## Port of Miami

Miami-Dade County manages the Dante B. Fascell Port of Miami (POM). The POM is the busiest passenger cruise port in the world and the 11th busiest cargo container port in the United States.

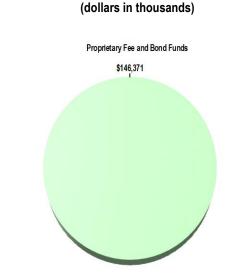

As part of the Transportation and the Economic Development strategic areas, the POM is responsible for meeting the infrastructure needs of the cruise and cargo industries, ensuring the POM is managed efficiently and effectively, and maintaining, renovating, and expanding the Port's facilities. The POM promotes cruise and cargo growth through infrastructure enhancements and throughput capacity improvements combined with an aggressive foreign and domestic marketing program.

As the second largest economic engine in Miami-Dade County, the POM works with the maritime, cruise, and cargo industries; truckers; freight forwarders; various federal and state agencies; the Miami-Dade Police and Fire Rescue departments; and all the ancillary service providers that support these customers.
