

SBD – CM REVIEW FORM

To: Business Opportunity Support Division – Construction	
From: SBD CM Vivian Forhat-Diaz	
Company: HUNT – Miami Dolphin Stadium	Contact: Marsha Jackman
Date: 09/30/2014	RESUBMITTAL: No

PROJECT NUMBER:	BP- 19
PROJECT TITLE:	Technology/Low Voltage Raceway Infrastructure
PROJECT LOCATION:	Miami Dolphins Stadium

SCOPE OF WORK/DESCRIPTION: The Scope is for the replacement/modification of the Low Voltage Raceway System includes furnish and install all required block-outs, sleeves, inserts, anchors and openings. Provide and install all hangers, supports, clamps, rods, inserts, imbeds, slides, anchors, braces, platforms and clip angles for ductwork, piping, and equipment, all vibration isolation control devices and materials required for isolating conduits from the building structure. Provide and coordinate (lay-out) installation of all access doors required by code, specifications or as per contract documents. Furnish and install new conduits with pull strings and new aluminum ladder rack cable tray as per the electrical and low voltage plans, and all necessary grounding/bonding as required for cable tray systems. Demolition and removal of the existing level 000 lower "herring bone" type cable tray and all cable tray at the south 000 level where it runs under the existing structural raker beams. Provide cable tray (spurs) to all IDF's as per contract and provide all empty raceways from 400 level to canopy structure via concrete columns. Provide and install new conduits to all new food service locations and to all build-out areas (clubs, bars, etc.). Furnish and install all Conduit for new elevator and escalator control systems as required and all conduit(s) for status cabling from new elevator machine rooms, closets or pits to new Elevator Status Panel and all control conduits for all Videoboards, and Ribbon Boards. Provide pull strings in all conduits. Furnish and install all required "wiremold" including, but not limited to, junction box rough in for power, empty raceway stubbed above ceiling and at all "wiremold" components

SPECIAL REQUIREMENTS: Prime must have experience in large commercial renovation projects.

TRADES/SUBTRADES	AMOUNT	COMMENTS
		PRIME
Replacement/Modification of the Low Voltage Raceway	\$870,000.00	Specialty Low Voltage Electrical License. Must meet Special requirements.
		Electrical Low Voltage Contractor
Empty Conduit Systems	\$100,000.00	*Possible Subcontracting opportunities
Firestopping	\$30,000.00	
Bid Package Total Cost	\$1,000,000.00
