(C)**224****Incentive Program**

The Port Incentive Program is based on the volume of a shipping line's qualifying containers in a given ~~Fiscal Year~~ calendar year for which the Port receives both full and timely payment of TEU wharfage and dockage charges as listed on Exhibit A attached to the Port's three terminal operating contracts and payment of all due Port gantry crane rental and other fees set forth in Tariff Item 560 or per the terms of the applicable terminal operating contract, as use of the Port's gantry cranes and prior payment of all Port fees and charges are express requirements and eligibility conditions of this incentive program. For qualifying containers that meet all listed incentive program eligibility conditions and criteria, there are five (5) incentive categories which are subject to an overall \$35.00 per container incentive cap, excluding the super-container category*:

<p>FOR EXPLANATION OF SYMBOLS, SEE PAGE 0-A (AFTER TITLE PAGE)</p>	
<p>Volume in Containers – For qualifying and eligible containers meeting all incentive program conditions and criteria in a <u>Fiscal Year calendar year</u>, this column sets forth the tiers that define thresholds for incentives to be paid to the shipping line. The volume is calculated on a per eligible container basis, full or empty, regardless of size, provided each eligible container uses the Port's gantry cranes, and provided all wharfage, dockage and gantry crane fees arising from or relating to such containers are timely paid to the Port. As the tiers escalate, the rebates within that tier are paid back to the first container of eligible volume within that tier. The volume in containers excludes all transshipments.</p> <p>Line Incentive – This incentive is paid directly to the shipping line based on the performance met by that stand alone carrier's own eligible container throughput, but excluding third party cargo, unless otherwise specified during the open enrollment process and agreed upon by the Port Director. <u>Subsidiary companies using a different shipping line's name from the parent company will be reflected as an individual line and not to be combined with the parent company's throughput, unless there is continued combined throughput growth from the preceding year.</u></p> <p>VSA Incentive – This incentive is paid directly to the shipping line carrying eligible containers loaded to or from PortMiami based on the performance of the applicable FMC registered VSA service or alliance. This incentive is intended to reward the performance of the FMC registered VSA alliance and does not include slot-chartered cargo. By example, if a line brings 15,000 containers to PortMiami and its VSA partners bring in a total of another 15,000 containers in the same fiscal year, then for purposes of calculating the VSA rebate tier level, these throughputs would be aggregated (15,000 + 15,000 = 30,000) and the VSA partners would be eligible to seek the second tier VSA rebate level (20,001 – 40,000) at \$5.00 per eligible container loaded to or discharged from a particular VSA partner line's vessel calling PortMiami in a fiscal year. For avoidance of doubt, no more than one VSA rebate per eligible container.</p> <p>Volume Commitment Incentive – This incentive is paid directly to the shipping line in exchange for an annual written volume commitment. In order to receive this incentive, the shipping line must be within 10 percent to the negative or 5 percent to the positive of the stated container goal. There will be an allowable one-time downward change (request needs to be in writing) to this commitment and one upward change per year to accommodate additional growth guarantees.</p>	<p><u>CARGO</u> <u>INCENTIVE</u> <u>PROGRAM</u> <u>(C)</u> <u>(D)</u></p> <p><u>225</u></p>

<p>Latin America/Caribbean Incentive – If an eligible container comes from or is destined to Latin America/Caribbean, there will be a \$10 per container incentive paid directly to the shipping line. Latin America is defined as Mexico, Central, and South America.</p> <p>Overall Incentive Cap – Notwithstanding the above, under no circumstances may any qualifying and eligible container be entitled to any incentive or incentives that exceed (in aggregate) \$35 per container, excluding only the number of a shipping line's qualifying and eligible container moves above 100,000 in a fiscal year.</p> <p>Super container – The super container incentive is paid on each container beginning on container 100,001 from the same shipping line and is excluded from the \$35.00 cap that is imposed on all other incentives.</p> <p>Eligibility</p> <p>There will be an 'Open Enrollment' period of one <u>two</u> months beginning October 1st, to November 4th <u>30th</u>, where the shipping line is required to submit a written opt-in notice to the Port, signed by a representative authorized to bind the Shipping Line, signifying that the Line elects to opt-in to this incentive program. Past the Open Enrollment period, it will be up to the Port Director to grant enrollment to a shipping line that still wishes to opt-in the incentive program. In addition to the shipping line's opt-in letter, the Line is required to submit a container goal for the year in order to qualify for the volume incentive commitment portion of the rebates. <u>The Miami-Dade Board of County Commissioners has authority to approve, extend, rescind, cancel, and/or otherwise modify this cargo incentive program or any portion thereof in the exercise of its sole discretion. In the event that this program is not renewed beyond September 30, 2017, or becomes otherwise ineffective on or prior to October 1, 2017, qualifying container volumes in a given calendar year will be counted on a monthly pro-rata basis for purposes of calculating tiering levels and eligible incentive payments due; it being understood that no incentives will be available under this program for any cargo throughput occurring after the expiration, rescission, or cancellation of this incentive program. For shipping lines that opted into this program as part of PortMiami's Temporary Emergency Change to Tariff dated January 15, 2015, the provisions set forth in that memorandum will remain in effect for fiscal year 2015-16 only to the extent such provisions are consistent with the terms of this Tariff item.</u></p>	<p><u>CARGO INCENTIVE PROGRAM</u></p> <p><u>(C)</u> <u>(D)</u></p> <p><u>225</u></p>
