### How to Read a Department's Budget Narrative

Continuous improvement plays a central role in Miami-Dade County's effort to deliver excellent government services in a fiscally responsible manner. The approach applies equally to the presentation of strategic, financial, and operational information in the Proposed Budget and Multi-Year Capital Plan. These two pages highlight significant changes to department narratives and detail their major sections.

Department narratives in the Proposed Budget include a Capital Funded and Unfunded Project Schedules immediately following the operating budget information (when applicable).

The Resilience emoji ( 🌿 ) is used to highlight County programs, projects, and functions which support the City Resilience Framework.

## FY 2018 - 19 Proposed Budget and Multi-Year Capital Plan

### Board of County Commissioners

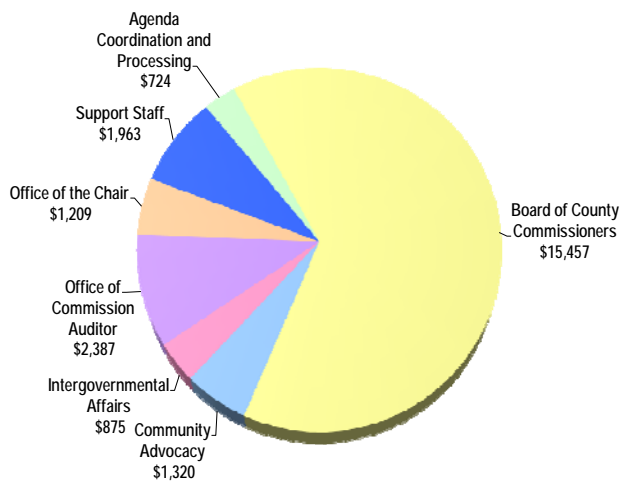

The Miami-Dade County Board of County Commissioners (BCC or the Board) is the legislative and governing body of Miami-Dade County. One County Commissioner is elected from each of Miami-Dade County's 13 districts to serve no more than two consecutive four-year terms. Registered voters from the respective districts choose Commissioners in non-partisan elections. The Commissioners elect a Chairperson, who then appoints the Chairperson, Vice-Chairperson, and members of all committees. Each Commissioner's salary is set by County Charter at \$6,000 per year. District elections are held every four years, with the most recent election of Commissioners from odd-numbered districts held in 2016. The election of Commissioners from even-numbered districts will be held in August 2018. Commissioners are limited to two four-year terms effective with the 2012 election.

The BCC reviews and adopts comprehensive development land use plans for the County; licenses and regulates taxis, transportation network entities, jitneys, limousines, and rental cars; sets tolls and policy regarding public transportation systems; regulates utilities; adopts and enforces building codes; establishes zoning controls; and establishes policy relating to public health, safety services and facilities, recreational and cultural facilities, housing and social services programs, and other services. Each year, the BCC sets the property tax millage rates and approves the County's budget, which determines the expenditures and revenues necessary to operate all County services, and enacts the County's strategic plan. In addition, the Board, through its agenda coordination function, develops and distributes all legislative items. All meetings are public and the Board can take no action unless a majority of Commissioners currently serving in office are present. The Commission may override a Mayoral veto at its next regularly scheduled meeting by a two-thirds vote of those present.

The BCC performs policy-making functions and advocates for Miami-Dade County citizens at all levels of government.

### Fire Rescue

The Miami-Dade Fire Rescue Department (MDFR) protects people, property, and the environment by providing proactive, responsive, professional, and humanitarian emergency fire rescue services that are essential to public health, safety, and well-being. MDFR is one of the ten largest fire rescue departments in the United States, serving residents, businesses, and visitors 24 hours per day, 365 days per year. MDFR has 70 fire rescue stations serving unincorporated Miami-Dade County and 29 municipalities.

MDFR's commitment to protecting people, property, and the environment aligns with goals of the Public Safety strategic area. In addition, MDFR provides air rescue service with transport within Miami-Dade County to Federal Aviation Administration (FAA) approved landing pads at various hospital facilities. Additional specialty units are dedicated to Airport and Seaport response, hazardous material emergencies, ocean rescue, maritime response, response to snake bites, urban search and rescue, and complex extrications. MDFR provides annual building inspections and plans review and inspection for new construction, to ensure compliance with the Fire Code.

The Office of Emergency Management (OEM) supports the community's disaster preparedness, response, recovery, and mitigation needs through the coordination of information and resources. Additionally, the OEM manages the County's Emergency Operations Center (EOC), coordinating emergency response and recovery plans, decisions, and operations in order to maximize the use of resources within Miami-Dade County. The OEM provides these services throughout Miami-Dade County, including all of its municipalities, private sector entities and not-for profit service providers.

MDFR is accredited by the Commission on Fire Accreditation International (CFAI), which is part of the Center for Public Safety Excellence, Inc. The department is one of only 247 agencies to achieve International Accreditation Agency status by CFAI, and is the largest accredited fire rescue department in the Southeast and the second largest in the nation. Additionally, the OEM is accredited by the Emergency Management Accreditation Program, an affiliate of the Council of State Governments, and is one of only 103 jurisdictions nationwide and 19 in the state of Florida to achieve that status.

### Judicial Administration

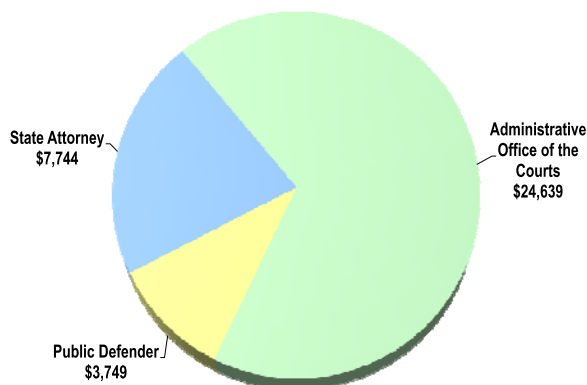

The Judicial Administration function of the Eleventh Circuit (the Circuit) includes the County-funded activities of the State Attorney, Public Defender, and the Administrative Office of the Courts.

As part of the Public Safety strategic area, the various entities of the court system strive to attain justice for all residents of Miami-Dade County through the rule of law as an independent branch of government constitutionally entrusted with the fair and just resolution of disputes. In doing so, the Circuit provides equal access to a fair and effective system of justice for all without excess cost, inconvenience, or delay, and with sensitivity to an increasingly diverse society. While preserving the constitutional right to trial by an impartial judge or jury, the Circuit also offers efficient methods of dispute resolution such as mediation. The State Attorney is responsible for prosecuting or defending, on behalf of the State, all suits, applications, or motions in which the State is a party. The Public Defender represents indigent people who have been arrested or who are at risk of losing their life or liberty and cannot afford to hire a private attorney, as well as individuals facing involuntary civil commitment because of mental illness or mental retardation. The Administrative Office of the Courts (AOC), which provides support services to the Judiciary, includes the following areas: case management, courtroom assignments, court reporting, court technology, interpreter operations, human resources, fiscal and procurement management, facilities management, planning, and security. Under Revision 7 to Article V of the Florida Constitution, the State is required to fund the following elements of the state court system on behalf of the State Attorney, Public Defender, and Judiciary: Judges and Judicial Assistants, Law Clerks and legal research services, Magistrates and Hearing Officers, State Attorneys, Assistant State Attorneys and staff, Public Defenders, Assistant Public Defenders and staff, alternative dispute resolution/mediation, case management, foreign and sign language interpreter services, court reporting, expert witnesses, mental health professionals, court administration, transportation, and travel expenses. The law provides that counties pay reasonable and necessary salaries, costs, and expenses of the state court system to meet local requirements and may fund State Attorney and Public Defender efforts toward the prosecution and defense of violations of local ordinances. Pursuant to Florida Statute 29.008, the responsibility rests with the Chief Judge, in conjunction with the State Attorney and the Public Defender, to identify all local requirements within the Circuit. Counties are obligated to fund communications services, existing multi-agency criminal justice information systems, and the construction, maintenance, utility, and security costs associated with court facilities.

The entities of the court system interact with the Clerk of Courts, other justice agencies, community-based organizations, and the general public.

## FY 2018 - 19 Proposed Budget and Multi-Year Capital Plan

---

### ADDITIONAL INFORMATION

- Revision 7 to Article V of the Florida Constitution, effective July, 1, 2004, established certain obligations (such as the maintenance of facilities, security, technology, telecommunications, and existing multi-agency criminal justice information systems) on the part of counties; the FY 2018-19 Proposed Budget includes funding of more than \$68 million in General Fund revenues to support Court-related expenditures in the Internal Services Department, Information Technology Department, and the Court System budget
- Revenues generated from traffic surcharges have decreased 42 percent since FY 2012-13; this reduction in revenues, approximately \$4 million, has been replaced by an increased General Fund subsidy; this negative trend may continue into the upcoming fiscal years and may require either service adjustments or further increases to the General Fund subsidy
- The FY 2018-19 Proposed Budget includes approximately \$4.535 million for local requirement Court programs to support: County Mediation, Family Court Services/Supervised Visitation, Dependency Drug Court Program, Mental Health Coordination, Unified Family Court, Juvenile Drug Court, Adult Drug Court, Civil Court Interpreters, Domestic Violence Fatality Review Team, Criminal Mental Health Jail Diversion Program, Traffic Operations, and Veterans Treatment Court
- The FY 2018-19 Proposed Budget includes \$3.237 million in self-funded local requirement Court programs such as Self-Help (\$1.530 million), Drive Legal (\$1.171 million), Process Servers (\$384,000), and Adult Drug Court (\$152,000)
- The FY 2018-19 Proposed Budget includes funding for the Early Representation Unit (\$1.159 million), a local requirement Court program administered by the Public Defender's Office (PDO); the program assists in obtaining a timely release of defendants from jail, reducing the County's cost for housing inmates
- The FY 2018-19 Proposed Budget provides \$203,000 to contract for the timely service of PDO civilian subpoenas; this service reduces delays of Court cases and County expenditures associated with the incarceration of defendants pending disposition; additionally, the Proposed Budget includes recurring funding for licensing agreements and network support for the PDO (\$454,000)
- The FY 2018-19 Proposed Budget includes funding for the State Attorney's Office (SAO) (\$7.758 million); the funding supports the Civil Citation Program (\$65,700), Mobile Operations Victim Emergency Services (MOVES) program (\$264,000), and the subpoena service program (\$212,000); the MOVES and the subpoena service programs have been certified as local requirements
- The FY 2018-19 Proposed Budget includes funding for an Expedited Intake System (EIS) in the SAO, which will identify efficiencies in the "file/no-file" decision process through the enhanced ability to obtain personal service of the notices to appear at all pre-file conferences (\$426,000); the EIS program has been certified as a local requirement
- The FY 2018-19 Proposed Budget includes \$28,000 for the PDO and \$5,000 for the SAO to defend and prosecute local ordinance violations; the County remains responsible for the courier functions of the PDO and the SAO and will continue to provide the vehicles required for this activity
- The FY 2018-19 Proposed Budget includes funding for the Children and Special Needs Center, which is administered by the SAO to coordinate multi-jurisdictional interviewing and assessment of children and the mentally impaired who are victims of sexual abuse (\$577,000); the intergovernmental agreement between the County and the State of Florida will be continued as it relates to the appropriation of funds by the Board of County Commissioners (BCC)
- The FY 2018-19 Proposed Budget includes funding from the Miami-Dade Police Department (MDPD) (\$125,000), the Miami-Dade Chiefs Association (\$356,000), and carryover (\$106,000) to operate the County Court Standby Program; this program coordinates witness appearances in court through subpoena management, thereby reducing police overtime in various police departments, including MDPD, and improving case scheduling in the Court System
- In order to carry out the functions funded by the County, separate intergovernmental continuation agreements will be executed administratively between the County and the PDO and the SAO subject to appropriation of funds by the BCC
- The FY 2018-19 Proposed Budget includes funding of \$736,000 for the Law Library; this operation is funded by fees, charges, and donations (\$75,000); 25 percent of the Criminal Court cost \$65 surcharge (\$251,000); Local Business Tax (\$80,000); and carryover (\$330,000)
- The FY 2018-19 Proposed Budget includes funding for the Legal Aid program (\$3.919 million); the funding is comprised of General Fund support (\$2.505 million), Florida Bar Foundation contributions (\$303,000), Grants to Encourage Arrest related to Domestic Violence (\$150,000), Victims of Crime Act grants (\$410,000), Court Fees (\$251,000), and other miscellaneous revenues (\$300,000)
- The FY 2018-19 Proposed Budget includes two additional grant funded positions to meet growing workloads: one Judicial Services Coordinator 2 position (\$67,000) and one Judicial Support Specialist 2 position (\$57,000)
- The Non-Departmental General Fund section of the FY 2018-19 Proposed Budget includes an additional \$300,000 for the Guardianship Program (a total of \$2.728 million); the Guardianship Program of Dade County, Inc. provides guardianship assistance for destitute adults who are charged or detained in Miami-Dade County and are appointed a Guardian by the Court
- We appreciate the collaborative efforts of Chief Judge Bertila Soto, Katherine Fernandez-Rundle, State Attorney, and Carlos J. Martinez, Public Defender, towards the successful completion of the FY 2018-19 Proposed Budget

### Juvenile Services

The Juvenile Services Department (JSD) provides a continuum of services to arrested and at-risk juveniles that are designed to address the root causes of juvenile crime and prevent further arrests. The Department also supports the County's portion of the Guardian Ad Litem (GAL) program, which advocates for the rights and interests of children involved in dependency court proceedings.

As part of the Public Safety strategic area, the Department processes all juveniles arrested in Miami-Dade County at a 24 hours a day, seven days a week facility. Additionally, JSD provides sophisticated, highly individualized assessment, referral, and case management services to eligible youth and their families.

In fulfilling its mission, JSD works with many partners in the juvenile justice community, including the Florida Departments of Juvenile Justice and Children and Families, the Judiciary, State Attorney's Office, Public Defender's Office, Miami-Dade County Public Schools, Miami-Dade Police Department, municipal police departments, and community-based organizations.

### Aviation

The Miami-Dade Aviation Department (MDAD) operates a system of airports that provides for the safe and efficient movement of people and goods while being responsive to the needs of customers and safeguarding the environment.

As part of the Transportation and Economic Development strategic areas, MDAD operates Miami International Airport (MIA) and four General Aviation Airports (GAA). MDAD operates the airport system as a financially self-sufficient entity without property tax support from the County. MIA is considered a primary economic engine for Miami-Dade County and is the major trans-shipment point between the Americas, the Caribbean, and Europe. Servicing 105 airlines with routes to over 150 cities on four continents, MIA ranks number one in the United States for international freight and third for international passenger traffic. The Department has initiated its Terminal Optimization Program (TOP), a \$1.45 billion capital improvement program to make MIA a more desirable and efficient transportation center.

MDAD works closely with a diverse group of constituents, including cargo and passenger airlines and their customers, the support industries that form the air travel base, the Federal Aviation Administration (FAA), the Transportation Security Administration (TSA), United States Customs and Border Protection, business leaders, and the media.

### Transportation and Public Works

The Department of Transportation and Public Works (DTPW) develops, coordinates, and operates the County's transportation networks with a goal of improving mobility to create a resilient and sustainable community for our residents, businesses, and visitors.

As part of the Transportation and the Neighborhood and Infrastructure strategic areas, DTPW operates the 15th largest public transit system in the country (based on annual vehicle revenue miles) and the largest transit agency in the state of Florida. DTPW provides approximately 26.8 million miles of Metrobus annual revenue service along 96 routes, of which 21 are operated with contracted services, with a fleet of 659 full-sized buses, 89 articulated buses, five minibuses, and 47 contract operated buses. DTPW's system also includes a 25-mile dual elevated Metrorail track, a 20-mile Transit Way line that is among the longest in the United States, and a 4.4-mile dual elevated Metromover track. In addition, DTPW provides Special Transportation Services (STS) to eligible participants; administers the planning, construction, and maintenance of a safe and efficient system of roads, bridges, drainage, pathways, traffic signals, signs, and street lights; administers roadway infrastructure maintenance, inspection, compliance, and improvement programs; implements all County highway, transit, and neighborhood improvement projects included in the Capital Improvement Plan and the Transportation Improvement Program; implements various public works projects in the Building Better Communities General Obligation Bond (BBC GOB) Program and all of the County's transportation capital projects in the People's Transportation Plan (PTP) Program; ensures the maximum possible degree of flood protection in the secondary drainage canal system by providing adequate maintenance of these and other drainage facilities; and licenses and regulates private for-hire transportation.

DTPW works closely with the Federal Transit Administration (FTA), the Florida Department of Transportation (FDOT), the Transportation Planning Organization (TPO), the Citizens' Independent Transportation Trust (CITT), the Miami-Dade Expressway Authority (MDX), the South Florida Regional Transportation Authority (SFRTA), citizen advocacy groups, and other transportation stakeholders. DTPW also partners with local, state, and federal agencies to ensure regulatory compliance and cooperation on large scale infrastructure initiatives.

## FY 2018 - 19 Proposed Budget and Multi-Year Capital Plan

---

### CAPITAL HIGHLIGHTS AND OPERATIONAL IMPACTS

- The FY 2018-19 Proposed Budget and Multi-Year Capital Plan includes the project development and planning for the six rapid transit corridors in the Strategic Miami Area Rapid Transit (SMART) Plan; the Department expects that the project development and planning consultants will complete the reports by the end of December 2018 for all six corridors and submit the findings to the Federal Transportation Administration (FTA) for review to produce a record of decision within a year; when fully implemented, this plan will increase operating and capital maintenance costs (total project cost \$32.2 million, \$18.275 million in FY 2018-19)
- In FY 2018-19, the Department will continue expanding and improving the Advanced Traffic Management System (ATMS) with enhancements to provide for real time data collection, adaptive controls, and traffic monitoring capabilities to provide more efficient traffic movement and congestion management; the Department has upgraded 239 of the planned 300 intersections from the 12 most congested corridors and DTPW expects to upgrade approximately 50 additional intersections of the remaining 2,600 intersections countywide by the end of FY 2018-19 through ongoing partnership efforts with FDOT, the Town of Miami-Lakes, the Village of Key Biscayne, and the City of Sunny Isles Beach; the Department anticipates advertising and awarding contracts for the remaining countywide traffic signals within the upcoming fiscal year (total project cost \$247.102 million, \$45.329 million in FY 2018-19)
- The FY 2018-19 Proposed Budget and Multi-Year Capital Plan continues funding for replacement of 136 Metrorail vehicles; the Department anticipates 104 Metrorail vehicles will be replaced and in service by the end of FY 2018-19; the replacement of the Department's aging Metrorail fleet will increase service performance and reliability, which will decrease unplanned overtime expenditures and replacement parts (total project cost \$380.904 million, \$90.886 million in FY 2018-19)
- The FY 2018-19 Proposed Budget and Multi-Year Capital Plan contains several bus related projects including a fleet replacement program and build out of Compressed Natural Gas (CNG) facilities; it is expected that the final 200 of the 300 CNG buses will be delivered by the end of FY 2018-19 and the CNG facility at the Central Garage will be in service by the end of September 2018 and the Coral Way Garage will be in service by the beginning of January 2019; replacement of the Department's aging bus fleet will increase bus service performance and reliability, which will lead to increased rider satisfaction and a decrease in unplanned overtime and vehicle parts expenditures (total project cost \$525.065 million, \$149.604 million in FY 2018-19)
- The FY 2018-19 Proposed Budget and Multi-Year Capital Plan will continue various countywide road widening projects to increase traffic capacity; roadway widening projects include SW 137 Avenue from SW 184 Street to the Homestead Extension of the Florida Turnpike and SW 328 Street from US-1 to SW 162 Avenue (total project cost \$243.858 million, \$39.666 million in FY 2018-19); the Department anticipates minimal impact to the operating budget as the maintenance of these projects can be absorbed within the existing budget
- The FY 2018-19 Proposed Budget and Multi-Year Capital Plan includes Metrorail station and system improvements that will refurbish the 23 stations; complete a condition assessment of Metrorail Station elevators and escalators to create a prioritized implementation schedule to overhaul, replace or refurbish the existing equipment inventory; and upgrade the Tri-Rail Station power sub-station (total project cost \$138.941 million, \$38.083 million in FY 2018-19); these improvements and upgrades will enhance the current Metrorail stations, improve system reliability and safety, and reduce maintenance costs
- In FY 2018-19, the Department will continue to utilize Federal 5307 Formula Grant funds to support the capitalization of major preventive maintenance expenses in the operating budget and miscellaneous capital improvement projects (total project cost \$639.071 million, \$74.668 million in FY 2018-19)
- Included in the FY 2018-19 Proposed Budget and Multi-Year Capital Plan is the continuation of various countywide arterial roadway improvements such as resurfacing roadways, installing and repairing sidewalks, and improving drainage; projects include roadway improvements on NE 2 Avenue from NE 20 Street to West Little River Canal, NE 16 Avenue from NE 123 Street to NE 135 Street, and SW 344 Street from US-1 to SW 172 Avenue (total project cost \$117.864 million, \$28.417 million in FY 2018-19); the Department anticipates minimal operating impact to the annual budget that will be absorbed using existing resources
- The FY 2018-19 Proposed Budget and Multi-Year Capital Plan will continue various intersection improvements countywide to improve vehicular traffic capacity and safety; projects include turn lanes at SW 268 Street from US-1 to SW 112 Avenue and an elevated intersection (flyover ramp) at NW 107 Avenue and NW 122 Street over the Florida East Coast (FEC) rail crossing to allow continuous ingress and egress from the Pan American North Business Park (total project cost \$104.714 million, \$35.059 million in FY 2018-19); the Department anticipates minimal impact to the operating budget as the maintenance of these projects can be absorbed within the existing budget
- The FY 2018-19 Proposed Budget and Multi-Year Capital Plan includes the design and development of the ten-mile Underline corridor running below the Metrorail guideway from the Miami River to Dadeland South Station, a linear park that will enhance connectivity, mobility, and biking safety for Miami-Dade County residents and visitors; Phase One extends from SW 7th Street to SW 13th Street; Phase Two extends from SW 13th Street to SW 19th Avenue (total project cost \$31.961 million, \$6.866 million in FY 2018-19)

## FY 2018 - 19 Proposed Budget and Multi-Year Capital Plan

-  The Proposed Budget and Multi-Year Capital Plan will continue People's Transportation Plan (PTP) Capital Bond funding to replace and upgrade transit's physical assets to include buses, facilities, and equipment according to normal replacement cycles as part of the Infrastructure Renewal Plan (total project cost \$100 million; \$12.5 million in FY 2018-19); the Department anticipates long-term maintenance cost savings and extension of the useful life of major system components
-  The Department's FY 2018-19 Proposed Budget and Multi-Year Capital Plan includes the purchase of 126 vehicles (\$5.473 million) for the replacement of its aging fleet; the fleet replacement plan will provide operational savings to the Department in the long-term as it will reduce maintenance costs, fuel consumption, and overtime as a result of addressing equipment failure; the County's fleet replacement plan is included under Non-Departmental project #2000000511

As part of the Recreation and Culture strategic area, the Department develops cultural excellence, diversity and participation; builds better cultural facilities throughout Miami-Dade County; and makes cultural activities more accessible for residents and visitors. The Department's various competitive grants programs provide direct support for cultural organizations' development and activities, individual artists' professional growth, cultural facilities improvements, and technical assistance that addresses the non-profit cultural sector. The Department also manages, programs and operates the South Miami-Dade Cultural Arts Center, a campus of state-of-the-art cultural facilities in Cutler Bay, as well as, the Miami-Dade County Auditorium, Joseph Caleb Auditorium and African Heritage Cultural Arts Center, all dedicated to presenting and supporting excellence in the arts for the entire community. - In FY 2018-19, the Department will continue to provide the bilingual Golden Ticket Arts Guides promoting free admission for adults over the age of 62 to hundreds of cultural events and activities; it is estimated that the Department will produce and distribute 17,000 Golden Ticket Arts Guide books (\$80,000)
- In FY 2018-19, the Department will continue to fund the Culture Shock Miami program ([www.cultureshockmiami.com](http://www.cultureshockmiami.com)) where students ages 13-22 can purchase tickets to cultural performances and museums around Miami-Dade County for only \$5
- The FY 2018-19 Proposed Budget includes the continuation of direct funding allocations provided to: Fairchild Tropical Botanic Garden (\$376,000), Miami Children's Museum (\$635,000), ZooMiami Foundation, Inc. (\$293,000), and Fantasy Theater Factory, Inc. (\$400,000) for the Sandrell Rivers Theater, in which the M Ensemble Company is a resident company

### Library

The Miami-Dade County Public Library System (Library, Library System, or MDPLS) provides public library services to fulfill the informational, educational, and recreational needs of our community.

As part of the Recreation and Culture strategic area, MDPLS serves one of the largest and most diverse populations in the United States. The 2.5 million residents of the Miami-Dade County Library District service area enjoy access to a collection of nearly 2.313 million physical items, as well as 300,000 downloadable or streaming eAudio and eBooks, 310 downloadable digital magazines, and millions of downloadable songs and music videos, all in a wide variety of formats and languages. MDPLS also maintains a high-speed computer network that provides access to free Wi-Fi, public computer workstations and tablet devices, gaming platforms, 3D printers, and a variety of software and hardware that ensures the latest technology is available to the public for learning, personal growth, and recreational use. The Library System operates a Main Library, five regional branches, 44 neighborhood branches, two YOUmedia Miami locations, two YOUmake Miami locations, two bookmobiles, and the Technobus mobile computer learning center. In addition to availability of in-person library services at our 50 locations, MDPLS services such as requesting library materials for pick-up, accessing research and learning databases, downloading eBooks, eAudiobooks, movies, and music, are accessible 24 hours per day, seven days per week through our website and mobile app.

The Library System coordinates its many activities and functions with a variety of stakeholders, including schools, homeowners' associations, community councils, municipalities, various groups involved in fundraising and partnership activities for the benefit of the Library System, community-based organizations, and other local and neighborhood groups. In addition, the Library works in conjunction with many County departments and agencies such as Career Source South Florida, Cultural Affairs, Elections, Homeless Trust, Information Technology, Internal Services, Juvenile Services, Miami-Dade Police, Parks, Recreations, and Open Spaces, Transportation and Public Works, Animal Services, Solid Waste Management, Water and Sewer, and Public Housing and Community Development, to deliver programs and services to the public.

### Parks, Recreation and Open Spaces

The Parks, Recreation and Open Spaces (PROS) Department builds, operates, manages and maintains one of the largest and most diverse park systems in the country consisting of over 270 parks and over 13,800 acres of passive and active park lands. The Department's five strategic objectives and priority areas include fiscal sustainability, placemaking/ design excellence, health and fitness, conservation and stewardship, and performance excellence. Parks embody key values that make them essential services to the community, they include: economic value and growth; health and environmental benefits; and social importance. These elements are critical to establishing and maintaining economic competitiveness and quality of life in Miami-Dade County. The Department provides opportunities for health, happiness and prosperity for residents and visitors of Miami-Dade County through the Board of County Commissioners-approved Parks & Open Spaces Master Plan, consisting of a connected system of parks, public spaces, natural and historic resources, greenways, blue-ways and complete streets, guided by principles of access, equity, beauty, sustainability, and multiple benefits.

The Department operates as both a countywide park system serving 2.7 million residents and as a local parks department for the unincorporated area serving approximately 1.2 million residents. The Department acquires, plans, designs, constructs, maintains, programs and operates County parks and recreational facilities; provides summer camps, afterschool and weekend programs for youth; provides programs for active adults, the elderly and people with disabilities; and provides unique experiences at Zoo Miami and seven Heritage Parks: Crandon, Deering Estate, Fruit and Spice, Greynolds, Haulover, Homestead Bayfront and Matheson Hammock Park. Additionally, PROS provides various community recreational activities to include campgrounds, 17 miles of beaches, ballfields, tennis, volleyball, and basketball courts, an equestrian center, picnic shelters, playgrounds, fitness zones, swimming pools, recreation centers, sports complexes, a gun range, and walking and bicycle trails.

The Department manages 26,000 acres of environmentally endangered lands, and natural and environmental experiences are offered through five nature centers/preserves and Eco-Adventure programs. The Department provides education in agriculture, sustainable gardening, marine science, food and nutrition through Agriculture and Cooperative Extension services.

As part of both the Recreation and Culture and Neighborhood and Infrastructure strategic areas, the Department manages revenue generating facilities including six golf courses, one tennis center, six marinas, Deering Estate, Fruit & Spice Park, Trail Glades Range and Zoo Miami. The Department attracts regional, national and international events, including equestrian shows at the Ronald Reagan Equestrian Center and track and field meets. The Department also provides landscape maintenance, security guard services and street lighting for special assessment districts; administers toll collection on the Rickenbacker and Venetian Causeways; manages roadway landscape maintenance, roadside safety tractor mowing, and lot clearing services; and facilitates the planting of trees, palms, and landscaping to provide aesthetic enhancements, through Neat Streets and the Million Trees Miami initiative.

The Department coordinates many activities with a variety of stakeholders including residents, homeowners' associations, community councils, municipalities, groups involved in sports and recreational development, environmental groups, community-based organizations, and neighborhood groups.
