As part of the Neighborhood and Infrastructure strategic area, the Department's main functions are water production and distribution, as well as wastewater collection, treatment, reuse, and disposal. WASD operates three regional and six local water treatment plants, with a total rated capacity of 464 million gallons per day (MGD), and three regional wastewater treatment plants with a total treatment capacity of 375 MGD. Additionally, WASD operates and maintains 95 water supply wells (grouped into 14 wellfields) in the Biscayne Aquifer; five aquifer storage and recovery wells in the Floridian Aquifer; 1,047 sewer pump stations (1,028 County-owned and 19 maintained for other entities); 7,940 miles of water distribution mains; and 6,309 miles of wastewater mains and lateral collection pipes. The Department implements water conservation measures, provides high quality drinking water, and plans and improves infrastructure for future growth.

The Department delivers water and sewer services to most residents and businesses within Miami-Dade County, serving approximately 432,000 water and 350,000 wastewater retail customers as of September 30, 2014. Additionally, wholesale water service is provided to 15 municipalities and wholesale sewer service is provided to 13 municipalities within Miami-Dade County. In providing these services, the Department interacts with and is regulated by the United States Environmental Protection Agency, the Florida Department of Environmental Protection, the Miami-Dade County Health Department, the South Florida Water Management District, and the Regulatory and Economic Resources Department (RER).

#### **CAPITAL HIGHLIGHTS AND OPERATIONAL IMPACTS**

- In FY 2012-13, the Department negotiated a consent agreement with the Federal Environmental Protection Agency (EPA) to address
  regulatory violations resulting from failing wastewater infrastructure for approximately \$1.6 billion; the agreement was adopted by the BCC on
  May 21, 2013; on April 9, 2014, the U.S. District Court for the Southern District approved the Consent Decree, replacing and superseding the
  two existing consent decrees issued in the early-mid 1990's; all projects are currently included in the capital plan, but as projects advance,
  schedules for completion may need to be modified, with the approval of the EPA; increased debt requirements will lead to future rate
  adjustments
- In FY 2015-16, the Department will continue implementation of water system capital projects (\$163.5 million, with \$4.1 million in GOB funds in FY 2015-16, \$3 billion, with \$36.7 million in GOB funds for all years); major water system projects include but are not limited to Central Miami-Dade Water Transmission Mains Improvements, Water Distribution System Extension Enhancements, South Miami Heights Water Treatment Plant and Wellfield, Small Diameter Water Mains Replacement Program, Water System Maintenance and Upgrades, and Safe Drinking Water Act Modifications
- In FY 2015-16, the Department will continue implementation of wastewater system capital projects (\$389 million, with \$5.9 million of GOB funds in FY 2015-16, \$10.3 billion, with \$146.5 million in GOB funds for all years), major wastewater system projects include but are not limited to Consent Decree Projects for Wastewater Treatment Plants, Wastewater Collection and Transmission Lines, Sewer Pump Station Systems, Outfall Legislation, Pump Station Generators and Miscellaneous Upgrades, South District Wastewater Treatment Plant Expansion – Phase III, Peak Flow Management Facilities, Wastewater System Maintenance and Upgrades, North District Wastewater Treatment Plant, Central Miami-Dade Wastewater Transmission Mains and Pump Stations Improvements, and Central District Wastewater Treatment Plant, Pump Station Improvements Program

- The FY 2015-16 Adopted Budget and Multi-Year Capital Plan includes \$80 million in the Renewal and Replacement fund for an enhanced program to expedite replacements and rehabilitation of pipe infrastructure and plant facilities
- In FY 2012-13, legislation modifying the State Ocean Outfall Statute was signed into law by the Governor of Florida; this legislation provides
  additional flexibility for the Department to manage peak flows and to fulfill all wastewater reuse requirements in the statute; these changes save
  the Department approximately \$1 billion in project costs, which is budgeted at \$4.02 billion through 2025

## **Community Action and Human Services**

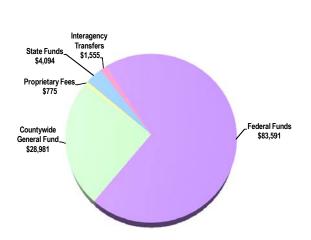

The Community Action and Human Services Department (CAHSD) is the connecting point between Miami-Dade County residents and comprehensive social services to address family and community needs. As part of the Health and Human Services strategic area, CAHSD provides a unique blending of programs and services to the full lifetime spectrum, from children to the elderly.

The service delivery model for the Department places emphasis on a coordinated community response approach involving the active engagement of public and private providers to ensure quality, access, and delivery of well integrated services. As the coordinator of social services for Miami-Dade County, CAHSD's central intake approach allows for an assessment of residents' eligibility for a wide variety of services at a single point of entry. The department has twelve (12) family and community service centers, and outreach programs to reach underserved areas in Miami-Dade County. The comprehensive services include, but are not limited to, Head Start and school readiness, elderly services, veterans' services, family and child empowerment programs, migrant farmworker programs, domestic violence and violence prevention, emergency food, shelter, and utility assistance, home repair and weatherizing, and substance abuse rehabilitative services. These family focused services are complemented by broad opportunities for residents to actively engage in community advisory committees, community boards, foundations and volunteer programs.

CAHSD stakeholders include the United States Department of Health and Human Services, Department of Veteran's Affairs, and the Department of Justice. Also included are the State of Florida Department of Economic Opportunity, Department of Children and Families, the Alliance for Aging, Miami-Dade County Public Schools, the Eleventh Judicial Circuit, and various community-based organizations and County departments.

\* During FY 2014-15, the decrease in homes receiving weatherization services was due to programmatic barriers such as uncertified inspectors and new requirements that hindered the completion of additional homes

\*\*During FY 2014-15, services were reduced as the number of homeowners receiving services are grossly affected by the loan closing process

- The FY 2015-16 Adopted Budget includes a total of \$674,000 for the Weatherization Assistance Program, which enables low-income families to permanently reduce their energy bills by making their homes more energy efficient
- The FY 2015-16 Adopted Budget includes \$117,000 in the non-departmental budget for the Department's Hurricane Shutter Installation Program
- The FY 2015-16 Adopted Budget includes an additional \$393,000 from the State of Florida Department of Emergency Management for the Residential Construction Mitigation Program to assist in the rehabilitation of approximately 25 residential homes

- During FY 2014-15, the Low-Income Home Energy Assistance Program funding was decreased by \$2.04 million for the FY 2015-16 program year; this decrease will preclude the department from providing approximately 15,600 residents with financial assistance in paying their electricity bills
- The FY 2015-16 Adopted Budget includes the reduction of 18 part-time work schedules from 78 to 58 hours bi-weekly (\$328,000); the client intake process has been revised to ensure there will be no impact on client services

## **Homeless Trust**

The Miami-Dade County Homeless Trust (Homeless Trust) serves as the coordinating entity for services for homeless individuals and families throughout Miami-Dade County. The Homeless Trust administers a portion of the one percent Food and Beverage Tax proceeds, as well as federal, state, and other resources dedicated to providing housing and services for the homeless; advises the Board of County Commissioners on issues related to homelessness; serves as the identified "Lead Agency" for the United States Housing and Urban Development (USHUD) Continuum of Care funds for our community, and the State's Homeless Coalition for Miami-Dade County; implements the Miami-Dade County Community Homeless Plan; and provides administrative, contractual, and policy formulation assistance related to homeless services.

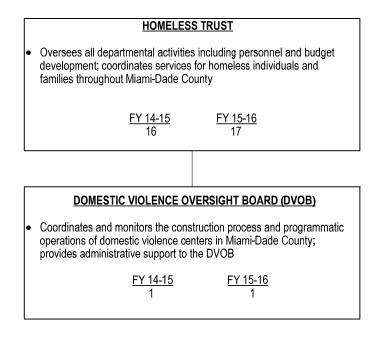

As part of the Health and Human Services strategic area, the Homeless Trust funds and monitors prevention services and emergency, transitional, and permanent housing, as well as supportive services for the homeless. Each area is specifically designed to meet the unique needs of homeless individuals and families when they first enter the system, as well as their needs as they develop and evolve over time. This blend of housing and services comprises what is known as the homeless continuum of care. Over 8,000 emergency, transitional, and permanent housing beds have been developed by or through the Homeless Trust since its inception in 1993. The Homeless Trust also supports the Domestic Violence Oversight Board (DVOB) and coordinates and monitors the construction and operations of domestic violence centers in Miami-Dade County.

A Board of Trustees, comprised of 27 members, governs the Homeless Trust. Membership consists of appointed leadership, including County and City Commissioners, representatives from the Judiciary, the Superintendent of Schools, the Florida Department of Children and Families Regional Administrator and the City of Miami Manager. The Board also includes representation from the Miami Coalition for the Homeless; business, civic, and faith-based community groups; homeless service providers; homeless individuals; and formerly homeless individuals. In order for the Homeless Trust to be successful in its mission of assisting homeless individuals and families, it relies on the services offered by provider agencies within the community, including its private sector partner.

# Public Housing and Community Development

The Department of Public Housing and Community Development (PHCD) administers federal funding for all of the County's housing and community development programs including public housing, rental housing, affordable housing, rehabilitation and revitalization. These programs have been developed to provide decent, safe, sanitary, and affordable housing and to promote viable urban communities and sustainable living environments, principally for extremely low-income to moderate-income families and individuals.

As part of the Health and Human Services and Economic Development strategic areas, PHCD oversees over 8,400 units of public housing and provides Section 8 subsidized payments for up to 17,000 households. The Department provides supportive services to improve the quality of life and general environment of public housing residents, including assisted living facility (ALF) services for elderly residents and the Family Self-Sufficiency Program for tenants in both the Private Rental (Section 8) and Public Housing programs. PHCD monitors and oversees performance through the Public Housing Assessment System (PHAS) and the Section Eight Management Assessment Program (SEMAP). PHCD provides assistance and programs that expand economic opportunity and community development. Additionally, PHCD is the County department primarily responsible for developing and financing affordable housing, to include the oversight of the Documentary Stamp Surtax (Surtax) and State Housing Initiatives Partnership (SHIP) funds for affordable housing development.

PHCD's stakeholders are the residents of Miami-Dade County, primarily extremely low-income to moderate-income individuals, families, and elderly residents. PHCD works closely with its Resident Boards, private landlords, affordable housing developers, for-profit and non-profit organizations and County departments. A primary partner of PHCD is the United States Department of Housing and Urban Development (U.S. HUD), which provides funding for Public Housing, Capital Grants, Section 8, HOPE VI, Community Development Block Grant (CDBG), HOME Investment Partnerships Program (HOME), Emergency Solutions Grant (ESG), and Neighborhood Stabilization Program (NSP).

\* FY 2014-15 Actual is lower due to the restructuring of the Neighborhood Revitalization Strategy Area (NRSA)

\*\*The FY 2014-15 Actual reflects requests processed; the FY 2015-16 Target was based on active construction projects

#### **DIVISION COMMENTS**

- In FY 2014-15, as part of the on-going departmental reorganization, one full-time position was transferred to the Office of the Director, two fulltime positions to Asset Management and twelve full-time positions to Finance and Accounting; eight full-time positions were transferred in from Resident Services, and four full-time positions were transferred from Section 8 Choice Voucher
- The FY 2015-16 Adopted Budget includes the elimination of one full-time Principal Planner position, due to the estimated reduction in Community Development Block Grant funding over the next three years
- In FY 2015-16, the General Fund will continue reimbursing PHCD for administrative support provided to General Fund-related activities in prior years (\$1 million)

- The FY 2015-16 Documentary Stamp Surtax revenue is budgeted at \$35 million; the FY 2015-16 carryover of \$104.401 million is allocated to
  ongoing projects
- The Calendar Year (CY) 2016 CDBG Entitlement is budgeted at \$8.669 million; the CY 2016 HOME entitlement is budgeted at \$1.595 million; and the CY 2016 Emergency Solutions Grant (ESG) entitlement is budgeted at \$960,995; federal funding for these programs could be significantly impacted by future reductions in the federal budget
- The CY 2016 Community Development Block Grant includes economic development, housing, public service, and capital improvement
  activities, and includes an allocation for Administration of \$1.754 million; however, the United States Department of Housing and Urban
  Development (U.S. HUD) has determined that the County must pay back CDBG funds due to activities found in non-compliance with program
  requirements; therefore, PHCD advised all County departments to exclude any CDBG funds from its revenue sources in the FY 2015-16
  Adopted Budget
- During CY 2016, PHCD will continue to pursue an electronic submission process for the annual Request for Applications; administering the
  competitive process online will result in better quality submissions from community based organizations and housing development entities
  applying for County funds, achievement of paper reduction goals, and processing efficiencies

# Miami-Dade Economic Advocacy Trust

The Miami-Dade Economic Advocacy Trust (MDEAT) addresses and advocates for the equitable participation of, primarily, Miami-Dade County's Black community and Targeted Urban Areas as identified by Miami-Dade County.

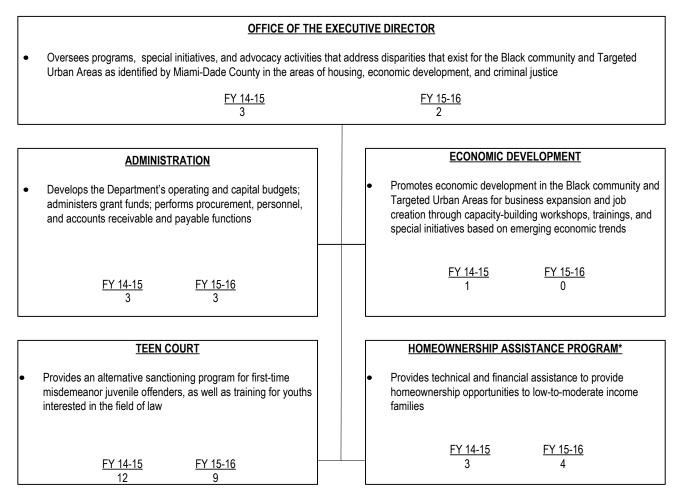

As part of the Economic Development and Health and Human Services strategic areas, MDEAT encourages and facilitates the coordination of programs providing assistance to the Black community, and strives for the elimination of disparities within the community at large. These programs include affordable housing opportunities for low-to-moderate income families, a teen court diversion program for youths, and various economic development initiatives to better the Black community of Miami-Dade County.

MDEAT is governed by a 15 member Board of Trustees selected by the Miami-Dade Economic Advocacy Trust Nominating Council and appointed by the Board of County Commissioners. The Executive Director nomination is submitted by the Board of Trustees to the County Mayor who recommends to the Board of County Commissioners for approval.

## **Inspector General**

The Office of the Inspector General (OIG) serves the residents of Miami-Dade County by identifying fraud, mismanagement, waste, and abuse of power in County projects, programs, and contracts. The Office was created by the Board of County Commissioners (BCC) in response to the public's demand for more accountable government. The BCC determined that oversight of such a large and diverse government required the OIG to be independent and autonomous, so that it could carry out its goals without political interference.

As part of the General Government strategic area, the OIG routinely reviews and evaluates proposals, contracts, and programs for a range of management criteria. The OIG also investigates a variety of cases, including contractors doing business with and/or receiving funds from the County and cases of employee and official misconduct.

The OIG's jurisdiction encompasses all County departments, agencies, instrumentalities, and the programs thereunder. This jurisdiction extends to all County employees, public officials, elected officials, and vendors and contractors doing business with the County. The OIG has been designated a criminal justice agency by the Federal Bureau of Investigation and is accredited by the Commission for Florida Law Enforcement Accreditation based upon statewide standards for Offices of Inspectors General.
