

**SUMMARY OF AIRLINE CHARGES
MIAMI INTERNATIONAL AIRPORT
FY 2014-15**

Rate Type	Proposed FY 2014-15
AIRFIELD	
Landing Fees	\$1.58
Loading Bridge	\$35.00
Preconditioned Air:	
Narrow-body	\$18.34
Wide-body	40.58
Jumbo-body	54.15
TERMINAL	
Domestic Arriving Seat	
Concourse	\$4.32
Baggage Claim	1.47
Domestic Departing Seat	
Concourse	\$4.32
Screening	0.46
Baggage Make-up Maintenance (1)	0.76
Baggage Make-up Capital (5)	0.37
International Arriving Seat	
Concourse	\$4.32
International Facilities	1.87
International Departing Seat	
Concourse	\$4.32
Screening	0.46
Baggage Make-up Maintenance (1)	0.76
Baggage Make-up Capital (5)	0.37
Terminal Rent	
Class I	\$83.05
Class II	124.58
Class III	83.05
Class IV	41.53
Class V	20.76
Class VI	83.05
CUTE Rates	
Infrastructure Fee per Departing Seat (2)	\$0.02
Gate Usage Fee per Departing Seat	0.19
Ticket Counter Usage Fee per Departing Seat (3)	
CUTE Equipment Rental	\$0.57
Class I Rental	0.37
Class IV Rental	0.80
Common Use Display	
CUTE Airlines per departing seat (4)	\$0.03

(1) American Airlines is excluded from this charge because this airline maintains its own baggage system.

(2) Fee is paid by all MIA passenger air carriers as an increase in the concourse use fee.

(3) The maximum daily rate per ticket counter position will be \$218.16.

(4) The FY 2014-15 monthly maximum for backwall display is \$50.00 per ticket counter position for exempt carriers.

(5) The Capital Recovery portion of Baggage Make-up is charged to all airlines.

Exhibit - A

Miami-Dade Aviation Department
Summary of New and Revised Rates
FY 2014-15

1	Revise Manual CUTE Ticket Counter Rates	<p>Standard Manual Rate for Widebody Aircraft (over 200 seats) \$509.00 from the current \$551.24, and Narrow Aircraft (100 seats through 200 seats) \$290.86 from the current \$314.99, Regional Commuter Aircraft (20 seats through 100 seats) \$145.43 from the current \$157.50 and Small Turbo Aircraft (under 20 seats) \$72.71 from the current \$78.75.</p> <p>Unauthorized Manual Rate for Widebody Aircraft (over 200 seats) \$1,018.00 from current \$1,102.47, and Narrow Aircraft (100 seats through 200 seats) \$581.71 from the current \$629.98, Regional Commuter Aircraft (20 seats through 100 seats) \$290.86 from the current \$314.99, and Small Turbo Aircraft (under 20 seats) \$145.43 from the current \$157.50.</p>
2	Revise Monthly Rates for CUSS (Common Use Self Service) Units	<p>Revise Monthly Rates for CUSS (Common Use Self Service) Units as follows:</p> <ul style="list-style-type: none"> • Desktop Unit – Revise Desktop rate to \$59.79 ea. per month from the current \$51.82 ea. per month • Standalone Unit – Revise Standalone rate to \$101.31 ea. per month from the current \$131.74 ea. per month
3	Revise CUTE Backoffice Unit charge	Revise CUTE Backoffice monthly charge to \$218.69 per unit from the current \$182.24 per unit.
4	Revise Rental Rates for Non-Terminal Building Properties – Miami International Airport	See attached schedule for building rental rates.
5	Revise Rental Rates for Building Properties – General Aviation Airports	See attached schedule for building rental rates.

6	Revise CUTE Rate Charge Methodology to Departing Aircraft Seat Basis from Hourly Usage Basis	<p>Revise the CUTE rate based on departing aircraft seat for non-exempt carriers.</p> <p>Revise the CUTE rate to \$1.77 per seat from the current rate of \$2.25 per seat.</p> <p>The CUTE rate per departing seat for non-exempt carriers will replace the hourly rates where applicable and in accordance with the Summary of Airline Charges listed above. This change is being implemented to maintain recovery of equipment maintenance and space costs as more passengers use various forms of self-processing technologies (kiosks, internet, smart phones, etc.) that do not require ticket counter services.</p>
7	Revise Class I Terminal Rental Rate to Reflect Class III Terminal Rental Rate	<p>Revise Class I rate to Class III rate since Class I space is no longer considered premium space due to reduced usage of ticket counters resulting from improvements in passenger self-processing technologies (kiosks, internet, smart phone, etc.). This revision also reduces the effect of vacant space while reducing operating costs to airlines. The revision requires the technical approval of the Co-Trustee, who has informally approved the change. In the event the Co-Trustee rejects the change, MDAD will reverse the Class I rate adjustment until such time as the Co-Trustee provides its approval.</p>

8	Revise Fees and Wording for Technical Reviews and Written Comments	<p>The following fees are being established to recover costs associated with technical reviews and written comments which ensure compliance with aviation regulations.</p> <p>Request for Written Comments (to include comments for conceptual development plans) – To recover costs associated with the technical review of proposed land-uses and structures and the issuance of written comments where airspace/land use and land use Letter of Determination (LOD) criteria does not otherwise apply. This fee also applies to conceptual plans in which case MDAD's comments are requested.</p> <p>Development Impact Committee (DIC) or Equivalent Large-Scale Zoning Hearing Application – MDAD Planning Division's review and written comments for the County's Developmental Impact Committee (DIC) zoning hearing applications or any other type of large scale applications where Airspace/Land-Use and Land-Use Letter of Determination (LOD) criteria does not otherwise apply. Fee will be waived if proponent pays for LOD. If the DIC application is conceptual during the review time and when department comments are due, MDAD will charge the \$360.00 even if an Airspace/Land-Use LOD is required in the future.</p> <p>Request for a new MDAD-issued Airspace/Land-Use or Land-Use Letter of Determination (LOD) to provide a time extension for an existing MDAD-issued LOD nearing expiration or already expired. This new LOD is only for an extension of time. All referenced data including, but not limited to, the land use, structure elevation, site plans, address or impacted property folio numbers as well as the actual approval must be identical to the data provided in the previously approved MDAD-issued LOD.</p>
---	--	--

	(continued)	<ul style="list-style-type: none"> • Cell Towers and Other Structures Under 200 Feet Above Mean Sea Level..... \$360.00 • Request for Written Comments.....\$360.00 • Request for Written Comments – Revised Plans.....\$90.00 • Development Impact Committee or Equivalent Large-Scale Zoning Hearing Application.....\$360.00 • Permissible Crane (or Equipment) Height Determination.....\$360.00 • Permissible Crane (or Equipment) Height Determination – Additional Coordinates (per set).....\$45.00 • Request for New Letter of Determination Due to Expiration.....\$360.00
9	Establish Permissible Crane (or Equipment) Height Determination Extension Fee	<p>The following fee is being established to extend the timeframe for approved MDAD-issued permissible Crane (or Equipment) Height Determination provided the location and elevation do not change.</p> <ul style="list-style-type: none"> • Permissible Crane (or Equipment) Height Determination Extension Fee..... \$90.00
10	Establish Motorcycle Parking Fee at Miami International Airport	<p>Establish employee motorcycle parking decal fee of \$180.00 per year to offset costs associated with maintaining motorcycle parking areas at Miami International Airport. Currently, there are no charges for motorcycle parking.</p>
11	Establish Late Revenue Reporting Fee	<p>Establish Late Revenue Reporting Fee for <u>all</u> companies doing business with the Miami-Dade Aviation Department that are required to submit revenue reports on a recurring basis (monthly, quarterly, annually, etc.). Late Revenue Reporting Penalty Fees established under Resolution R-105-03 apply to airlines, leases, concession agreements and permits. The fee of \$50.00 per day, up to \$750.00 per violation, will remain consistent with Resolution R-105-03 and apply to all other companies doing business with MDAD.</p>
12	Establish Wireless Network Access for Multiple Users	<p>Establish Wireless Network Access Fee for Multiple Users in order to provide MDAD internet services and WiFi to airline lounges. Monthly Fee. \$600.00</p>

13.	Revise Minimum Daily Parking Rate for M1 Type Aircraft	Revise minimum daily parking rate for M1 type aircraft to \$11.00 per day for 1 – 5 days from the current \$5.00 per day for 1 - 5 days. The minimum rate of \$5.00 was established without considering aircraft shadow (length x wingspan) but was applied to multiple types and configurations of small aircraft. This revised rate is based on a minimum shadow of 1,800 sq. ft.

Re: Miami International Airport
Non-terminal Rental Rates
October 1, 2014 – September 30, 2015

Dear Mr. González:

Pursuant to Resolution No. R-34-03, we are submitting a summary of our conclusions for:

- 1) Land Rental Rates
- 2) Paving Rates
- 3) Building Rental Rates

Waronker & Rosen, Inc. (formerly as part of Quinlivan /Waronker Joint Venture) has been preparing the annual rental rate report on the non-terminal properties at Miami International Airport since 1994. For the preparation of these annual reports, the following steps have been taken:

- Inspected non-terminal buildings at Miami International Airport in order to determine the condition of the buildings.
- Gathered and analyzed land sales in the areas surrounding Miami International Airport and derived appropriate rates of return on land value from various sources.
- Personally inspected non-terminal properties at major hub airports in the United States and interviewed property managers regarding land rental rates and non-terminal building rates at these airports.

Mr. Emilio T. González, Director
Miami-Dade Aviation Department
August 5, 2014

- Gathered and analyzed building rental rates in the areas surrounding Miami International Airport. The findings indicate there is a direct relationship between office building rental rates at Miami International Airport and the nearby off-airport office buildings rental rates and there is no particular advantage for office tenants being on the airport.
- Gathered and analyzed warehouse rental rates in the Airport West market area, just west of Miami International Airport as well as surrounding industrial markets. Results indicated there is a relationship between off-airport warehouse rental rates and cargo/warehouse rental rates on-airport. The security, minimum truck transportation and/or the ability to bring an aircraft to a cargo building are benefits of being on-airport. Therefore, on-airport cargo/warehouse buildings command a rental premium. This relationship between on-airport cargo rates and off-airport warehouse rates has been examined at other airports.

The market rental rates are based on the data, analyses and conclusions within a report that is available for review in our office.

Market rent is defined as the rental income that a property would most probably command in the open market indicated by the current rents paid for comparable space as of the date of the appraisal.

After analyzing land sales surrounding Miami International Airport and land rental rates at comparable airports the following was considered in the conclusion of market land rates;

- 1) Subject land will be limited to airport and aviation purposes.
- 2) No assignment of leasehold without approval of the County.
- 3) No subordination permitted on said leasehold.
- 4) The General Use Master Plan.

After due study and investigation and taking all factors into consideration which apply to the area leased within the confines of Miami International Airport, it is our opinion that the market rent of the land, as of this date, is as reported on the sheet captioned "Land Rental Rates" (page four).

The real estate market, specifically the Airport West industrial market, has been active over the past two years with price levels for land almost doubling. The land rental rate for Zone 1 was kept level for five (5) consecutive years and then was increased by \$.05 per square foot for the 2013 -2014 period. The continued resurgence of the real estate market and the increasing land values is cause for an increase in land rents for the October 1, 2014 to September 30, 2015 period.

Mr. Emilio T. González, Director
Miami-Dade Aviation Department
August 5, 2014

In estimating the building rental rates, each building structure has been inspected, cargo/warehouse and office rentals in the area were reviewed, building rental rates at comparable airports were reviewed and developers/investors of airport cargo buildings were interviewed. All of the above comparable rental information is contained within the Self-Contained Appraisal Report which is retained in the appraisers' office.

In addition to the comparable building rental information, also considered was the following:

- 1) Use, occupancy and utility of subject improvements.
- 2) Condition and building life expectancy of said improvements.
- 3) Demand for such facilities at the airport.
- 4) Replacement cost estimate less depreciation.
- 5) No assignment of leasehold without approval of the County.
- 6) No subordination permitted on said leasehold.

The rental rates estimated herein presume that the building spaces are in rentable condition and are in compliance with life safety standards which are typical requirements of the landlord (MIA). Assumed is that the buildings have completed their 40 year recertification and meet the code requirements for Miami-Dade County. Such requirements include parking per building type which recently has become an item of concern for the airlines. It must be noted common area parking is not typically quantified as a separate component of rent. Some buildings and building spaces at Miami International Airport are unoccupied and are not in rentable condition. If the tenant decides to expend the cost to bring the building or building space into a rentable condition, the tenant should receive a rent credit at least equal to the amortization of the tenant's expenditure over the term of the lease.

Historically tenants at MIA having issues with the rental rates consider the rates being paid are too high mostly based on what they deem to be the lack of deferred maintenance. The annual rents presume the spaces are in rentable condition, are in compliance with life safety standards, and have a 40 year recertification where applicable. It is typical for the landlord to perform maintenance such as touch up painting, repair of stress cracks, removal of plant growth in stress cracks or expansion joints, replace/repair signage not specific to one tenant, repair leaks and various other items that are not the responsibility of the tenant. Inspection of the buildings at MIA reveals many deferred maintenance items. Repairs which have not been done can affect the longevity of the improvements which ultimately affects the ability to collect rent and the rent that can be charged.

Mr. Emilio T. González, Director
Miami-Dade Aviation Department
August 5, 2014

Private ownership of large industrial and office developments typically have a reserve for replacement, also known as a replacement allowance. These property owners place a specific amount yearly into a reserve account to fund deferred maintenance repairs. The amount is often based on a percentage of the rent collected or an amount per square foot of the collected rent. Recommended is MIA place \$.05 per square foot of total building square footage into a reserve for replacement that is available to Real Estate Management Division for repair of deferred maintenance items. The ability of Real Estate Management to cure deferred maintenance items quicker will enhance the remaining life of the improvements and help to offset higher repair expenses in the future.

There has been continued higher than typical vacancy level in the belly buildings. Last year it was recommended that MIA provide a discount program for available space in these buildings which would offer an 8% discount for every year of a new lease. This year the rates for the belly buildings have been decreased due to the lack of demand. These buildings, without direct access to a ramp area for airplanes, are in competition with newly constructed buildings off airport. While these buildings have the amenity of airside access, potential tenants consider the rent level too high for the benefits achieved. Rates in the belly buildings were decreased for the 2014-2015 period with the reduction not becoming effective until the start date of the first lease for belly cargo warehouse space in fiscal year 2015.

Vehicular and aircraft paving rates have not been increased since 2004. Cost of paving has increased over this period and each of these rates was increased by \$.05 to reflect increased costs of repaving.

The estimated market rents consider that the tenant is responsible for land rental, all utilities, and interior maintenance, except where noted.

Respectfully submitted,

Lee H. Waronker, MAI, SRA
State Certified General Real Estate Appraiser
Certificate No. RZ162

Miami International Airport Land Rental Rates Effective as of October 1, 2014

The following rental rates are to be effective October 1, 2014 and applied to all present and future leaseholds, when applicable. A map of land zone areas is attached.

Land Zone	Actual 2012-2013 Rate	Actual 2013-2014 Rate	Proposed 2014-2015 Rate
1 Airport 1a Airport – vacant land with aircraft access	\$1.55 per sq.ft. \$1.85 per sq.ft.	\$1.60 per sq.ft. N/A	\$1.65 per sq.ft. N/A
2 Commercial sites at SEC of NW 36 th St & NW 72 nd Ave	\$1.90 per sq.ft.	\$2.10 per sq.ft.	\$2.10 per sq.ft.
3 N.W. 21 st St. and N.W. 39 th Avenue	\$2.75 per sq.ft.	\$2.75 per sq.ft.	\$2.75 per sq.ft.
4 Fuel Farm	\$2.00 per sq.ft.	\$2.00 per sq.ft.	\$2.00 per sq.ft.
5 N.W. corner of N.W. 97 th Avenue & N.W. 54 th Street	\$2.40 per sq.ft.	\$2.40 per sq.ft.	\$2.40 per sq.ft.
6 Jai-Alai fronton land area & NW 36 th Street Frontage	\$2.00 per sq.ft.	\$2.10 per sq.ft.	\$2.10 per sq.ft.
7 Commercial Sites on NW 12 th St & North of NW 36 th St	\$1.60 per sq.ft.	\$1.65 per sq.ft.	\$1.65 per sq.ft.

NOTE: There is an additional charge of \$.05 per square foot where special services are provided, such as high intensity lighting, power cost, etc.

Paving Rates

Paving rates are in addition to land rental.

Type of Paving	Actual 2012-2013 Rate	Proposed 2013- 2014 Rate
Standard (Vehicular) Existing	\$.25 per sq.ft.	\$.30 per sq.ft.
Heavy Duty (Aircraft) Existing	\$.70 per sq.ft.	\$.75 per sq.ft.

Building Rental Rates Miami International Airport Effective as of October 1, 2014

The following are the estimated annual square foot building rates for the period October 1, 2014 to September 30, 2015. These rates exclude land, water, sewer, electric, and common area janitorial except where footnoted.

Building #. (Old bldg. #)	Building Description	Actual Rate 2012-2013	Actual Rate 2013-2014	Proposed Rate 2014-2015
49	Offices (A/C) Shop (A/C)	\$6.00 \$6.00	\$6.00 \$6.00	\$6.00 \$6.00

Building Rental Rates Miami International Airport
Effective as of October 1, 2014 (continued)

Loading Dock

Loading dock area has an additional rate of \$1.75 per square foot.

Utility Rates

The rental rates herein exclude utilities (water, sewer and electric) except as footnoted. Utilities shall be applied as a separate charge.

Trailer Parking & Modular Units

Trailer parking has a rate of \$175.00 per space per month for single wide trailers, \$350 per space per month for double wide trailers and \$525 per space per month for a triple wide. Modular units are authorized for temporary use by tenants for office or storage purposes, preceding and/or during construction, and have the rates of \$175.00 per space per month for single wide trailers, \$350 per space per month for double wide trailers and \$525 per space per month for a triple wide.

Automobile Parking

Automobile parking (grade level & non-garage space) has a charge of \$40.00 per space per month. Limousines that occupy no more than a standard parking space/area will be charged \$40 per month. Larger limousines have a rate of \$80 per month. Tour buses and buses in excess of eight (8) feet wide and 18 feet long have a rate of \$150 per month.

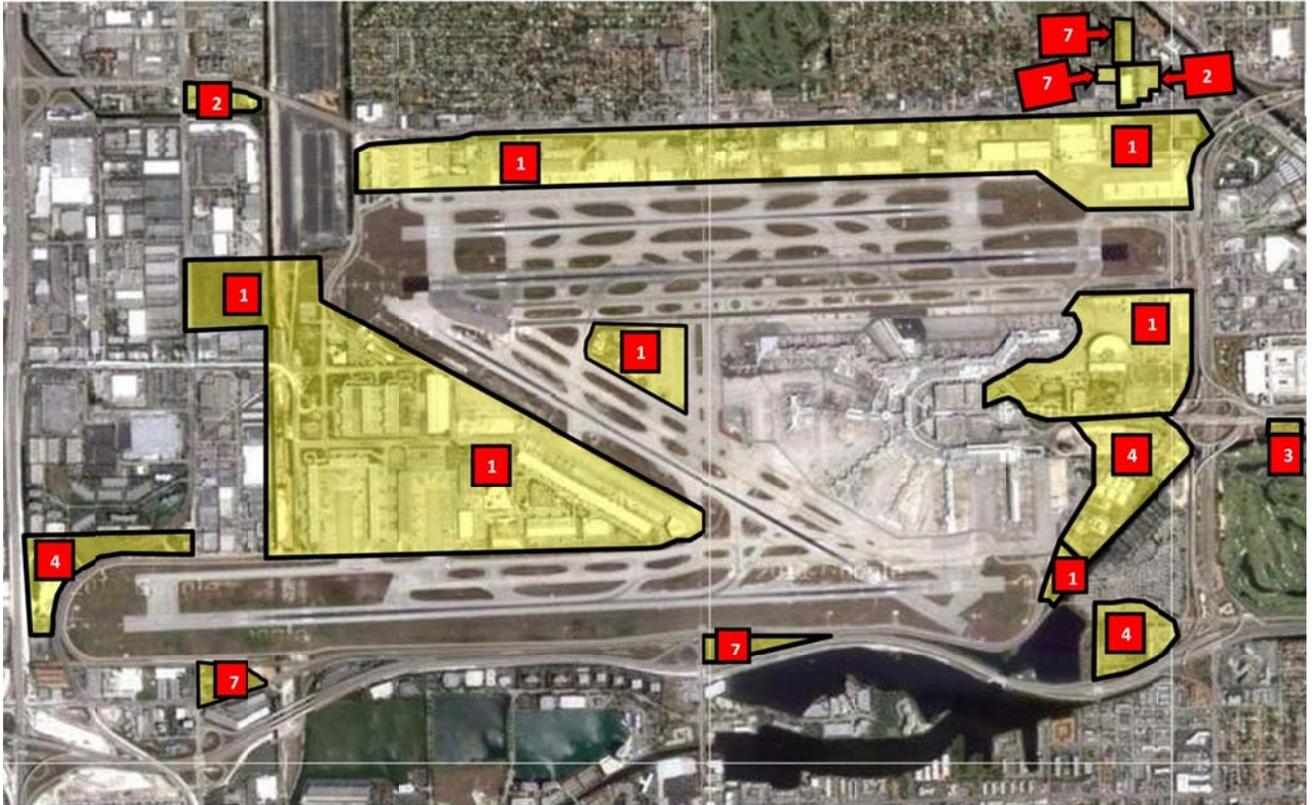

Full Service

This includes land rent, janitorial and utilities.

Footnotes

- 1) Non-airline tenants shall pay the said per square foot rate or 3% of all gross revenues produced from providing aircraft maintenance services to others, whichever is greater.
Airline tenants shall pay 3% of all gross revenues produced from providing aircraft maintenance services to others in addition to the said per square foot rental rates.
- 2) Rent includes land, electricity, and common area janitorial.
- 3) Rent includes land, electricity, water, sewer and common area janitorial.
- 4) Rent per position per month.
- 5) Tenant pays minimum guarantee.
- 6) The rental rate reflects the "As Is" condition of the building. The building has limited fire and electrical systems. (Not used in 2005.)
- 7) Rent includes water, sewer, electricity, and common area janitorial. (Not used in 2005.)
- 8) Rent includes land.
- 9) The rent includes water and sewer. (Not used in 2005.)
- 10) Rates based on approved actual audited construction costs.
- 11) Rent includes common area janitorial, excludes land.
- 12) Additional rent may be applicable to recover costs of 40-year recertification and costs of repairs to comply with life safety codes.
- 13) Rate includes amortization of 40-year recertification and costs of repairs to comply with life safety codes.
- 14) Rate based on competitive bidding
- 15) Appraised rate includes a charge of \$.10 per square foot as a trash removal fee.
- 16) No longer applicable (*was formerly "Rental based on 20-year lease. Adjusted annually on January 1st"*)
- 17) No longer applicable (*was formerly "Hangar is currently unusable and can only be used as aircraft parking until roof repairs are completed."*)
- 18) Includes land rent and janitorial
- 19) Includes common area janitorial
- 20) Includes land rent and janitorial. Utilities are paid by rental car agencies in MIC.
- 21) Tenant pays for all tenant improvements and for utilities
