SECTION 2
SPECIAL CONDITIONS

SATELLITE PHONES AND SERVICES (PRE-QUALIFICATION POOL)

2.1 PURPOSE

The purpose of this solicitation is to establish a pool of satellite telecommunication equipment and service providers capable of providing a broad range of fixed and mobile satellite phone products and services.

As a result of this solicitation, the County will have a flexible and efficient means of purchasing or leasing satellite phone equipment and services through spot market quotes and issuing purchase orders to meet the specific needs of County departments on an as needed, when needed basis.

2.2 TERM OF CONTRACT: FIVE (5) YEARS

This contract shall commence on the first calendar day of the month succeeding approval of the contract by the Board of County Commissioners, or designee, unless otherwise stipulated in the Notice of Award Letter which is distributed by the County's Procurement Management Division, and contingent upon the completion and submittal of all required bid documents. The contract shall expire on the last day of the last month of the contract term.

2.3 OPTION TO RENEW FOR ONE (1) ADDITIONAL FIVE (5) YEAR PERIOD

Prior to, or upon completion, of the initial term, the County shall have the option to renew this contract for one (1) additional five (5) year periods. Continuation of the contract beyond the initial period, and any option subsequently exercised, is a County prerogative, and not a right of the vendor. This prerogative may be exercised only when such continuation is clearly in the best interest of the County

Should the vendor decline the County's right to exercise the option period, the County will consider the vendor in default which decision shall affect that vendor's eligibility for future contracts.

2.4 METHOD OF AWARD

Award of this contract shall be made to all responsive, responsible Bidders who meet the Pre-Qualification criteria defined in Section 2.5 of this document. Awarded Bidders shall be pre-qualified to participate in future spot market competitions as required by the County on an as needed basis. When such a need for satellite phone equipment or services is identified, the requesting County department will develop a Request for Quotation (RFQ) which shall include but not be limited to the quantity, model, part numbers, service requirements, and acceptance criteria that are required. The Bidders pre-qualified on this contract will be invited to submit price quotations based on the County requirements as defined in the RFQ documents issued. The County will then award the specific purchase based on a review of all submitted quotes in response to the RFQ.

The contracted satellite phone equipment and/or services awarded under this solicitation will be especially crucial during emergency events such as hurricane recovery periods when normal communication channels may not be available. A "Priority RFQ" may be issued should a situation arise that requires an urgent response to resolve a critical communication problem that can negatively affect critical County operations. This type of request may require immediate availability of satellite phone equipment and/or services. Under these

SPECIAL CONDITIONS

Yes it will need to be resubmitted – if it was just the project# no; but the estimated cost was significantly reduced

Importance: High

Good afternoon Vivian,

Back in February you provided the measures for the subject project (see email below). This email is to inform you that the requisition number to this project has changed to RQFR1300008 and the contract value has changed from \$400,000 to \$200,000. The only difference in the project is that ITD was removed from it and only MDFR will be participating. Do I have to resubmit SBD forms with the new requisition or will the previous document that you sent me suffice?

Kind regards,
