How to Read a Department's Budget Narrative

Continuous improvement plays a central role in Miami-Dade County's effort to deliver excellent government services in a fiscally responsible manner. The approach applies equally to the presentation of strategic, financial, and operational information in the Proposed Budget and Multi-Year Capital Plan. These two pages highlight significant changes to department narratives and detail their major sections.

Department narratives in the Proposed Budget include a Capital Funded and Unfunded Project Schedules immediately following the operating budget information (when applicable).

The Resilience emoji (S) I is used to highlight County programs, projects, and functions which support the City Resilience Framework.

Board of County Commissioners

The Miami-Dade County Board of County Commissioners (BCC or the Board) is the legislative and governing body of Miami-Dade County. One County Commissioner is elected from each of Miami-Dade County's 13 districts to serve no more than two consecutive four-year terms. Registered voters from the respective districts choose Commissioners in non-partisan elections. The Commissioners elect a Chairperson, who then appoints the Chairperson, Vice-Chairperson, and members of all committees. Each Commissioner's salary is set by County Charter at \$6,000 per year. District elections are held every four years, with the most recent election of Commissioners from even-numbered districts held in 2014. The election of Commissioners from odd-numbered districts was held in August 2016.

The BCC reviews and adopts comprehensive development land use plans for the County; licenses and regulates taxis, transportation network entities, jitneys, limousines, and rental cars; sets tolls and policy regarding public transportation systems; regulates utilities; adopts and enforces building codes; establishes zoning controls; and establishes policy relating to public health, safety services and facilities, cultural facilities, housing programs, and other services. Each year, the BCC sets the property tax millage rates and approves the County's budget, which determines the expenditures and revenues necessary to operate all County services, and enacts the County's strategic plan. In addition, the Board, through its agenda coordination function, develops and distributes all legislative items. All meetings are public and the Board can take no action unless a majority of Commissioners currently serving in office are present. The Commission may override a Mayoral veto at its next regularly scheduled meeting by a two-thirds vote of those present.

The BCC performs policy-making functions and advocates for Miami-Dade County citizens at all levels of government.

ADDITIONAL INFORMATION

- On April 16, 2013, the BCC approved a settlement agreement with the U.S. Department of Justice (DOJ) to address standards of care
 established by the Civil Rights of Institutionalized Persons Act (CRIPA); the agreement specifically addresses inmate medical and mental
 health care, suicide prevention, protection of inmates from harm, and sanitation conditions as well as compliance with the Prison Rape
 Elimination Act (PREA)
- As required by the provisions set forth in the Settlement Agreement, the Miami-Dade Corrections and Rehabilitation Department conducted a comprehensive staffing analysis to determine appropriate staffing levels necessary to ensure constitutional and legally compliant conditions in the County's jail system; as required by the Settlement Agreement, the Department semi-annually, at a minimum, reviews and revises if required
- The FY 2016-17 Adopted Budget maintains funding for the Boot Camp and I'm Ready programs (\$5.1 million), which have been recognized as successful models for reducing recidivism rates among youth offenders
- In FY 2016-17, the Department will continue its lease-purchase agreement program to replace frontline vehicles (includes marked and nonmarked vehicles); the Department currently maintains more than 260 vehicles in its fleet inventory

FY 2016 - 17 Adopted Budget and Multi-Year Capital Plan

Fire Rescue

The Miami-Dade Fire Rescue Department (MDFR) protects people, property, and the environment by providing proactive, responsive, professional, and humanitarian emergency fire rescue services that are essential to public health, safety, and well-being. MDFR is one of the ten largest fire rescue departments in the United States, serving residents, businesses, and visitors 24 hours per day, 365 days per year. MDFR has 69 fire rescue stations serving unincorporated Miami-Dade County and 29 municipalities.

MDFR's commitment to protecting people, property, and the environment aligns with goals of the Public Safety strategic area. In addition, MDFR provides emergency air transport service within Miami-Dade County to state-approved trauma centers. Additional specialty units are dedicated to Airport and Seaport response, hazardous materials emergencies, ocean rescue, marine services, response to snake bites, urban search and rescue, and complex extrications. MDFR also inspects buildings for fire hazards and reviews plans for compliance with the Fire Code.

The Office of Emergency Management (OEM) supports our community's disaster preparedness, response, recovery, and mitigation needs through the coordination of information and resources. Additionally, the OEM manages the County's Emergency Operations Center (EOC), which coordinates emergency response and recovery plans, decisions, and operations in order to maximize the use of resources within Miami-Dade County. The OEM provides these services throughout Miami-Dade County, inclusive of all of its municipalities.

MDFR is accredited by the Commission on Fire Accreditation International (CFAI), which is part of the Center for Public Safety Excellence, Inc. The department is one of only 220 agencies to achieve International Accreditation Agency status by CFAI and is the largest accredited fire rescue department in the Southeast and the second largest in the nation. Additionally, the Office of Emergency Management is accredited through the Emergency Management Accreditation Program, an affiliate of the Council of State Governments, and is one of only 77 jurisdictions nationwide and twelve in the state of Florida to achieve that status.

Judicial Administration

The Judicial Administration function of the Eleventh Circuit (the Circuit) includes the County-funded activities of the State Attorney, Public Defender, and the Administrative Office of the Courts.

As part of the Public Safety strategic area, the various entities of the court system strive to attain justice for all residents of Miami-Dade County through the rule of law as an independent branch of government constitutionally entrusted with the fair and just resolution of disputes. In doing so, the Circuit provides equal access to a fair and effective system of justice for all without excess cost, inconvenience, or delay, and with sensitivity to an increasingly diverse society. While preserving the constitutional right to trial by an impartial judge or jury, the Circuit also offers efficient methods of dispute resolution such as mediation. The State Attorney is responsible for prosecuting or defending, on behalf of the State, all suits, applications, or motions in which the State is a party. The Public Defender represents people charged with crimes or who are in jeopardy of losing their liberty and cannot afford to hire a private attorney, as well as individuals facing involuntary civil commitment because of mental illness or mental retardation. The Administrative Office of the Courts (AOC), which provides support services to the Judiciary, includes the following areas: case management, courtroom assignments, court reporting, court technology, interpreter operations, human resources, fiscal and procurement management, facilities management, planning, and security. Under Revision 7 to Article V of the Florida Constitution, the State is required to fund the following elements of the state court system on behalf of the State Attorney, Public Defender, and Judiciary: Judges and Judicial Assistants, Law Clerks and legal research services, Magistrates and Hearing Officers, State Attorneys, Assistant State Attorneys and staff, Public Defenders, Assistant Public Defenders and staff, alternative dispute resolution/mediation, case management, foreign and sign language interpreter services, court reporting, expert witnesses, mental health professionals, court administration, transportation, and travel expenses. The law provides that counties pay reasonable and necessary salaries, costs, and expenses of the state court system to meet local requirements and may fund State Attorney and Public Defender efforts toward the prosecution and defense of violations of local ordinances. Pursuant to Florida Statute 29.008, the responsibility rests with the Chief Judge, in conjunction with the State Attorney and the Public Defender, to identify all local requirements within the Circuit. Counties are obligated to fund communications services, existing multi-agency criminal justice information systems, and the construction, maintenance, utility, and security costs associated with court facilities.

The entities of the court system interact with the Clerk of Courts, other justice agencies, community-based organizations, and the general public.

ADDITIONAL INFORMATION

- Revision 7 to Article V of the Florida Constitution, effective July, 1, 2004, established certain obligations (such as the maintenance of facilities, security, technology, telecommunications, and existing multi-agency criminal justice information systems) on the part of counties; the FY 2016-17 Adopted Budget includes funding of more than \$75 million in General Fund revenues to support Court-related expenditures in the Internal Services Department, Information Technology Department, and the Court System budget
- The FY 2016-17 Adopted Budget includes approximately \$3.465 million for local requirement Court programs to support: County Mediation, Family Court Services/Supervised Visitation, Dependency Drug Court Program, Mental Health Coordination, Unified Family Court, Juvenile Drug Court, Adult Drug Court, Civil Court Interpreters, and Domestic Violence Fatality Review Team
- The FY 2016-17 Adopted Budget includes \$3.758 million in self-funded local requirement Court programs such as Self-Help (\$1.431 million), Drive Legal (\$1.7 million), Process Servers (\$481,000), and Adult Drug Court (\$148,000)
- The FY 2016-17 Adopted Budget includes funding for the Early Representation Unit (\$1.159 million), a local requirement Court program administered by the Public Defender's Office (PDO); the program assists in obtaining a timely release of defendants from jail, thereby reducing the County's cost for housing inmates
- The FY 2016-17 Adopted Budget provides \$203,000 to contract for the timely service of PDO civilian subpoenas; this service reduces delays
 of Court cases and thereby County expenditures associated with the incarceration of defendants pending disposition; additionally, the
 Proposed Budget includes recurring funding for licensing agreements and network support (\$454,000) for the PDO
- The FY 2016-17 Adopted Budget includes continued funding for the State Attorney's Office (SAO) Civil Citation Program (\$63,500), Mobile Operations Victim Emergency Services (MOVES) program (\$241,000), and the subpoena service program (\$212,000); the MOVES and the subpoena service programs have been certified as local requirements
- The FY 2016-17 Adopted Budget includes \$28,000 for the PDO and \$12,000 for the SAO to defend and prosecute local ordinance violations; the County remains responsible for the courier functions of the PDO and the SAO and will continue to provide the vehicles required for this activity
- The FY 2016-17 Adopted Budget includes funding for the Children and Special Needs Center, which is administered by the SAO to coordinate
 multi-jurisdictional interviewing and assessment of children and the mentally impaired who are victims of sexual abuse (\$540,000); the
 intergovernmental agreement between the County and the State of Florida will be continued as it relates to the appropriation of funds by the
 Board of County Commissioners (BCC)
- The FY 2016-17 Adopted Budget includes funding from the Miami-Dade Police Department (MDPD) (\$142,000), the Miami-Dade Chiefs Association (\$311,000), and carryover (\$145,000) to operate the County Court Standby Program; this program coordinates witness appearances in court through subpoena management, thereby reducing police overtime in various police departments, including MDPD, and improving case scheduling in the Court System
- In order to carry out the functions funded by the County, separate intergovernmental continuation agreements will be executed administratively between the County and the PDO and the SAO subject to appropriation of funds by the BCC
- The FY 2016-17 Adopted Budget includes funding of \$912,000 for the Law Library; this operation is funded by fees, charges, and donations (\$220,000); 25 percent of the Criminal Court cost \$65 surcharge (\$372,000); Local Business Tax (\$80,000); and carryover (\$240,000)

 (two Computer Technician 2 positions and one Mediator 2 position)
- The Non-Departmental General Fund section of the FY 2016-17 Adopted Budget includes \$2.428 million in funding for the Guardianship Program; the Guardianship Program of Dade County, Inc. provides guardianship assistance for destitute adults who are charged or detained in Miami-Dade County and are appointed a Guardian by the Court
- The FY 2016-17 Adopted Budget includes funding for an Expedited Intake System (EIS), which will identify efficiencies in the "file/no-file" decision process through the enhanced ability to obtain personal service of the notices to appear at all pre-file conferences (\$467,000)

Juvenile Services

The Juvenile Services Department (JSD) provides a continuum of services to arrested and at-risk juveniles that are designed to address the root causes of juvenile crime and prevent further arrests. The Department also supports the County's portion of the Guardian Ad Litem (GAL) program, which advocates for the rights and interests of children involved in dependency court proceedings.

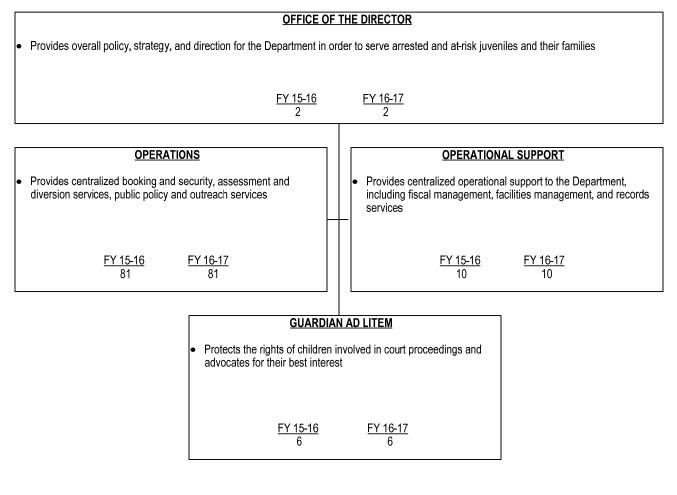

As part of the Public Safety strategic area, the Department processes all juveniles arrested in Miami-Dade County at a 24 hours a day, seven days a week facility. Additionally, JSD provides sophisticated, highly individualized assessment, referral, and case management services to eligible youth and their families.

In fulfilling its mission, JSD works with many partners in the juvenile justice community, including the Florida Departments of Juvenile Justice and Children and Families, the Judiciary, State Attorney's Office, Public Defender's Office, Miami-Dade County Public Schools, Miami-Dade Police Department, municipal police departments, and community-based organizations.

Aviation

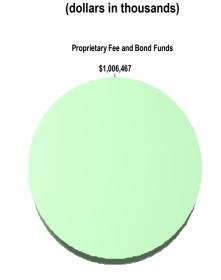

The Miami-Dade Aviation Department (MDAD) operates a system of airports that provides for the safe and efficient movement of people and goods while being responsive to the needs of customers and safeguarding the environment.

As part of the Transportation and Economic Development strategic areas, MDAD operates Miami International Airport (MIA) and four General Aviation Airports (GAA). MDAD operates the airport system as a financially self-sufficient entity without property tax support from the County. MIA is considered a primary economic engine for Miami-Dade County, and is the major trans-shipment point between the Americas, the Caribbean, and Europe. Servicing 104 airlines with routes to over 150 cities on four continents, MIA ranks number one in the USA for international freight and second for international passenger traffic. The Department has initiated its Terminal Optimization Program (TOP), a \$1.149 billion capital improvement program to make MIA a more desirable and efficient transportation center.

MDAD works closely with a diverse group of constituents, including cargo and passenger airlines and their customers, the support industries that form the air travel base, the Federal Aviation Administration (FAA), the Transportation Security Administration (TSA), the United States Customs and Border Protection, business leaders, and the media.

Transportation and Public Works

The Department of Transportation and Public Works (DTPW) enhances, coordinates, and operates the County's transportation networks with a goal of improving mobility to create a resilient and sustainable community for our residents, businesses, and visitors.

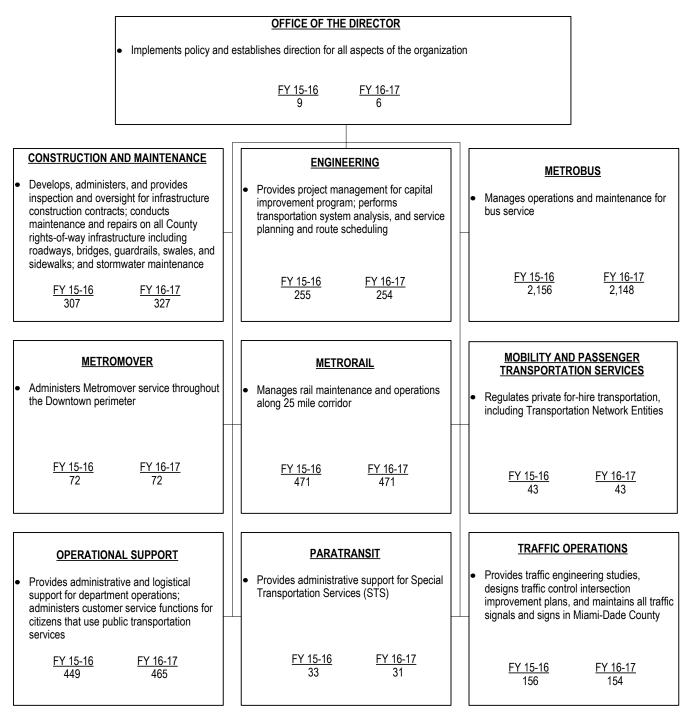

As part of the Transportation and Neighborhood and Infrastructure strategic areas, DTPW operates the 15th largest public transit system in the country (based on annual vehicle revenue miles) and the largest transit agency in the state of Florida. DTPW provides approximately 29.2 million miles of Metrobus annual revenue service along 99 routes with a fleet of 691 full-sized buses, 79 articulated buses, and 79 minibuses. DTPW's system also includes a 25 mile dual elevated Metrorail track; a 20-mile Bus Rapid Transit (BRT) line that is among the longest in the United States, and a 4.4-mile dual elevated Metromover track. In addition, DTPW provides Special Transportation Services (STS) to eligible participants; administers the planning, construction, and maintenance of a safe and efficient system of roads, bridges, drainage, pathways, traffic signals, signs, and street lights; administers roadway infrastructure maintenance, inspection, compliance, and improvement program; implements all highway, transit, and neighborhood improvement projects included in the Capital Improvement Plan and the Transportation Improvement Program; implements various public works projects in the Building Better Communities General Obligation Bond (BBC GOB) Program, and all of the County's transportation capital projects in the People's Transportation Plan (PTP) Program; ensures the maximum possible amount of flood protection in the secondary drainage canal system by providing adequate maintenance of these and other drainage facilities; and licenses and regulates private for-hire transportation, including transportation network entities.

DTPW works closely with the Federal Transit Administration (FTA), the Florida Department of Transportation (FDOT), the Miami-Dade Metropolitan Planning Organization (MPO), the Citizens' Independent Transportation Trust (CITT), the Miami-Dade Expressway Authority (MDX), the South Florida Regional Transportation Authority (SFRTA), citizen advocacy groups, and other transportation stakeholders. DTPW also partners with local, state, and federal agencies to ensure regulatory compliance and cooperation on large scale infrastructure initiatives.

Cultural Affairs

The Department of Cultural Affairs and its advisory board, the Cultural Affairs Council, create and promote opportunities for artists and cultural organizations to grow and improve; develop, manage and operate cultural facilities; and provide information and cultural resources for residents and visitors. The Department also directs the Art in Public Places (APP) program and supports its board, the Art in Public Places Trust, commissioning, curating, tracking, maintaining and promoting the County's art collection, upgrading public buildings and improving the overall experience of public spaces.

As part of the Recreation and Culture strategic area, the Department develops cultural excellence, diversity and participation; builds better cultural facilities throughout Miami-Dade County; and makes cultural activities more accessible for residents and visitors. The Department's various competitive grants programs provide direct support for cultural organizations' development and activities, individual artists' professional growth, cultural facilities improvements, and technical assistance that addresses the non-profit cultural sector. The Department also manages, programs and operates the South Miami-Dade Cultural Arts Center, a campus of state-of-the-art cultural facilities in Culter Bay, as well as Miami-Dade County Auditorium, Joseph Caleb Auditorium and the African Heritage Cultural Arts Center, all dedicated to presenting and supporting excellence in the arts for the entire community. The Department creates, publishes, promotes, and disseminates information about the excellence of Miami-Dade County's artistic offerings in order to increase accessibility and audience engagement; develops and coordinates arts education and outreach programs; and pioneers inclusion-focused programs reaching audiences of all abilities.

The Department's stakeholders include artists, cultural organizations, and the residents and visitors who are their audiences and supporters. As part of the Recreation and Culture strategic area, the Library System provides library services to one of the largest and most diverse populations in the United States. More than 2,500,000 residents of the Miami-Dade County Library District enjoy access to a collection of nearly 4,000,000 items, 230,000 downloadable or streaming audio and eBooks, 7,000,000 downloadable songs and music videos, and nearly 250 downloadable digital magazines in a wide variety of formats and languages. MDPLS also provides a state-of-the-art computer system with public computer workstations, as well as high speed laptops, and tablets, with full Wi-Fi Internet access for public use. The Library System operates a Main Library, five regional branches, 44 neighborhood branches, two YOUmedia Miami locations, two YOUmake Miami locations, two bookmobiles, and the Technobus computer learning vehicle.

The Library System coordinates its many activities and functions with a variety of stakeholders, including schools, homeowners' associations, community councils, municipalities, various groups involved in fundraising and development activities for the benefit of the Library System, community-based organizations, and other local and neighborhood groups. In addition, the Department works in conjunction with other County departments such as Cultural Affairs, Elections, Internal Services, Information Technology, Parks, Recreation, and Open Spaces, Public Housing and Community Development, Juvenile Services, and CareerSource South Florida to continue programs and departmental partnerships, as well as to implement the Library System's capital plan.

Parks, Recreation and Open Spaces

The Parks, Recreation and Open Spaces (PROS) Department acquires, plans, designs, constructs, maintains, and operates County parks and recreational facilities; provides landscape maintenance, security guard services and street lighting for special taxing districts; maintains all of the coastal beaches; provides roadside and median maintenance; administers toll collection on the Rickenbacker and Venetian Causeways; and supervises and coordinates recreational programming activities. Through these activities, PROS facilitates all aspects of the Parks and Open Space Master Plan.

As part of both the Recreation and Culture and the Neighborhood and Infrastructure strategic areas, the Department manages 270 parks encompassing more than 13,573 acres. These parks range from small neighborhood parks to large regional parks and also include revenue generating facilities, such as golf courses, tennis centers, and marinas; nature preserves and programs such as EcoAdventures; historic sites and other destinations, such as the Deering Estate, Fruit and Spice Park, and Trail Glades Range; and the Miami-Dade Zoological Park and Gardens (Zoo Miami). The Department attracts regional, national and international events, including equestrian, track and field, and professional tennis tournaments at the Crandon Park Tennis Center. The Department also manages roadway landscape maintenance; roadside safety tractor mowing; lot clearing services contracts; and the installation of trees, palms, and landscaping to provide aesthetic enhancements, through support of the Neat Streets Miami Board.

The Department coordinates many activities with a variety of stakeholders including residents, homeowners' associations, community councils, municipalities, various groups involved in sports and recreational development, environmental groups, community-based organizations, and other local and neighborhood groups.
