

## 2020 ANNUAL MUNICIPAL WORKSHOP (VIRTUAL)

### Five Year Implementation Plan of the People's Transportation Plan

#### Fiscal Years 2020-2025

The report below is the eighth annual update of the Five Year Implementation Plan (the Plan) of the People's Transportation Plan (PTP), a publicly-supported transportation improvement program established to develop an integrated mass transportation network and to complete roadway improvements in Miami-Dade County and its municipalities.

The Plan documents the current status of progress on the implementation of surtax funded PTP projects versus baseline estimates. The Plan includes references to these projects from the County's 2019-2020 Adopted Capital Budget. Future annual updates to the PTP will continue to monitor the actual implementation of the projects, their adherence to budget and schedule, and any changes to the Plan.
