RE: Affirmative Action Plan (No. 5329)

Dear Mr. Chaves:

Your firm's Affirmative Action Plan (AAP) has been approved and is effective until June 30, 2010. Your AAP expiration date coincides with your firm's current Pre-Qualification Certification (PQC) expiration date as mandated by Miami-Dade County Administrative Order 3-39. Enclosed is your Affirmative Action Declaration of Policy Certificate for display in a conspicuous location within your facility.

PQC is the culmination of the various certification processes, which includes, but may not be limited to, technical certification, affirmative action plan verification, vendor registration, execution of the basic County affidavits, supplemental forms, and any further requirements established by the BCC, and is required for firms interested in providing professional services for the County.

Therefore, your AAP is a key component of your PQC and must be submitted to the Office of Capital Improvements for review and approval on an annual basis thirty (30) days prior to your AAP expiration date. The processing time for the review of an AAP file is approximately ten (10) business days provided that all of the necessary information has been received. Please be advised that the other required components for PQC, i.e. technical certification and vendor registration, may involve a longer renewal processing time.

If you have any questions regarding this matter, please contact the Pre-Qualification Unit at (305)375-4784 or the Affirmative Action Unit at (305)375-5637.

Sincerely,

A handwritten signature in cursive script that reads "Luisa M. Millan".
