Miscellaneous Construction Contracts: MCC
7360 Plan - CICC 7360-0/08 - Request for
Price Quotation (RPQ) No. 20140163
Push Button Contract for Resurfacing

RECOMMENDATION

The Department's Capital Improvements staff completed the review of the subject RPQ in accordance with the applicable provisions of Implementing Order 3-22 and recommends a Community Small Business Enterprise (CSBE) measure. A Community Workforce Program (CWP) has been recommended since project sites have not been identified.

Scope of Work:	Single Trade (Resurfacing)
Engineer Project Base Cost Estimate:	\$1,546,000
Measure/Set Aside:	Pavement and Signage Markings and Concrete
CWP:	10% County-wide

BACKGROUND

Asphalt Surfaces have a typical service life of 8 to 12 years, depending on the traffic and weather conditions and new installations are necessary when the roadway's surface has reached the end of its service life or if restoration methods cannot effectively repair the roadway. It is a multistep process that usually involves several work crews accompanied by proper construction signs and work-zone traffic control measures to maintain public safety. This project is to rehabilitate existing road surfaces that have been deemed to be in unsatisfactory conditions.

If any additional information is needed, please call me at (305) 375-2093, or Alicia Arce at (305) 375-1363.

CONTRACT INFORMATION

Contract Type: MCC 7360: Single Trade with Ancillary work
RPQ No.: 20140163
RPQ Title: Push Button Contract for Roadway Resurfacing
Request for Price Quotation (RPQ) No: 201400163
Re-submittal: No
Standard Industrial Code (SIC) / North American Industry Classification Code (NAICS): 1610 / 237310 - Construction – Heavy, Street & Bridge Construction
Estimated Base Project Cost: \$1,546,000
Funding Source: Road Impact Fees
Bonding Requirements: Bid Bond– 5% of base bid amount
Performance Bond- 100% of Contract Award Amount
Method of Award: Line Item

PROJECT INFORMATION

Scope of Work

Work under this Contract includes furnishing of all supervision, labor, materials, tools, equipment and performing all operations required to construct the Work in accordance with the Contract Documents.

Work includes but is not limited to, the following: Milling and resurfacing, widening and resurfacing of intersecting streets up to the existing joint at the side street, or up to the Point of Curvature (PC) as determined by the Engineer, and/or as indicated on the Plans, resurfacing of asphaltic pathways

RPQ No.: 20140163
RPQ Title: Push Button Contract for Roadway Resurfacing

(pedestrian, bicycle, etc.) adjacent or not to the edge of pavement as necessary, temporary utility repairs (cold patches), clearing and excavating of shoulder areas or build-up, as directed by the Engineer; grading and clean-up of adjacent shoulders and removal of roots, as required, pavement markings including the installation of reflective pavement markers (blue/blue) at fire hydrant locations, sidewalk, sidewalk curbs and connectors, and pedestrian ramps.

Required Contractor's Certification:

At the time of Bid and pursuant to the requirements of Section 10-3 of the Code of Miami-Dade County, Florida and these Solicitation and Contract Documents, the Bidder must hold a valid, current, and active Certificate of Competency as a General Engineering Contractor or as a Specialty Engineering Contractor, commensurate to the requirements of the Project's Scope of Work, in one or more engineering crafts to include Paving Engineering. The Specialty Contractor shall subcontract with a qualified contractor any work which is incidental to the specialty but is specified in the aforementioned Code as being the work of other than that of the Engineering Specialty for which certified.

Pursuant to Section 255.20, Florida Statutes (F.S.) and in lieu of the above, the County may consider a bid from a Bidder that is a duly licensed Contractor in good standing that has been pre-qualified and considered eligible by the Florida Department of Transportation (FDOT) under Section 337.14, F.S. and Chapter 14-2, Florida Administrative Code, to perform the work described in the Contract Documents. Contractors seeking consideration under this paragraph shall submit along with the Bid Documents for review and consideration, current copy (ies) of their FDOT Certificate(s) of Qualification, Certification of Work Underway, and Status of Contract(s) On Hand. Acceptable FDOT prequalification(s) necessary to perform the work specified in the Project's Scope of Work shall include the Flexible Paving Work Class.

Additional Information – Permits, Licenses, Certifications, and General Regulations

Permits that are issued by the Public Works Department, Miami-Dade County for construction within the public right-of-way, as well as additional permits, which may be required by other municipalities or agencies, including those required for tree removal, will be the responsibility of the Contractor.

County Road Construction Projects – No permits issued to sub-contractors. Except work related to Traffic Signalization, School Flashing Signals, Internally Illuminated Street Name Sign (IISNS), Street lighting, and Traffic Signal Loops which will require a separate permit issued to an Electrical Contractor to perform such work.

Pavement Markings and Signage

The work under pavement markings and signage (Thermoplastic traffic stripes and Markings) consists of placing traffic stripes and markings using a material of the type that is extruded onto the pavement surface in a molten state by mechanical means, with surface application of glass spheres. Upon cooling to normal pavement temperature these materials shall produce an adherent reflectorized pavement marking of specified thickness and width and be capable of resisting deformation by traffic.

RECOMMENDATION

Areas for possible measures: Pavement Markings and Concrete

Areas recommended for CSBE Subcontractor Goal: Pavement Markings and Concrete

Contract Measure Recommendation:

- No Measure
- Set-Aside:
 - Level I
 - Level II
 - Level III
- Trade Set-Aside(s): Pavement Markings and Concrete
- Aggregate Set-Aside
- CSBE Subcontractor Goal
- Community Workforce Program (CWP): Some Work Order locations may be within Designated Targeted Areas (DTA)
- DBE Subcontractor Goal

Reason for Recommendation:

Recommendations are based on the attached project cost estimate which is provided in accordance with the Miami-Dade County Code. There are no specific sites identified for this project. However, work orders for this project will be located inside the boundary area of the south portion of Miami Dade County up to south of SW 8 Street. Work orders will identify the location, description, and amount of work to be accomplished and work orders will be issued subsequent to the Award of the Contract. All work orders will be subject to the requirements of the CWP.
