## **Judicial Administration**

The Judicial Administration function of the Eleventh Circuit (the Circuit) includes the County-funded activities of the State A ttorney, Public Defender, and the Administrative Office of the Courts.

As part of the Public Safety strategic area, the various entities of the court system strive to attain justice for all residents of Miami-Dade County through the rule of law as an independent branch of government constitutionally entrusted with the fair and just resolution of disputes. In doing so, the Circuit provides equal access to a fair and ef fective system of justice for all wi thout excess cost, inconvenience, or delay, and with sensitivity to an increasingly diverse society. While preserving the constitutional right to trial by an impartial judge or jury, the Circuit also offers efficient methods of dispute resolution such as mediation. The State Attorney is responsible for prosecuting or defending, on behalf of the State, all suits, applications, or motions in which the State is a party. The Public Defender represents people charged with crimes or who are in jeopardy of losing their liberty and cannot afford to hire a private attorney, as well as individuals facing involuntary civil commitment because of mental illness or mental retardation. The Administrative Office of the Courts (AOC), which provides support services to the Judiciary, includes the following areas: case management, courtroom assignments, court reporting, court technology, interpreter operations, human resources, fiscal and procurement management, facilities management, planning, and security. Under Revision 7 to Article V of the Florida Constitution, the State is required to fund the following elements of the State court system on behalf of the State Attorney, Public Defender, and Judiciary: Judges and Judicial Assistants, Law Clerks and Legal research services, Magistrates and Hearing Officers, State Attorneys, Assistant State Attorneys and staff, Public Defenders, Assistant Public Defenders and staff, alternative dispute resolution/mediation, case management, foreign and sign language interpreter services, court reporting, expert witnesses, mental health professionals, court administration, transportation, and travel expenses. The law provides that counties pay reasonable and necessary salaries, costs, and expenses of the State court system to meet local requirements and may fund State Attorney and Public Defender efforts toward the prosecution and defense of violations of local ordinances. Pursuant to F lorida Statute 29.008, the responsibility rests with the Chi ef Judge, in conjunction with the State Attorney and the Public Defender, to identify all local requirements within the Circuit. Counties are obligated to fund communications services, existing multi-agency criminal justice information systems, and the construction, maintenance, utility, and security costs associated with court facilities.

The entities of the court system interact with the Clerk of Courts, other justice agencies, community-based organizations, and the general public.
