FMC SUBRULE: 34-A03

FOR EXPLANATION OF SYMBOLS, SEE PAGE 0-A (AFTER TITLE PAGE)

All charges assessed under this tariff are due as they accrue, and invoices issued by the Port are due and payable upon presentation.

Any invoice remaining unpaid the last day of the month following the month billed is delinquent, and the Port users billed will be placed on a delinquent list.

A delinquent invoice is subject to a penalty charge of one and one half percent (1-1/2%) for each month that said invoice remains delinquent at end of the month.

This penalty charge shall be applied for a maximum period of six months subsequent to which the Seaport shall either negotiate an agreement with the Port user for collection of the delinquent charges, if not previously paid, or pursue standard collection procedures.

Payment for returned checks dishonored by the bank (NSF) shall be made pursuant to Florida Statute (F.S. 832.07). In the event where a Port user has presented more than one (1) NSF check to the Port for payment, the Director, at his discretion, may require the Port User to pay the Port via a cashier's check, payable from a local bank, or an alternative method of payment approved by the Director or his designee.

The Port assigns the responsibility for the collection and payment of all charges assessed on a vessel to the Ship's Agent company authorized by the Seaport Director to file the Request for Ship's Berth Assignment for the vessel. The Port must be paid according to the terms stipulated in this tariff item regardless of when the Ship's Agent, vessel, its owners or agents are reimbursed.

The Port reserves the right to refuse the use of Port facilities and services to any Port user on the delinquent list and to demand payment of charges in advance before further services will be performed or facilities used.

Sales Tax

Rates and charges contained in this tariff are exclusive of any sales tax. Applicable sales taxes shall be paid to the Port at the time and by the entity responsible for payment of the tariff charges for which the tax is imposed.

Cruise and cargo shipping lines may elect to pay all invoices directly to the Port. Shipping lines choosing direct billing may contact the Port's permit section to set up the account, which still requires a permit, insurance coverage and payment guarantee, as per Items 714 and 222 of the Tariff.

Large volume non-terminal operating customers that do not have Board of County Commissioners approved volume agreements, upon certification by the Port's common user terminal operator, that either the customer is anticipated to load/unload in excess of 100,000 tons of cargo per fiscal year, or the customer is participating in a Port approved and Federal Maritime Commission approved, vessel sharing agreement with other lines which will result in the vsa participants loading/unloading over 100,000 tons of cargo per fiscal year, may apply to the common user terminal operator for a certification of Base tons, and upon such certification and written acceptance of same by the Port, may receive the following Tariff incentives on an annual fiscal year basis:

Base Tons (first 100,000 tons per fiscal year)	0% off of applicable published Tariff for Dockage and Wharfage

250,001-500,000 per fiscal year	30% off of applicable published Tariff for Dockage and Wharfage
500,001-750,000 Tons per fiscal year	40% off of applicable published Tariff for Dockage and Wharfage

In any circumstances, no discounts will be applied to Base tons. The Port Director, at his discretion, shall prepare a statement of rules and guidelines regarding the certification process. The incentive discounts enumerated above only apply, where applicable, to dockage and wharfage rates, and shall have no effect on any other fee, rate, or tariff due under any other provision of, Tariff No. 10 or otherwise.

This Item is subject to revision or revocation with 30 days notice at the discretion of the Port Director. The Port has the right to recalculate and reset the Base Year tons every three years in the exercise of its discretion, such recalculation shall be in accordance with the Port Director's guidelines.

In lieu of these tonnage-based discounts, the Director may choose to grant a container/throughput-based discount. The per container rate discount, inclusive or not of crane charges, may be extended to new cargo services calling at any Port terminal offering third party services.

Volume Discounts

At the request by a shipping line, any third-party terminal operator ("operator") shall extend an all inclusive container rate to any existing shipping line that produced more than 85,000 container moves during the Port's previous fiscal year. The all inclusive container rate (hereinafter referred to as "Port Throughput Charge") shall substitute for the existing dockage, wharfage, stand-by, and crane rental charges (regular and overtime) being paid by the shipping line, whether through the Tariff or under the terms of a terminal operating agreement.

The below lift rates, which shall be paid by the terminal operator to the Port on behalf of the shipping line, include Port dockage, wharfage, stand-by, and crane rental rates (regular and overtime) inclusive of start up and tear down charges.

Port Throughput Charge:

0 to 85,000 Lifts	\$72.00 per Lift *
85,001 to 100,000 Lifts	\$60.00 per Lift
100,001 to 115,000 Lifts	\$50.00 per Lift
115,001 Lifts and above	\$40.00 per Lift
New service	\$40.00 per Lift **

* Upon reaching lift 85,000, the shipping line shall be entitled to a \$12.00 per lift rebate from its first lift to its 85,000 lift. In this instance, the rebate shall be issued directly by the Port to the shipping line. There shall be no retroactive rebate to a shipping line if the higher throughput thresholds over 85,000 lifts are met. Also upon the shipping line reaching lift 85,000, the Port will reimburse the operator(s) \$2.00 per lift from the first lift by the shipping line for their respective moves handled.

In the case that the above rates are applied to a shipping line whose containers are shipped to the Port by a shipping line that does not qualify for the above volume discount, the Port will pro-rate any applicable dockage or crane rental charges to the non-qualifying shipping line to account for the charges for containerized cargo made pursuant to the volume discounts above.

Such volume throughput shall be counted from the beginning of each Fiscal Year (October 1 – September 30) for the Port of Miami (tiers resetting every 12 months).

New service container volumes qualifying for the \$40 container rate will not count

toward the calculation of the Volume Discount. However, a line may elect to forego the \$40 New Service rate at the time the service is introduced, thereby allowing the throughput to count toward the Volume Discount. New Service shall cease being deemed New Service as of September 30, 2014, and the volume discount for any New Service shall not extend beyond September 30, 2014

Definitions:

Lift(s): Any container, laden or empty, loaded onto or discharged from a vessel or barge in the Port of Miami, save that transshipments will only count as one (1) Lift and shall be assessed only one (1) Port Throughput Charge. Shiftings and restow moves are excluded.

Fiscal Year(s): Any twelve (12) month period from October 1st to September 30th of the following year.

New Service: Any new vessel line service calling at the Port introduced by a shipping line which exceeds 85,000 moves in a fiscal year after the date of this Tariff publication.

Eligibility:

Only individual shipping lines that produce more than 85,000 moves in a Fiscal Year shall qualify for this Volume Discount program.

The total volume in the Port of an individual shipping line shall include any such shipping line's container moves performed in the Port of Miami, in one or more container terminals, on its own vessels or any other vessel or barge operated by another ocean carrier or barge operator through a vessel sharing or slot charter agreement.

However, if individual shipping lines participate in consortia or vessel sharing agreements with other shipping lines, individual shipping lines shall not be able to include the containers subject to a contract of carriage issued by their partners when calculating their eligibility under this Volume Discount program.

The above rates may vary for lines entering into agreements with the County, whereby the line(s) guarantee an annual minimum throughput commitment.

ITEM

Waterborne inbound cargo received at a terminal from a vessel for subsequent reloading which is not removed from the Port of Miami-Dade, and is reshipped aboard another vessel in waterborne commerce from the Port of Miami-Dade, will be assessed a wharfage rate on the inbound movement only based on the rates set forth in Item 406 Tariff #010.

In order for cargo to be entitled to this transshipment provision, it is required that the owner and/or agent designate upon entry at the Port of Miami-Dade that such cargo is to be transshipped and that a copy of the "Transshipment Cargo Log" be presented with the outbound cargo manifest.

This special transshipment provision shall not apply to trailers or containers, except as noted below. Trailers and containers, empty or loaded, will be assessed wharfage on both inbound and outbound movements and will be allowed two free time periods.

Loaded waterborne containers and trailers that are discharged from a vessel and subsequently reloaded upon a vessel of the same line from the same terminal without the cargo being rehandled in any way and is exported within 30 days will be assessed wharfage on the inbound leg only. It is required that the owner and/or agent designate upon discharge at the Port of Miami-Dade that such loaded container or trailer is to be transshipped and that a copy of the "Transshipment Cargo Log," which clearly identifies the inbound vessel and voyage number, be presented with the manifest of the outbound vessel.

The provisions of this Item shall not apply to wharfage rates that are discounted or established by negotiated contract unless so designated.

Any incurred cost is the responsibility of the user; such as balance of guarantees, meal hours, or any other costs not covered under rental fee or start-up and secure.

It shall be the ship's responsibility to stow all of its cranes in an offshore position prior to the time that the container gantry cranes are put into service.

In the event that it is necessary to use the ship's cranes for any reason while the container gantry cranes are still in use at any time prior to the container gantry cranes' complete removal from the vessel, the container gantry cranes shall have the absolute right of way and all movements of the ship's cranes will be subservient to the container gantry cranes' movements and operations. All cartage companies doing business at the Port of Miami must provide the Permit Section with a list of insured drivers and vehicles on a monthly basis due by the last County business day of each calendar month. Failure to provide the requested information will result in the suspension of the permit until the information is received.

By the conclusion of each month, either the insurance company issuing the policy or the managing general agent for the insurance company issuing the policy must provide the Port of Miami with an ACORD certificate of insurance evidencing at least \$1,000,000 in vehicle liability insurance coverage and a list of the tractors (year, make, and 17-digit vehicle identification number) that are covered under the policy. If the insurance company's managing general agent provides the requested information, the managing general agent must also provide a notarized letter signed by an authorized officer of the insurance company issuing the policy identifying the managing general agent and confirming that the managing general agent has the insurance company's authority to provide the information requested by the Port of Miami.

Information submitted by the insurance company and/or the managing general agent concerning the number of insured drivers will be compared to the Port's identification system as to the number of issued Port ID cards. Discrepancies will result in a suspension of the permit which will be effective two (2) business days after identification and notice of the discrepancy is provided to the permit holder and such discrepancy is not remedied within those two (2) business days.
