SECTION 2 - SPECIAL TERMS AND CONDITIONS**2.1 PURPOSE**

The purpose of this Solicitation is to establish a contract for veterinary diagnostic laboratory supplies and services, to include in-house test kits and off-site testing of specimens for Miami-Dade County Animal Services Department, on an "as-needed" basis.

2.2 TERM OF CONTRACT

This Contract shall commence on the first calendar day of the month succeeding approval of the Contract by the Board of County Commissioners, or designee, unless otherwise stipulated in the Notice of Award Letter, which is distributed by the County's Procurement Management Services Division, and contingent upon the completion and submittal of all required Bid documents. The Contract shall expire on the last day of the sixtieth (60th) month of the Contract Term.

2.3 METHOD OF AWARD

Award of this contract will be made to the responsive, responsible Bidder who submits an offer on all products and services listed in the solicitation and whose offer represents the lowest price when all items are added in the aggregate per group. If the Bidder fails to submit an offer on all services, the overall offer may be rejected. The County will award the total contract to a single bidder per group.

The Groups are as follows:

Group A: In-House ELISA (Enzyme-Linked Immunosorbent Assay) Test Kits

Group B: Laboratory Reference Services

In addition to County and contract requirements, all vendors shall meet the following minimum requirements:

- _____ License for _____

Bidders must submit a copy of their _____ License along with the Bid Submittal.

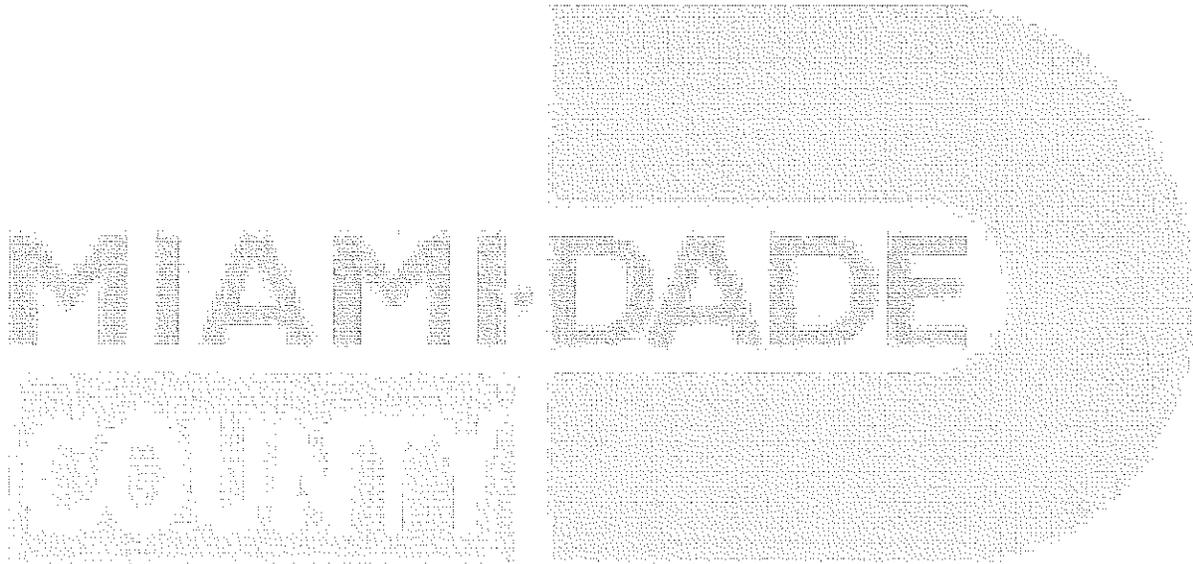

2.4 PRICES

Prices shall remain firm and fixed for the term of the Contract. The Contractor may offer incentive discounts to the County at any time during the contract term, including any renewal or extension thereof.

2.5 INDEMNIFICATION AND INSURANCE – GENERAL SERVICE AND MAINTENANCE**2.6 SERVICES MAY BE ADDED OR DELETED**

It is hereby agreed and understood that additional goods/services may be added to this Contract at the County's option. It is also agreed and understood that the County may add or delete goods/services on this Contract at the County's option. Awarded Bidder(s) under this Contract shall be invited to submit price quotes for these additional goods/services. If these quotes are determined to be fair and reasonable, then

the additional goods/services will be awarded to the current contracted Bidder(s) that offers the lowest acceptable pricing.

SECTION 3 – TECHNICAL SPECIFICATIONS

3.1 SCOPE OF WORK

Miami-Dade County hereinafter referred to as “the County”, as represented by the Miami-Dade County Animal Services Department (ASD), is soliciting bids from qualified firms for the provisions of Veterinary Laboratory Supplies and Services. The awarded bidder will provide on-site testing kits and off-site laboratory reserve services on an as-needed basis. ASD requires testing as it is essential to diagnosing and managing outbreaks in the shelter and within the community. Failure to routinely screen can result in an unnecessary epidemic.

3.2 GOODS / SERVICES TO BE PROVIDED

A. Diagnostic Testing:

The Awarded Bidder must be able to supply in-house **enzyme-linked immunosorbent assay (ELISA)** test for the following diseases:

1. Heartworm
2. Ehrlichia canis and Ehrlichia ewingii
3. Anaplasma phagocytophilum and Anaplasma platys
4. Lyme disease
5. Feline immunodeficiency virus (antibody)
6. Feline leukemia virus (antigen)
7. Canine parvovirus

B. Laboratory Reference Services:

The Awarded Bidder must be able provide the following laboratory services:

1. Pick up samples via courier within 24 hours of department request.
2. Provide test results within 36 hours of specimen pick-up.
3. Consultation with laboratory specialist for discussion of results upon department request.
4. Services required form the laboratory:
 - a. **Polymerase chain reaction (PCR) testing for:**
 - Respiratory pathogens of dogs and cats
 - Gastrointestinal pathogens of dogs and cats
 - Tick diseases
 - Leptospirosis

b. Basic blood testing to include:

- Albumin, albumin: globulin ratio, alkaline phosphatase, ALT, amylase, AST, BUN, BUN: creatinine ratio, calcium, chloride, cholesterol, CK, creatinine, conjugated bilirubin, unconjugated bilirubin, total bilirubin, GGT, globulin, glucose, lipase, phosphorus, potassium, sodium, sodium: potassium ratio, total protein, TCO2 (bicarbonate) and comprehensive Complete blood Count.

c. Toxicological screening

d. Urinalysis

e. Immunofluorescence assay (IFA) against different viral pathogens

f. Antibody detection against distemper, parvovirus and panleukopenia viruses

g. Parasitic screening

- Fecal panels

h. Histopathology services

- Read by board certified pathologists.
