- C) Claims for Damages - Should either party to the Contract suffer injury or damage to person or property because of any act or omission of the party or of any of his employees, agents or others for whose acts he is legally liable, a claim for damages therefore shall be made in writing to such other party within a reasonable time after the first observance of such injury of damage.
- D) Remedies - Unless this contract provides otherwise, all claims, counterclaims, disputes and other matters in question between the County and the Contractor arising out of or relating to this agreement or its breach will be decided by arbitration if the parties mutually agree, or in a court of competent jurisdiction within the State in which the County is located.
- E) Rights and Remedies - The duties and obligations imposed by the Contract Documents and the rights and remedies available thereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law. No action or failure to act by the County or Contractor shall constitute a waiver of any right or duty afforded any of them under the Contract, nor shall any such action or failure to act constitute an approval of or acquiescence in any breach thereunder, except as may be specifically agreed in writing.

1.51 SUSPENSION AND DEBARMENT

The following provisions apply to all FTA funded purchases in valued at, or in excess of, \$25,000.

Any contract resulting from this solicitation is a covered transaction for purposes of 49 CFR Part 29. As such, the contractor is required to verify that none of the contractor, its principals, as defined at 49 CFR 29.995, or affiliates, as defined at 49 CFR 29.905, are excluded or disqualified as defined at 49 CFR 29.940 and 29.945.

The contractor is required to comply with 49 CFR 29, Subpart C and must include the requirement to comply with 49 CFR 29, Subpart C in any lower tier covered transaction it enters into. By signing and submitting its bid or proposal, the bidder or proposer certifies as follows:

The certification in this clause is a material representation of fact relied upon by the County. If it is later determined that the bidder or proposer knowingly rendered an erroneous certification, in addition to remedies available to the County, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment. The bidder or proposer agrees to comply with the requirements of 49 CFR 29, Subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

1.52 ACCESSIBILITY (ROLLING STOCK)

Rolling stock must comply with the accessibility requirements of DOT regulations, "Transportation Services for Individuals with Disabilities (ADA)," 49 CFR Part 37, and Joint ATBCB/DOT regulations, "Americans with Disabilities (ADA) Accessibility Specifications for Transportation Vehicles," 36 CFR Part 1192 and 49 CFR Part 38.

SECTION 2
SPECIAL CONDITIONS

Review with Bruce 1.28 before advertising!!!

2.1 PURPOSE

The purpose of this solicitation is to establish a contract to purchase an estimated 15 Hybrid (Gasoline/Electric) sedan vehicles for Miami-Dade County (County) on behalf of Miami-Dade Transit (MDT) department.

2.2 DISADVANTAGED BUSINESS ENTERPRISE (49 CFR Part 26) [Pending from MDT]

The newest version on the Department of Transportation's Disadvantaged Business Enterprise (DBE) program became effective July 16, 2003. The rule provides guidance to grantees on the use of overall and contract goals, requirement to include DBE provisions in subcontracts, evaluating DBE participation where specific contract goals have been set, reporting requirements, and replacement of DBE subcontractors. Additionally, the DBE program dictates payment terms and conditions (including limitations on retainage) applicable to all subcontractors regardless of whether they are DBE firms or not.

The DBE program applies to all DOT-assisted contracting activities. The requirements of clause subsection b below flow down to subcontracts.

- a. This contract is subject to the requirements of Title 49, Code of Federal Regulations, Part 26, *Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs*. The national goal for participation of Disadvantaged Business Enterprises (DBE) is 10%. The agency's overall goal for DBE participation is 20%. **There is no numerical DBE goal for this contract.** (PENDING OCR)
- b. The contractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of this DOT-assisted contract. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the County deems appropriate. Each subcontract the contractor signs with a subcontractor must include the assurance in this paragraph (see 49 CFR 26.13(b)).
- c. The successful Bidder will be required to report its DBE participation obtained through race-neutral means throughout the period of performance.
- d. The contractor is required to pay its subcontractors performing work related to this contract for satisfactory performance of that work no later than 30 days after the contractor's receipt of payment for that work from the County.

The contractor must promptly notify the County, whenever a DBE subcontractor performing work related to this contract is terminated or fails to complete its work, and must make good faith efforts to engage another DBE subcontractor to perform at least the same amount of work. The contractor may not terminate any DBE subcontractor and

SPECIAL CONDITIONS**

perform that work through its own forces or those of an affiliate without prior written consent of the County.

2.3 PRE-BID CONFERENCE

Intentionally Omitted

2.4 TERM OF CONTRACT

This contract shall commence upon the date of the purchase order and shall remain in effect for one (1) year until the model year of the vehicles awarded under this solicitation is no longer available from the successful Bidder, or until such time as the vehicles purchased in conjunction with this Invitation to Bid are delivered and accepted by the County's authorized representative, whichever period is longer, and upon completion of the expressed and/or implied warranty periods.

2.5 OPTION TO RENEW

Intentionally Omitted

2.6 METHOD OF AWARD: TO A SINGLE BIDDER BASED ON TOTAL PRACTICAL LIFE CYCLE COST

Award of this contract will be made to the responsive and responsible Bidder whose offer represents the lowest Practical Life Cycle Cost (PLCC) to the County for the item listed in this solicitation. The PLCC price is for evaluation purposes only.

The PLCC will be determined by adding the unit price of the vehicle and the expected cost of fuel to operate the vehicle 100,000 miles. The expected cost of fuel will be computed, using the U.S. Environmental Protection Agency (EPA) City and EPA Highway miles per gallon (MPG) rating for the vehicle and an expected City use of 65% and Highway use of 35% over 100,000 miles at \$4.00 per gallon for fuel. See examples below:

Bidder # 1					
	A	B	C	D	E
	Total Miles	\$ per Gal	EPA - MPG	Gallons used (A/C)	Fuel Cost (D x B)
City	65,000	\$4.00	40	1,625	\$6,500
Highway	35,000	\$4.00	50	700	\$2,800
Est Cost of Fuel:					\$9,300
Unit Price as submitted by the bidder in Section 4:					\$25,000
Total PLCC:					\$34,300

**SECTION 2
SPECIAL CONDITIONS**

Bidder # 2					
	A	B	C	D	E
	Total Miles	\$ per Gal	EPA - MPG	Gallons used (A/C)	Fuel Cost (D x B)
City	65,000	\$4.00	50	1,300	\$5,200
Highway	35,000	\$4.00	60	583	\$2,333
Est Cost of Fuel:					\$7,533
Unit Price as submitted by the bidder in Section 4:					\$26,000
Total PLCC:					\$33,533

Using the examples above, Bidder # 2 will be awarded as its PLCC is lower even though the unit price is higher than the other Bidder.

The County will use the EPA and U.S. Department of Energy (DOE) produced Fuel Economy Guide for the corresponding year of the vehicle as the official EPA MPG ratings for all vehicles. The Guide is published on the Web at www.fueleconomy.gov.

Notwithstanding the aforementioned Method of Award, the County, at its option, may avail itself of any or all of the provisions stated in Section 1, Sub-Paragraph 1.5, Award of Bid Solicitation.

2.6.1 Source of Manufacture:

Bids will not be accepted from sources other than the vehicle's manufacturer or fabricator, or a licensed dealer thereof. The County may require the apparent low Bidder to furnish authenticating documentation of such status during evaluation. Failure to meet this requirement may result in that bid being deemed non-responsive.

2.6.2 Service Facility:

When the Bidder is the vehicle's manufacturer or fabricator, their authorized service facility capable of performing warranty repairs and supplying needed parts must be located within a two-hour drive time from anywhere within Miami-Dade County.

From FTA's FAQ:

It becomes cost-prohibitive to a transit agency to tow disabled vehicles beyond a certain distance to be repaired. When procuring vehicles, would a transit agency violate the prohibition against establishing a geographic preference if it required that a vendor or a manufacturer: 1) have a vehicle service facility located within a certain jurisdiction, like a state, or 2) have a vehicle service facility located within a specified distance?

You are permitted to require all vendors to have a local vehicle service facility so that your towing service will be both timely and cost effective. Non-local Bidders must, however, have the freedom to open a local service facility if they choose to do so. You are not restricting the bidding to companies who are located nearby.

We would suggest that your solicitation require the service provider to respond within a certain amount of time to a request for towing and also stipulate other reasonable time requirements for service. This way if a non-local vendor promises to open a local facility if awarded the contract, he may do so. We would not see this as a geographic restriction as such.

SECTION 2
SPECIAL CONDITIONS

When the Bidder is an approved dealer of the manufacturer or fabricator, their authorized service facility capable of performing warranty repairs and supplying needed parts must be located within a two-hour drive time from anywhere within Miami-Dade County.

Non-local Bidders may contract with local authorized service facilities, meeting the same requirements as stated above, and shall provide proof with their bid submittal.

2.6.3 Motor Vehicle Dealer License:

In accordance with Chapter 320 of the Florida Statutes, SS320.27, Bidders submitting a bid in conjunction with this solicitation must be licensed by the state of Florida as motor vehicle dealers. Bidders should furnish a copy of their license with their bid submittal. The Bidder may be given the opportunity to submit a copy of the license to the County during the bid evaluation period. Failure to meet this requirement may result in your bid not being considered for award.

2.6.4 Buy America Domestic Content Calculation Documentation:

The apparent lowest responsive, responsible Bidder will be notified by the County to provide documentation (preferably in an excel format report with a total percentage) that the manufacturer of the Bidder's proposed vehicles has reviewed the vehicles' content and has identified said vehicles as meeting the Federal Transit Administration's (FTA) Buy America requirements. These requirements can be found in the Code of Federal Regulations (CFR) 661.

This Bidder shall provide this documentation within five (5) working days after being notified by the County. Failure to provide said documentation within the time period specified above, or providing documentation that does not clearly identify the proposed vehicles as meeting the Buy America requirements (sixty percent [60%] domestic content), may render the Bidder's submittal ineligible for award. The County may then request the documentation of the next apparent lowest responsive, responsible Bidder, and so on, or may reject all bids at the discretion of the County.

Bidders may be given the opportunity to submit any of the information required herein during the evaluation phase of the solicitation.

2.7 PRICES

If the Bidder is awarded a contract as a result of this solicitation, the prices proposed by the Bidder shall remain fixed and firm during the term of contract. The awarded Bidder shall maintain their price until the Buy America Pre-award audit requirements are successfully completed. Bidders are cautioned this process may take several weeks or longer. Prices offered shall include all equipment as specified in Section 3, and freight, manuals, warranty, and all other special conditions required in this Section.

2.8 EXAMINATION OF COUNTY FACILITIES AND INSPECTION OF COUNTY EQUIPMENT

Intentionally Omitted

2.9 SPECIAL CONDITIONS FOR BIDDING MOBILE EQUIPMENT

SECTION 2
SPECIAL CONDITIONS

2.9.1 Product Information: Bidders must submit with its bid the manufacturer's standard information sheets, catalogues, brochures and all supporting documentation to show the product meets or exceeds the required specifications. Standard product literature submitted which offer technical data or product descriptions indicating the item or product bid does not meet the required specifications must be accompanied by a letter, on the Bidder's company stationary, identifying those differences and describing how compliance with the required specifications is to be accomplished. Failure to comply with this requirement may result in the rejection of the bid for not meeting the specifications. The County may request additional information when evaluating bids.

Note: Photographs, picture, and other graphic illustrations that are part of standard product literature will not be used in determining product compliance with these specifications.

2.9.2 Product Demonstration: After the Bid Submittals have been evaluated by the County, the Bidder offering the lowest PLCC, as stipulated in Paragraph 2.6 of this solicitation may be required to demonstrate the vehicles proposed for evaluation by and at no cost to the County. The purpose of the demonstration is to observe the vehicles in an operating environment and verify its capability, suitability, and adaptability vis-à-vis the performance requirements stipulated in the bid. If a demonstration is required, the County will notify the Bidder in writing and will specify the date, time, and location of the demonstration. If the Bidder fails to perform the demonstration on the date stipulated in the notice, the County may elect to reject the Bidder's proposal or to re-schedule the demonstration. The County will be the sole judge of the acceptability of the vehicles in conformance with the Bid Specifications and its decision shall be final.

2.9.3 Demonstration Vehicles: The vehicles used for the demonstration shall be the same as the manufacturer's model identified in the Bidder's proposal. Accordingly, the vehicles used in the demonstration shall create an expressed warranty that the actual vehicles provided by the Bidder during the contract period shall be similar to the vehicle used in the demonstration. Should that vehicle be new, not previously demonstrated and conforms to all bid specifications and requirements, the County reserves the right to purchase, as part of contract award quantity, that vehicle(s) upon successful completion of the demonstration.

2.9.4 Vehicle Standards: The vehicles furnished by the awarded Bidder during the term of the contract shall be new. Demonstrator models previously demonstrated are not acceptable. Automobiles that are equipped with the original equipment manufacturer's (OEM) standard accessories **must have less than fifty (50) miles recorded on the odometer at the time of delivery.** Automobiles that are equipped with accessories, which are not the OEM's standard order accessories, **must have less than 100 miles recorded on the odometer at the time of delivery.** Vehicles delivered outside this mileage requirement will not be accepted. Odometers must not show any signs of tampering or disconnect/reconnect. Any equipment required in the Section 3, Bid Specifications which are optional equipment of the manufacture shall be considered standard equipment of the vehicle for the purposes of this solicitation. Any optional equipment that are recommended by the vehicle manufacturer to use the vehicle as intended by the County must be included and will be considered standard equipment of

SECTION 2
SPECIAL CONDITIONS

vehicle for the purposes of this solicitation. The application and usage of all components, sub-components or parts must be in accordance with their manufacturers' recommendations, as well as the recommendations of all associated equipment manufacturers. Omission of any essential detail from these specifications in order to use the vehicle as intended by the County does not relieve the vendor from furnishing a complete and ready to work unit. The unit shall conform to all applicable Occupational Safety and Health Administration (OSHA), State and Federal, and American National Standards Institute (ANSI) requirements and standards, and Department of Transportation (D.O.T.) regulations. All components and included craftsmanship are to be in accordance with current Society of Automotive Engineers (S.A.E.) standards and recommended practices. The engineering, materials and workmanship shall exhibit a high level of quality and appearance, consistent with or exceeding the industry standards.

- 2.9.5** Vehicle Changes: The County may make changes to the required vehicle(s) or equipment supplied during the contract term, before or after delivery and acceptance of the vehicle(s) ordered, provided; 1) that the net amount of any such changes is no more than five percent of the per unit contract price, and 2) such changes and net amount are mutually agreed between the Bidder and the County.
- 2.9.6** Warranty Term: The awarded Bidder shall supply, subsequent to award, and be responsible for, the vehicle's warranty. Vehicles shall have a warranty free of deductibles with no less than the following industry defined coverage:
- A. Thirty-six months (36) or 36,000 miles full vehicle bumper to bumper.
 - B. Sixty months (60) or 60,000 miles on the power train.
 - C. Hybrid unique components ninety-six months (96) or 100,000 miles.

When vehicle or component manufacturers provide a warranty with coverage in excess of that stipulated herein, that additional coverage shall not be diminished by the requirements of this paragraph. When vehicle or component manufacturers provide a warranty with less coverage than that stipulated herein, the successful Bidder shall provide a supplemental warranty that meets or exceeds the warranty requirements, as stipulated herein. **The warranty terms per vehicle shall commence when the vehicle is put into service.**

- 2.9.7** Warranty Repairs: The Bidder shall be responsible for promptly correcting any warranted deficiency, at no cost to the County, within five (5) calendar days after the County has notified the Bidder of such deficiency in writing, or within the time period otherwise stipulated in the notice. If the Bidder fails to honor the warranty and/or fails to correct the deficiency within the period specified, the County may, at its discretion, (a) allow the awarded Bidder additional time to correct the deficiency or (b) procure the products or services from another Bidder and charge the awarded Bidder for any costs incurred by the County, either through a credit memorandum or through invoicing. The opportunity to cure any deficiencies does not waive the County's right to find the awarded Bidder in default of the contract in accordance with the contract terms and conditions.

All vehicles shall be delivered in full compliance with the bid specifications and requirements and must be in ready to work condition. Upon verification of compliance with these requirements, the County will accept the

If the awarded Bidder fails to correct the deficiency within the time period specified, the County may (a) procure the products or services from another Bidder and charge the Bidder either through a credit memorandum or through invoicing for any costs incurred by the County or (b) allow the Bidder additional time. The opportunity to cure any deficiencies does not waive the County's right to find the Bidder in default of the contract in accordance with the contract terms and conditions.
