All charges assessed under this tariff are due as they accrue, and invoices issued by the Port are due and payable upon presentation.

Any invoice remaining unpaid the last day of the month following the month billed is delinquent, and the Port users billed will be placed on a delinquent list.

A delinquent invoice is subject to a ~~penalty charge~~ late fee of one and one half percent (1-1/2%) simple interest for each month that said invoice remains delinquent at end of the month.

If collection procedures are pursued, an additional collection fee of up to 30% of the amount of the delinquent invoice will be added to the invoice amount. This collection fee will reimburse the Port for any amount due or paid to the Miami-Dade Finance Department for their collection effort. Payment of an invoice at PortMiami after the invoice has been sent to the Miami-Dade Finance Department for collection does not waive the collection fee.

Collection procedures include, but are not limited to, sending the delinquent invoice to the Collection Division of the Miami-Dade Finance Department at 111 NW 1st Street, 26th Floor, Miami, Florida 33128.

Payment for returned checks dishonored by the bank (NSF) shall be made pursuant to Florida Statute (F.S. 832.07). In the event where a Port user has presented more than one (1) NSF check to the Port for payment, the Director, at his discretion, may require the Port User to pay the Port via a cashier's check, payable from a local bank, or an alternative method of payment approved by the Director or his designee.

The Port assigns the responsibility for the collection and payment of all charges assessed on a vessel to the Ship's Agent company authorized by the Seaport Director to file the Request for Ship's Berth Assignment for the vessel. The Port must be paid according to the terms stipulated in this tariff item regardless of when the Ship's Agent, vessel, its owners or agents are reimbursed.

The Port reserves the right to refuse the use of Port facilities and services to any Port user on the delinquent list and to demand payment of charges in advance before further services will be performed or facilities used.

Sales Tax

Rates and charges contained in this tariff are exclusive of any sales tax. Applicable sales taxes shall be paid to the Port at the time and by the entity responsible for payment of the tariff charges for which the tax is imposed.

Cruise and cargo shipping lines may elect to pay all invoices directly to the Port. Shipping lines choosing direct billing may contact the Port's permit section to set up the account, which still requires a permit, insurance coverage and payment guarantee, as

per Items 714 and 222 of the Tariff.

Incentive Program

The Port Incentive Program is based on the volume of a shipping line's qualifying containers in a given fiscal year for which the Port receives both full and timely payment of TEU wharfage and dockage charges as listed on Exhibit A attached to the Port's three terminal operating contracts and payment of all due Port gantry crane rental and other fees set forth in Tariff Item 560 or per the terms of the applicable terminal operating contract, as use of the Port's gantry cranes and prior payment of all Port fees and charges are express requirements and eligibility conditions of this incentive program. For qualifying containers that meet all listed incentive program eligibility conditions and criteria, there are five (5) incentive categories which are subject to an overall \$35.00 per container incentive cap, excluding the super-container category:

<u>Volume in eligible containers, per shipping line, per fiscal year</u>	<u>Line</u>	<u>Vessel Sharing Agreement (VSA)</u>	<u>Volume Commitment</u>	<u>Latin America</u>	<u>Super Container</u>
0 – 20,000	\$2.50	\$2.50	\$5.00	\$10.00	\$0.00
20,001 – 40,000	\$5.00	\$5.00	\$5.00	\$10.00	\$0.00
40,001 – 60,000	\$7.50	\$7.50	\$5.00	\$10.00	\$0.00

80,001 – 100,000	\$12.50	\$12.50	\$5.00	\$10.00	\$0.00
100,001 - above	\$15.00	\$15.00	\$5.00	\$10.00	\$0.00
*Valid per box over 100,000 moves	-	-	-	-	\$7.50

Volume in Containers – For qualifying and eligible containers meeting all incentive program conditions and criteria in a fiscal year, this column sets forth the tiers that define thresholds for incentives to be paid to the shipping line. The volume is calculated on a per eligible container basis, full or empty, regardless of size, provided each eligible container uses the Port's gantry cranes, and provided all wharfage, dockage and gantry crane fees arising from or relating to such containers are timely paid to the Port. As the tiers escalate, the rebates within that tier are paid back to the first container of eligible volume within that tier. The volume in containers excludes all transshipments.

Line Incentive – This incentive is paid directly to the shipping line based on the performance met by that stand alone carrier's own eligible container throughput, but excluding third party cargo, unless otherwise specified during the open enrollment process and agreed upon by the Port Director.

VSA Incentive – This incentive is paid directly to the shipping line carrying eligible containers loaded to or from PortMiami based on the performance of the applicable FMC registered VSA service or alliance. This incentive is intended to reward the performance

of the FMC registered VSA or alliance and does not include slot-chartered cargo. By example, if a line brings 15,000 containers to PortMiami and its VSA partners bring in a total of another 15,000 containers in the same fiscal year, then for purposes of calculating the VSA rebate tier level, these throughputs would be aggregated (15,000 + 15,000 = 30,000) and the VSA partners would be eligible to seek the second tier VSA rebate level (20,001 – 40,000) at \$5.00 per eligible container loaded to or discharged from a particular VSA partner line's vessel calling PortMiami in a fiscal year. For avoidance of doubt, no more than one VSA rebate per eligible container.

Volume Commitment Incentive – This incentive is paid directly to the shipping line in exchange for an annual written volume commitment. In order to receive this incentive, the shipping line must be within 10 percent to the negative or 5 percent to the positive of the stated container goal. There will be an allowable one-time downward change (request needs to be in writing) to this commitment and one upward change per year to accommodate additional growth guarantees.

Latin America/Caribbean Incentive – If an eligible container comes from or is destined to Latin America/Caribbean, there will be a \$10 per container incentive paid directly to the shipping line. Latin America is defined as Mexico, Central, and South America.

Overall Incentive Cap – Notwithstanding the above, under no circumstances may any qualifying and eligible container be entitled to any incentive or incentives that exceed (in aggregate) \$35 per container, excluding only the number of a shipping line's qualifying and eligible container moves above 100,000 in a fiscal year.

Super container – The super container incentive is paid on each container beginning on container 100,001 from the same shipping line and is excluded from the \$35.00 cap that is imposed on all other incentives.

Eligibility:

There will be an 'Open Enrollment' period of one month beginning October 1st, to November 1st, where the shipping line is required to submit a written opt-in notice to the Port, signed by a representative authorized to bind the Shipping Line, signifying that the Line elects to opt-in to this incentive program. Past the Open Enrollment period, it will be up to the Port Director to grant enrollment to a shipping line that still wishes to opt-in the incentive program. In addition to the shipping line's opt-in letter, the Line is required to submit a container goal for the year in order to qualify for the volume incentive commitment portion of the rebates. For shipping lines that opted into this program as part of PortMiami's Temporary Emergency Change to Tariff dated January 15, 2015, the provisions set forth in that memorandum will remain in effect for fiscal year 2015-16 only to the extent such provisions are consistent with the terms of this Tariff item.

Insurance Requirements for Cartage Companies

All cartage companies doing business at the Port of Miami must provide the Permit Section with a list of insured drivers and vehicles on a monthly basis due by the last County business day of each calendar month. Failure to provide the requested information will result in the suspension of the permit until the information is received.

By the conclusion of each month, either the insurance company issuing the policy or the managing general agent for the insurance company issuing the policy must provide the Port of Miami with an ACORD certificate of insurance evidencing at least \$1,000,000 in vehicle liability insurance coverage and a list of the tractors (year, make, and 17-digit vehicle identification number) that are covered under the policy. If the insurance company's managing general agent provides the requested information, the managing general agent must also provide a notarized letter signed by an authorized officer of the insurance company issuing the policy identifying the managing general agent and confirming that the managing general agent has the insurance company's authority to provide the information requested by the Port of Miami.

Information submitted by the insurance company and/or the managing general agent concerning the number of insured drivers will be compared to the Port's identification system as to the number of issued Port ID cards. Discrepancies will result in a suspension of the permit which will be effective two (2) business days after identification and notice of the discrepancy is provided to the permit holder and such discrepancy is not remedied within those two (2) business days. The permit shall remain suspended until such time the insurance coverage is sufficient and certified by the insurance company and/or the managing general agent. Discrepancies identified on Fridays or during holiday time off will receive special consideration.

In the case of any discrepancies not cured within two (2) business days, or in the event a permit holder has a discrepancy more than twice in a fiscal year, a fine of \$3,000 will be assessed for the first violation. The second violation will result in the revocation of the permit.

A cartage company's failure to report a change in an employee's work status (termination) within 7 days after the change may result in revocation of the Port of Miami business permit.

Reactivation and addition of any cartage company's drivers will be granted only if confirmation is received from the Permit Section verifying that the cartage company is in compliance with the insurance requirements.
