

Hillsborough County

Introduction

Attempts to institute home rule government in Hillsborough County dates back to the 1950s. But it took years of study, two unsuccessful referenda on consolidation charters, and involvement by the local legislative delegation, county residents, and the Board of County Commissioners before Hillsborough County finally changed its form of government through a Home Rule Charter.

The efforts culminated in July 1983, when the Board of County Commissioners adopted an ordinance proposing a Home Rule Charter for the County and voters approved the ordinance in a countywide referendum held in September 1983.

Because the Charter provided for a change in the elected officials who would govern the County--from five county commissioners elected at-large to seven commissioners, with four to be elected from single-member districts and three to be elected countywide--the County was required to submit the plan to the U.S. Attorney General for preclearance under the Voting Rights Act. Implementation of the Charter, set for November 1984, was delayed when the U. S. Attorney General officially lodged objections shortly before a scheduled primary election.

Additionally, plaintiffs in a then-pending lawsuit against the County and City of Tampa in federal district court sought to enjoin the election of county commissioners because the "4-3 plan" of four single-member districts and three at-large districts had not received preclearance. The district court granted the injunction and prohibited the election of county commissioners.

However, the County asked the Attorney General to reconsider his objections to the Charter's election plan.

Upon reconsideration of the Charter and its 4-3 election plan, the Attorney General withdrew his objections. The district court subsequently withdrew its bar to the election of commissioners, clearing the way for elections to be held. The first commissioners elected under the Charter took office and Charter government went into effect on May 28, 1985.

Preamble

We, the people of Hillsborough County, Florida, in order to attain greater local self-determination, to exercise more control over our own destiny, to create a more responsible and effective government, and to guarantee equal civil and political rights to all, do avail ourselves of the opportunity afforded by the Florida Constitution to become a chartered county and do hereby ordain and establish by this Home Rule Charter a new form of government of and for Hillsborough County.

I. Creation

Section 1.01 Chartered County.

The county government for Hillsborough County shall be that of a chartered county under Section I, Article VIII of the Florida Constitution pursuant to which this Charter is adopted. Its boundaries are as provided by law. This is not a charter for consolidation of county and municipal governments in Hillsborough County, but solely a charter for the county government, and it is the intent of the people that it be so interpreted.

Section 1.02 Extent.

As used in this Charter, the term "the county government" means the government of Hillsborough County, but such term does not include and this Charter does not affect any court; any constitutional officer, as defined in Section I (d) of Article VIII, Florida Constitution: clerk of the circuit court, property appraiser, tax collector, sheriff or supervisor of elections; district school board; any municipality, whether created or enlarged before or after the adoption of this Charter; or any governmental body which has jurisdiction extending beyond the boundaries of Hillsborough County, and the relationship of the county government to them shall be the same as it would have been if this Charter had not been adopted.

II. Powers

Section 2.01. Powers.

The county government shall have all powers of local self-government not inconsistent with general law; special law approved by the vote of the electors of Hillsborough County; special law relating to civil service, aviation, the port, sports, transportation, hospitals, planning, environment, solid waste management, consumer affairs, resource recovery, criminal justice, historic preservation, and the arts, which laws may be effective as to Hillsborough County without approval by vote of the electors; or this Charter.

III. Separation of Powers

Section 3.01. Separation of Legislative and Executive Powers.

The power of the county government shall be divided between legislative and executive branches. No person belonging to one branch shall exercise any powers appertaining to the other branch unless expressly provided herein.

IV. Legislative Branch

Section 4.01.

All legislative responsibilities and powers of local self government of the county not inconsistent with this Charter shall be assigned to and vested in the board of county commissioners.

Section 4.02. Board of County Commissioners.

The board of county commissioners shall consist of seven commissioners, each of whom shall be elected from one of seven districts and each of whom shall be entitled to have other employment

which does not prevent the member from having the time to discharge the duties of a commissioner. Prior to voting on any matter of county business, any commissioner having a conflict of interest shall declare that conflict to the board.

Section 4.03. Districts.

The territory of three districts shall embrace the entire territory of the county and be designated as districts 5, 6 and 7 respectively. The territory of four districts shall be established by dividing all of the county into four separate areas, designated as districts 1 through 4 respectively, as nearly equal in population as practicable.

Section 4.04. Residency Requirement and Limit on Terms.

Each candidate for a seat on the board of county commissioners shall be a citizen of the United States of America, a registered voter of the district for which the candidate qualifies, and a resident of Hillsborough County. No person who has, or but for resignation could have, served as a commission member from districts 1 through 4 for more than six years in two consecutive terms shall be elected as commission member from districts 1 through 4 for the next succeeding term, and no person who has, or but for resignation would have, served as a commission member from districts 5 through 7 for more than six years in two consecutive terms shall be elected as commission member from districts 5 through 7 for the next succeeding term.

Section 4.05. Election and Term of Office.

Except as provided herein, all elections for the board of county commissioners shall be as provided for county commissioners in non-charter counties. Each commissioner shall be elected by the electors residing in the district for which the commissioner qualifies. Each commissioner shall be elected for a term of four years, except as provided for initial commissioners in the transition article and except that, in order to reflect population shifts between decennial censuses as quickly as possible, in 1990 and every ten years thereafter the commissioners to be elected from districts 1 and 3 shall be elected for terms of two years, and in 1992 and every ten years thereafter the commissioners to be elected from districts 2 and 4 shall be elected for terms of two years. Terms of office shall commence on the second Tuesday following the general election at which the commissioner was elected.

Section 4.06. Reapportionment.

Within 120 days after the certification of the federal decennial census, the board of county commissioners shall reapportion districts 1 through 4. Before doing so, the board of county commissioners shall cause an accurate description of the proposed new boundaries of such districts to be entered upon its minutes and a certified copy thereof to be published once each week for four consecutive weeks (four publications being sufficient) in a newspaper of general circulation published in the county. The notice shall include the date of the meeting at which the board shall consider such boundaries and take testimony from the public regarding boundary changes. Proof of such publication shall be entered on the minutes of the board. The publication of the notice shall be for information only and shall not be jurisdictional. Whenever the boundaries of the existing districts are changed, the board shall cause its clerk to furnish the Department of State with a certified copy of its minutes, reflecting the description of the boundaries of the district, as changed.

Section 4.07. Compensation.

Salaries of all commission members shall be as provided by ordinance at 75 percent or higher of the salary which would have been provided by general law had this Charter not been adopted. Such salary shall constitute full compensation for all services and expenses provided that commissioners may be reimbursed for mileage while traveling on commission business within Hillsborough County and for travel expenses when traveling outside of Hillsborough County on official business, in accordance with general law. The chairman shall receive additional remuneration in an amount often percent of the basic salary for the period of time such person serves as chairman of the commission.

Section 4.08. Enactment of Ordinances and Resolutions.

The commission may take official action only by the adoption of ordinances, resolutions, or motions. Unless otherwise provided herein, all ordinances, rules and resolutions shall be adopted by at least 4 affirmative votes, and all motions shall be adopted by majority vote of the members present. A majority of the full commission shall constitute a quorum to conduct business.

Section 4.09. Conflict with Municipal Ordinances.

In the event of a conflict between a county ordinance and a municipal ordinance, the municipal ordinance shall prevail within the municipality regardless of whether the municipal ordinance was adopted or enacted before or after the county ordinance.

Section 4.10. County Internal Performance Auditor.

1. To advise the board of county commissioners, assist the board of county commissioners in conducting continuing studies of the operation of county programs and services, and serve as a budget analyst for the board of county commissioners, there shall be a county internal performance auditor.

4. As directed by resolution of the board of county commissioners, the county internal performance auditor shall conduct performance audits and budget reviews of all aspects of this Charter government and its offices and officials with written reports submitted to both the board of county commissioners and the county administrator. To the degree necessary to fulfill the responsibilities directed by the board, the auditor shall have free and unrestricted access to Charter government employees, officials, records and reports and, where appropriate, may require all divisions, offices, and officials of the Charter government to provide oral and written reports and to produce documents, files, and other records.
5. The county internal performance auditor shall hire, on either a full-time or part-time basis, and may remove assistants. The number and qualifications of assistants shall be provided by resolution of the board of county commissioners. The county internal performance auditor's budget shall be set by resolution of the board of county commissioners.
