

Florida KidCare Overview

Florida KidCare is the State of Florida's health insurance program that covers children ages 0-18. The program is made up of **Florida Healthy Kids, Medicaid, MediKids** and **Children's Medical Services Network**. Families can call 1-888-540-KIDS (5437) or complete an [online application](#) to begin the application process. All Florida KidCare programs are applied for with one application. Florida KidCare will place your child in the program that best meets your child's needs. Florida KidCare is for children, not adults. To qualify for low-cost coverage, a child must be under age 19, must meet income eligibility requirements, must be a U.S. citizen or qualified non-citizen, and must not be in a public institution.

Premiums/Copays <https://www.healthykids.org/cost/premiums/>

Most Florida Healthy Kids families pay just \$15 or \$20 per month. Monthly premiums depend on your household's size and income. If you do not qualify for subsidized coverage, you may be eligible for the full-pay option. The non-reduced monthly premium is \$121/child without dental benefits and \$133/child with dental benefits. You may have to pay small charges or co-payments for some services.

Florida Healthy Kids covers only children 5-18. If your children are older, younger, have special needs or have a lower income, your family may be served by other [Florida KidCare partners](#) (Medicaid, MediKids and Children's Medical Services).

However, families apply for all of these programs using the same application. Florida KidCare will place your child in the program that will best meet their needs.
