DIVISION COMMENTS

- The FY 2012-13 Adopted Budget reflects the Department's new structure, which realigns ITD's operational areas to enhance their ability to manage major upcoming IT initiatives; the enhanced structure includes an Enterprise Resource Planning division that reflects the effort to migrate from legacy systems; the Enterprise Architecture division realigns existing functions to group middleware and web services, database administration and computer architecture and methodologies; 11 positions have been reduced from the department's table of organization
- In FY 2011-12, ITD began working with various County departments including Internal Services, Miami-Dade Police, and Regulatory and Economic Resources to streamline County IT functions; this effort will produce operational efficiencies, expanded capabilities, improved continuity of operations, and better collaboration and information sharing
- The FY 2012-13 Adopted Budget includes a reduction in expenses as a result of negotiated contractual savings from Computer Associates (\$459,000), and Countywide AT&T expenses (\$1,500,000)
- In order to reduce the FY 2012-13 need for General Fund support to the FY 2011-12 budgeted level, ITD took a number of actions including: funding personnel resources providing internal support functions with overhead funding made possible by lower than anticipated rent expenses; funding one resource with customer revenue as a result of a new service level agreement for executive IT support; reducing anticipated expenses for ISD work orders and service tickets for planned building modifications as a result of personnel reorganization; negotiating contractual savings for the GIS vendor and other software licensing maintenance; capitalizing the costs for enterprise security checkpoint firewalls; and, deferring recapitalization of Edge Switch infrastructure for an additional year; it should be noted that the delay in Edge Switch recapitalization increases the risk of hardware failures and reduced capacity to accommodate growth in the volume of transactions and data

Inspector General

The Office of the Inspector General (OIG) serves the residents of Miami-Dade County by identifying fraud, mismanagement, waste, and abuse of power in County projects, programs, and contracts. The Office was created by the Board of County Commissioners (BCC) in response to the public's demand for more accountable government. The BCC determined that oversight of such a large and diverse government required the OIG to be independent and autonomous, so that it could carry out its goals without political interference.

As part of the General Government strategic area, the OIG routinely reviews and evaluates proposals, contracts, and programs for a range of management criteria. The OIG also investigates a variety of cases, including contractors doing business with and/or receiving funds from the County and cases of employee and official misconduct.

The OIG's jurisdiction encompasses all County departments, agencies, instrumentalities, and the programs thereunder. This jurisdiction extends to all County employees, public officials, elected officials, and vendors and contractors doing business with the County. The OIG has been designated a criminal justice agency by the Federal Bureau of Investigation and is accredited by the Commission for Florida Law Enforcement Accreditation based upon statewide standards for Offices of Inspectors General.
