NOTICE OF ACCEPTANCE (NOA)

PGT Industries, Inc.
1070 Technology Drive
North Venice, FL 34275

SCOPE:
This NOA is being issued under the applicable rules and regulations governing the use of construction materials. The documentation submitted has been reviewed and accepted by Miami–Dade County RER–Product Control Section to be used in Miami–Dade County and other areas where allowed by the Authority Having Jurisdiction (AHJ).

This NOA shall not be valid after the expiration date stated below. The Miami–Dade County Product Control Section (In Miami–Dade County) and/or the AHJ (in areas other than Miami–Dade County) reserve the right to have this product or material tested for quality assurance purposes. If this product or material fails to perform in the accepted manner, the manufacturer will incur the expense of such testing and the AHJ may immediately revoke, modify, or suspend the use of such product or material within their jurisdiction.

RER reserves the right to revoke this acceptance, if it is determined by Miami–Dade County Product Control Section that this product or material fails to meet the requirements of the applicable building code. This product is approved as described herein, and has been designed to comply with the Florida Building Code, including the High Velocity Hurricane Zone.

DESCRIPTION: Series "FD-5555" Outswing PVC French Door w/ & w/o Sidelite and Transom – L.M.I.

APPROVAL DOCUMENT: Drawing No. MD-555.1, titled “Vinyl French Door and SLT/ TR”, sheets 1 through 12 of 12, dated 05/07/13, with revision C dated 04/10/17, prepared by manufacturer, signed and sealed by Anthony Lynn Miller, P.E., bearing the Miami-Dade County Product Control Revision stamp with the Notice of Acceptance number and expiration date by the Miami-Dade County Product Control Section.

MISSILE IMPACT RATING: Large and Small Missile Impact Resistant

LABELING: Each unit shall bear a permanent label with the manufacturer's name or logo, city, state, series, and following statement: "Miami–Dade County Product Control Approved", unless otherwise noted herein.

RENEWAL of this NOA shall be considered after a renewal application has been filed and there has been no change in the applicable building code negatively affecting the performance of this product.

TERMINATION of this NOA will occur after the expiration date or if there has been a revision or change in the materials, use, and/or manufacture of the product or process. Misuse of this NOA as an endorsement of any product, for sales, advertising or any other purpose shall automatically terminate this NOA. Failure to comply with any section of this NOA shall be cause for termination and removal of NOA.

ADVERTISEMENT: The NOA number preceded by the words Miami–Dade County, Florida, and followed by the expiration date may be displayed in advertising literature. If any portion of the NOA is displayed, then it shall be done in its entirety.

INSPECTION: A copy of this entire NOA shall be provided to the user by the manufacturer or its distributors and shall be available for inspection at the job site at the request of the Building Official.

This NOA renews NOA No. 17-0504.05 and consists of this page 1 and evidence pages E-1, E-2, E-3 and E-4, as well as approval document mentioned above.

The submitted documentation was reviewed by Sifang Zhao, P. E.

**INSTRUCTIONS:**

1. *Door Sidelites of All Heights Always Be Anchored with Six Anchors. See Table 1, Sheet 1, for All Approved Anchors. Four of the Six Anchors Must Be Installed Through the Hinges, One at Each Hinge Location (Recommended 1/2" Lag Bolt or 1/2" Flathead Screw Through Each Hinge Anchor).*
2. *For Mulled Units, Determine the Design Pressure of Each Component in That Configuration, for Example, On an "X.IO" Configuration, the DP for the Door, the Mullion and the Sidelite Must Each Be Determined. The Lowest DP Applies to the Entire Assembly.*
3. *Not applicable to "O.IX" configuration.*
4. *French door Mullion is Limited to 90" in Vertical Applications and 40" in Horizontal Applications. All Mullions Are to Be the Overall Assembly DP.*
5. *Narrower Adjoining Mullions and Mullions May Be Mixed with the Same Sidelite/Transom or Mullion Assembly.*
6. *For Sizes Not Shown, Round Up to the Next Available Short or Long Dimension.*

---

**NOTES:**

1. *Single door may be left or right-hand.*
2. *Mullions shown are standard 1" French door Mullions.*
3. *Mullions with 1/2" Flathead Screw Through Each Hinge Anchor.*
