March 23, 2011

**Faster issuance of Notice of Acceptance (NOA) at Miami-Dade County - Product Control**

The Product Control Section is streamlining its Notice of Proposed Action (NOPA) process. The Notice of Proposed Action will be approved six (6) days after it is e-mailed to the applicant's contact person, **except** when an objection is received from the contact person prior to the NOA approval. Product Control Notices of Proposed Action are e-mailed on Fridays, therefore under this new process, the applicant **must** submit any objections or changes prior to end of business day the Thursday of the following week. Any necessary changes requested by the applicant after the NOA is approved will be treated as NOA revisions.

This enhancement will become effective the week of March 21<sup>st</sup>, 2011.

If you have any questions, please contact your Product Control Examiner or our office at 786-315-2590.

Thank you.
