of any order, intellectual property, marketing or promotion of any product or service of either party, business policies or practices of either party, customers or suppliers of either party, or information received from others that either party is obligated to treat as confidential. The ordering activity's exclusive remedy and Contractor's entire liability under this warranty shall be for Contractor to re-perform any non-conforming portion of the Services within a reasonable period of time, or if Contractor cannot remedy the breach during such time period then refund the portion of the fee attributable to such non-conforming portion of the Services under the Statement of Work. This warranty will not apply to the extent the ordering activity, its contractors or agents have modified any Deliverable, unless otherwise authorized by Contractor in writing. THIS WARRANTY AND CONDITION IS IN LIEU OF ALL OTHER WARRANTIES AND CONDITIONS. THERE ARE NO OTHER EXPRESS OR IMPLIED WARRANTIES OR CONDITIONS, INCLUDING THE IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

i. LIMITATION ON LIABILITY. IN NO EVENT SHALL EITHER PARTY BE LIABLE FOR ANY CONSEQUENTIAL, SPECIAL, INCIDENTAL, OR INDIRECT DAMAGES ARISING OUT OF THIS AGREEMENT (INCLUDING WITHOUT LIMITATION LOSS OF PROFITS, BUSINESS OR DATA, OR COSTS OF RECREATING LOST DATA), EVEN IF THE OTHER PARTY HAS BEEN ADVISED OF THE POSSIBILITY OR SUCH LOSS OR DAMAGE. The order shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply

with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. (a) BMC, its Affiliates or licensors retain all right, title and interest to the Product, Support and all related intellectual property and proprietary rights. The Product and all third party software provided with the Product are protected by applicable copyright, trade secret, industrial and other intellectual property laws. Recipient may not disclose Confidential Information of Discloser to any third party or use the Confidential Information in violation of this Agreement. The Recipient (i) will exercise the same degree of care and protection with respect to the Confidential Information of the Discloser that it exercises with respect to its own Confidential Information and (ii) will not, either directly or indirectly, disclose, copy, distribute, republish, or allow any third party to have access to any Confidential Information of the Discloser. Notwithstanding the foregoing, Recipient may disclose Discloser's Confidential Information to Recipient's employees and agents who have the need to know provided that such employees and agents have legal obligations of confidentiality substantially the same (and in no case less protective) as the provisions of this Agreement. (c) **Notification Obligation**. If the Recipient becomes aware of any unauthorized use or disclosure of Discloser's Confidential Information, then Recipient will promptly and fully notify the Discloser of all facts known to it concerning such unauthorized use or disclosure. In addition, if the Recipient or any of its employees or agents are required (by oral questions, interrogatories, requests for information, or documents in legal proceedings, subpoena, civil investigative demand, or other similar process) to disclose any of Discloser's Confidential Information, the Recipient will not disclose the Discloser's Confidential Information without providing the Discloser with commercially reasonable advance prior written notice to allow Discloser to seek a protective order or other appropriate remedy or to waive compliance with this provision. In any event, the Recipient will exercise its commercially reasonable efforts to preserve the confidentiality of the Discloser's Confidential Information, including, without limitation, cooperating with Discloser to obtain an appropriate protective order or other reliable assurance that confidential treatment will be accorded to the Confidential Information. 10. **DISCLAIMER OF DAMAGES; LIMITS ON LIABILITY**. EXCEPT FOR VIOLATIONS OF LICENSE (SECTION 3), LICENSE RESTRICTIONS (SECTION 4), PROPRIETARY RIGHTS AND CONFIDENTIALITY (SECTION 9) AND FOR INFRINGEMENT CLAIMS (SECTION 12), NEITHER PARTY, ITS AFFILIATES OR BMC'S LICENSORS ARE LIABLE FOR (A) ANY SPECIAL, INDIRECT, INCIDENTAL, PUNITIVE OR CONSEQUENTIAL DAMAGES RELATING TO OR ARISING OUT OF THIS AGREEMENT, SUPPORT, THE PRODUCT OR ANY THIRD PARTY CODE OR SOFTWARE PROVIDED WITH THE PRODUCT (INCLUDING, WITHOUT LIMITATION, LOST PROFITS, LOST COMPUTER USAGE TIME, AND DAMAGE TO, OR LOSS OF USE OF DATA), EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES, AND IRRESPECTIVE OF NEGLIGENCE OF A PARTY OR WHETHER SUCH DAMAGES RESULT FROM A CLAIM ARISING UNDER TORT OR CONTRACT LAW , OR (B) DAMAGES OF ANY KIND IN AN AMOUNT GREATER THAN THE AMOUNT OF ACTUAL, DIRECT DAMAGES UP TO THE CAP. THE TERM "CAP" MEANS (I) IF BMC IS THE PAYOR, THE AMOUNT PAID BY CUSTOMER FOR THE LICENSE TO THE PRODUCT GIVING RISE TO SUCH DAMAGES AND (II) IF CUSTOMER IS THE PAYOR, THE GREATER OF THE AMOUNT PAID OR PAYABLE, BY CUSTOMER FOR THE LICENSE TO THE PRODUCT GIVING RISE TO SUCH DAMAGES.

11. **TRIAL LICENSE**. BMC may determine, in its sole discretion, to make products available to Customer without an Order and without charge Such products are deemed to be "Products" pursuant to this Agreement except that (a) they are provided to Customer solely so that Customer may evaluate internally whether to acquire a license to the products for a fee, (b) the license term for such products is thirty (30) days; (c) the Products are provided "AS

IS" and without any warranty or support, and (d) the products cannot be put into productive use or included as part of Customer's business processes in any manner, unless or until they are expressly licensed and paid for under an Order. BMC may terminate all of Customer's rights and licenses to these products for BMC's convenience upon notice to Customer.

12. **INFRINGEMENT CLAIMS**. If a third party asserts a claim against Customer asserting that Customer's use of a Product in accordance with this Agreement violates that third-party's patent, trade secret or copyright rights ("**Infringement Claim**"), then BMC will, at its own expense: (a) defend or settle the Infringement Claim; and (b) indemnify Customer for any damages finally awarded against Customer based on infringement by the Product. BMC's obligations under this Section will not apply if: (a) BMC's legal department does not receive prompt, detailed written notice of the Infringement Claim from Customer, (b) BMC is not able to retain sole control of the defense of the Infringement Claim and all negotiations for its settlement or compromise, (c) BMC does not receive all reasonable assistance, or (d) the Infringement Claim is based on (i) the use of Product in combination with products not approved by BMC in the Product's Documentation, (ii) the failure of Customer to use any updates to such Product within a reasonable time after such updates are made available to Customer, or (iii) the failure of Customer to use the Product as permitted by the Order and in accordance with the Documentation. BMC will not bind Customer to a monetary obligation in a settlement or compromise, or make an admission on behalf of Customer, without obtaining Customer's prior consent. If BMC determines in BMC's reasonable discretion that use of the Product should be stopped because of an Infringement Claim or potential Infringement Claim, if a court of competent jurisdiction enjoins Customer from using a Product as a result of an Infringement Claim and BMC is unable to have such injunction stayed or overturned, or if BMC settles an Infringement Claim on terms that would require Customer to stop using the Product, then BMC will, at its expense and election: (a) modify or replace the Product, (b) procure the right to continue using the Product, or (c) if in BMC's reasonable judgment, neither (a) or (b) is commercially reasonable, terminate Customer's License to the Product and (i) for any perpetual licenses, issue a refund based upon the applicable license fees paid, prorated over 48 months from the date of the Order under which the Products were initially licensed; and (ii) for any non-perpetual licenses, release Customer from its obligation to make future payments for the Product or issue a pro rata refund for any fees paid in advance. This Section contains Customer's exclusive remedies and BMC's sole liability for Infringement Claims.

13. **TERMINATION**. Upon thirty days advance written notice, either party may terminate this Agreement for its convenience on a prospective basis; however, such termination will have no effect on Orders executed by the parties prior to its effective date and such Orders will remain in full force and effect under the terms of this Agreement. BMC may: (i) terminate an Order and the Licenses to the Products on that Order if Customer fails to pay any applicable fees due under that Order within 30 days after receipt of written notice from BMC of non-payment; (ii) terminate any or all Orders, Licenses to the Products and/or this Agreement, without notice or cure period, if Customer violates the intellectual property rights of BMC, its Affiliates or licensors, or uses the Products outside of the scope of the applicable Licenses; or (iii) terminate all Licenses and this Agreement in whole or in part if Customer commits any other material breach of this Agreement and fails to correct the breach within 30 days after BMC notifies Customer in writing of the breach. Upon any termination of a License, Customer will immediately uninstall and stop using the relevant Product, and upon BMC's request, Customer will immediately return such Product to BMC, together with all related Documentation and copies, or certify its destruction in writing. Neither party is liable for its failure to perform any obligation under this Agreement, other than a payment obligation, during any period in which performance is delayed by circumstances beyond that party's reasonable control.

14. **AUDIT**. Upon BMC's request (such request not to be made more than once per year without good cause), Customer agrees to deliver to BMC written reports, generated manually or electronically, specifying Customer's use of the Product, and to allow BMC to perform an audit at Customer's facilities during normal business hours to ensure compliance with the terms of this Agreement. Customer agrees to cooperate during any audit and to provide reasonable access to information and systems. If an audit reveals that Customer has exceeded the Licensed Capacity for a Product, Customer agrees to pay the applicable fees for additional capacity. If the understated capacity exceeds 5% of the Licensed Capacity of the applicable Product, then Customer agrees to also pay BMC's reasonable costs of conducting the audit.

This Amendment to End User License Agreement for All BMC Software License Agreements ("Amendment") is effective as of the date that it is fully executed ("Effective Date") and is between BMC Software Incorporated ("BMC"), and the U.S. General Services Administration ("GSA"). In consideration of the mutual promises and covenants contained in this Amendment, the parties agree as follows:

This Amendment agreed to by both parties, applies to GSA and any agency or organization ("Ordering Activity") that places an order for a BMC Software product under Contract No. GS-35F-0340W (the "GSA Contract"). This Amendment together with the applicable Software License Agreement or End User License Agreement for the applicable BMC Software (each such license generally referred to herein as the "License Agreement"), governs the Ordering Activity's installation and use of such BMC Software. This Amendment only applies to the License Agreements for those BMC Software products that BMC expressly authorizes the GSA Contract holder to resell or distribute under the GSA Contract pursuant to a letter of supply between BMC and such GSA Contract holder. Unless expressly stated to the contrary herein, all capitalized terms in this Amendment shall have the meaning ascribed to them in the applicable License Agreement for the applicable BMC Software.

b. Pursuant to Section 12.212 of the Federal Acquisition Regulations ("FAR"). BMC and GSA agree that the modifications to the License Agreements are appropriate to ensure compliance with federal laws and to meet the U.S. Government's needs. Accordingly the License Agreements is hereby modified by this Amendment as it pertains to use of BMC's software by any Ordering Activity pursuant to a task order placed under the GSA Contract.

This Amendment shall not apply to prime contractors, state/local government entities, or other entities authorized to make purchases under the GSA contract. In addition, this Amendment shall apply to the Ordering Activity itself, shall only apply to the installation and use of the BMC Software for official government business only on behalf of the Ordering Activity, and shall not apply to any individual who utilizes the BMC Software Products for his or her personal use or for a use.

d. Installation and use of the software shall be in accordance with the License Agreement, unless an Ordering Activity determines that it requires different terms of use and BMC agrees in writing to such terms in a valid task order placed pursuant to the GSA Contract.

1. Scope: Any provisions restricting additions or modifications to the License Agreement are hereby superseded by this Amendment to the extent they would preclude this Amendment or any valid task orders placed under the GSA Contract. Such provisions include the ability of the software manufacture to unilaterally modify the terms of the License Agreement and any requirement to accept terms by means of use, download, or click-through agreements. Notwithstanding the foregoing, GSA and Ordering Activity expressly agree that when an authorized contracting officer of the Ordering Activity places a task order for the BMC Software pursuant to the GSA Contract, all terms of the License Agreement in the effect at the time the product was added to the GSA Contract shall be legally binding on Ordering Activity and shall be given full and legal effect. In the event that Ordering Activity receives BMC Software through a task order that is not authorized by the Ordering Activity's authorized contracting officer or Ordering Activity fails to acknowledge that the License Agreement is binding on Ordering Activity, Ordering Activity shall not be deemed to have any license to the BMC Software and BMC reserves all rights, remedies, and enforcement actions and venues available to BMC under state and federal law, including but not limited to all intellectual property laws without regard to the Dispute Resolution Process or Governing Law provisions of this Amendment.

Notwithstanding the foregoing, any License Agreement clause providing for equitable remedies against the U.S. Government, including an injunction, in the event of a dispute concerning patent or copyright infringement or any other breach of the License Agreement shall continue to apply if an equitable remedy is available under United States Federal Law. Dispute Resolution and Venue: Any provisions in the License Agreement requiring the U.S. Government to follow a specific procedure to raise claims or to resolve disputes are hereby deleted. **per gigabyte range**: A license is required for the total allocated database space per host ID or physical Computer which the Product is managing. The Product may not be moved to another Computer unless the current Computer is taken out of service. The total allocated database capacity cannot be segregated or aggregated into lower or higher ranges among different Computers. For example: if Customer licenses 26-50 gigabytes, the Customer is only licensed for a maximum of 50 gigabytes in total across all the databases of the licensed Product on one particular Computer.
**per installed server:** A license is required for each Server (with a Classification at the appropriate Tier level, if applicable) upon which the Product or any of its components is installed.

**per managed network device:** A license is required for each Network Device managed using a unique IP-address.
**per managed server:** A license is required for each Server managed by the Product or one of its components either locally or remotely. When applicable, this license must be computed at the appropriate tier level based on

the cumulative count of managed servers. In the case of BMC Service and Impact management solutions, Network Devices are not counted as Servers.

**per MIPS:** A license is required for the total aggregate number of MIPS for each Computer, including all Computers coupled in a parallel Sysplex environment, upon which (i) each OS/390 or z/OS subsystem (e.g. IMS, DB2, CICS or VSAM) for which a Product Family is licensed to operate (a "**Subsystem**") or (ii) each OS/390 or z/OS operating system for which a Product Family is licensed to operate ("**Operating System**"), has been installed, managed (Computer or data), monitored, or has operated during the term of the applicable Order. MIPS Rating is the aggregate computing power (expressed in millions of instructions per second) of a Computer, using the MIPS rating set forth in the then current Gartner Group Rating Guide. Computer-specific passwords will be issued for the Product.

**per monitored element:** A license is required for all remotely monitored elements, such as a Server, database, operating system, URL, firewall, storage, or network device.

**per monitored server:** A license is required for each Server (with a Classification at the appropriate Tier level, if applicable) which the Product or one of its components is monitoring regardless of whether the Product is monitoring it locally or remotely.

**per named user:** A license (with a Classification at the appropriate Level, if applicable) is required for all individual employees or contractors or clients of Customer to whom access has been granted to the Product on a computer or multiple computers typically via the issuance of a unique ID regardless of whether the individual is actively using the Product at any given time.

**per node:** A license is required for the maximum number of Nodes which the Product manages and/or monitors. .

**per port:** A license is required for the total port capacity of a managed storage networking device regardless of whether the port is in service. Storage networking devices typically include HBAs (Host Bus Adapters), Storage Switches and Directors. The total port capacity cannot be segregated or aggregated into lower or higher ranges.

**per Server Endpoint:** A license is required for each Server Endpoint.

**per Service Management MIPS:** A license is required for the total aggregate number of MIPS for each Computer, including all Computers coupled in a parallel Sysplex environment, upon which the Product is installed, managed or monitored. MIPS Rating is the aggregate computing power (expressed in millions of instructions per second) of a Computer, using the MIPS rating set forth in the then current Gartner Group Rating Guide.

**per site:** A license is required for the physical site at which the Product is installed regardless of the number of times the Product is installed.

**per task:** A license is required for the maximum number of Tasks loaded into the daily CONTROL-M active environment in a 24-hour period excluding any tasks that are provided for by licenses under alternative Units of Measure (i.e. tier or MIPS). The numbers of steps or scripts executed within the named Task shall have no bearing upon the number of Tasks licensed – the sum total of the commands constitutes a single Task. For **CONTROL-M**: Licensed tasks equal the maximum number of tasks (as described above) loaded into the daily CONTROL-M active environment. For **CONTROL-M/Assist**: Licensed tasks equal the maximum number of tasks (as described above) that will interface a third party scheduler with the CONTROL-M active environment. Control-M/Assist may only be used to interface with the third party scheduler and may not be used to schedule or manage batch processes outside of the cross-scheduler dependencies. **BMC Capacity Management for Mainframes:** Any BMC Capacity Management for Mainframes Product and/or any BMC Performance Analyzer for Mainframes, BMC Performance Predictor for Mainframes, BMC Performance Perceiver for Mainframes, BMC Performance Analyzer for Mainframe Applications and other

related products that may be released as part of the BMC Capacity Management for Mainframes must be licensed for all Computer(s) within the mainframe environment for which the Product or one of its components will process data or execute functionality on behalf of, regardless of whether the Product or one of its components is specifically installed on that Computer. The Products may be installed on or moved to any Computer(s) included in the licensed environment.

**BMC Capacity Management Products:** Any BMC Capacity Management Products, BMC Performance Assurance Product and/or any other related Products that may be released as part of the BMC Capacity Management solutions for distributed systems environments are licensed to the Computer(s) for which the Products are initially assigned and may not be reassigned to another Computer(s) unless the original Computer(s) has been removed from service. "Removed from service" or "out of service" is defined as no longer providing support for a business application or workload. A license is required for all Computers for which the Product or one of its components executes functionality, either locally or remotely.

**CONTROL-M/Assist**: Control-M/Assist may only be used to interface with the third party scheduler and may not be used to schedule or manage batch processes outside of the cross-scheduler dependencies.

**AGGREGATE UNITS OF MEASURE**

The following units of measurements are defined as aggregate units of measure. Aggregate is a mass of distinct things gathered into a total or whole

- Per asset
- Per CPU – Full Capacity
- Per CPU – Sub Capacity
- Per GB
- Per managed component
- Per mips
- Per monitored element
- Per named user (systems management IDM only)/not a aggregate: Fixed License
- Per User
- Per Concurrent User
- Per Task
- Per Value Units: License definition: A license is required for the total aggregate number of "VU"s for each Server.

This is a withdrawn metric, and only customer currently licensed are able to continue the license

NOTE: Additional capacity of an installed product that is purchased on an aggregate metric is not eligible for the free support period.

BMC Software products offered on a tier metric and thus are sold on a "per copy" basis. Products sold on a "per copy" basis receive a free support on each copy purchased that includes the initial purchase and incremental copies acquired in the future. Free support periods do not apply to enterprise-type licensing (ELO) for upgrades or additional capacity once a product is already licensed, or for term-based (non perpetual) licenses.

**PER COPY UNITS OF MEASURE**

- per installed server
- per managed server

**How to determine when free support and warranty is given:**

- **System Management Products**
- MSM - The customer will receive one year free support on the initial purchase of the product title no matter the Unit of Measure (UOM) or contract vehicle.
- MSM – Additional purchases of the same title will not receive one year free support no matter the UOM or contract vehicle.
