Product Control Advisory **Submittal Fees for** **Multi Deck Continuous Roofing Systems**

The Product Control Division would like to announce a policy change within our department that is scheduled to take effect on 10/01/06. The change will affect the submittals of New Continuous Roofing Systems on multiple deck types only.

In keeping with standard policy utilized by other product categories "Spin-off" files will be charged a fee of \$1,500.00 per file after the initial payment of \$4,000.00.

This Means a new applicant for a flat roofing system having data to support all seven deck types will be paying a fee of $\$4,000 + (6 \times \$1,500) = \$13,000$ for a new set of seven NOA Approvals.

Please contact our office if you have any questions or concerns.
