AUDIT FINDINGS

NARRATIVE:

I conducted a PREA for Miami-Dade Correctional and Rehabilitation July 20-25. We started with a staff briefing with Division Heads, and several key staff members. We discuss the audit agenda, facility tours and 85 staff members selected to be interviewed and the 162 inmates from the five different facilities, headquarters and support services. The staff was very receptive to the audit and understood the purpose for the audit.

DESCRIPTION OF FACILITY CHARACTERISTICS:

Miami Dade is made of five major correctional facilities with a detached headquarters:

- Pretrial Detention Center PTDC
- Turner Guilford Knight Correctional Center (TGK)
- Barrack/Stockade
- Book Camp
- Metro West

PTDC is holding facility and transfer point for inmates going to court. This facility is connected to the Courts downtown. This facility has 1720 beds. This building is a podular remote and linear designed. The building has been updated with electronics and cameras. The building is eight stores high and has six elevators that are used of inmate and staff movement, and food delivery. There is a shared recreation yard that the inmates use. General population inmates are allowed to go out as a single unit within their cell area; however, the 56 safety cell inmates must go out separately.

TGK is the hub of the operations for Miami Dade. It is made of intake, release, classification male and female adults housing and male and female juvenile housing and 24 hour medical services. This facility house about 900 inmates per day. This is a 1300 bed facility. The make-up of the facility is a direct supervision and in direct supervision units. The control unit is directly in front of three separate small housing units which hold inmates with special needs. This unit is in close proximity of medical. The intake section is newly renovated. Space was added to accommodate the 40,000 plus inmates that are processed in and out Miami Dade Rehabilitation and Correctional Services.

Barrack/Stockade is a holding facility. This facility is made of several different military style barracks that have been modified to hold inmates; however the building is equipped with cameras for maximum observation.

Boot Camp, this is special unit. Adult and youthful offenders are allowed to participate in this program; additionally both genders are allowed to participate in this program. This unit has three living area for males only. Females are taken back to female housing unit at the end of the day. As the offenders progresses through the program the offenders are moved to a different housing unit until the offender completes the program and is released. This is two story unit with staff offices, classes and living areas.
Note: TGK, Barrack/Stockade and Boot Camp facilities are located within the same perimeter; however, each facility operates as an individual facility.

Metro West is a direct supervision unit with 3098 beds. This a direct supervision units that has 64 beds in each unit. It was has two separate 26 bed units that are used to house special management inmates. This facility has full time medical service on site 24 hours a day.

**SUMMARY OF AUDIT FINDINGS:**

After receiving information about the changes in the procedures concerning juvenile not being housed with adults and adjustments being made to the monitoring of the safety cell in PRTC the below deficiencies have been corrected and you have met all the PREA standards has outline in the Jail and Prison Standards.

The facility was well prepared for the audit. There were two deficiency noted during the audit. I found Miami Dade Rehabilitation and Correctional Services to not be incompliance 115-14 a & b Youthful Offenders (Boot Camp) and PRTC with I found not to be incompliance with 115.15 d (Inmates are not able to shower perform bodily functions and change clothing without non-medical staff from the opposite gender viewing) viewing the staff well trained on PREA.

Ref: PREA Audit Summary Report

Dear Lt. Wynne Testamark-Samuels:

The enclosed are the Prison Rape Elimination Action audit reports that I conducted for the Miami-Dade Corrections and Rehabilitation. The overall results of the audit revealed that Miami-Dade failed to meet the following standards.

Facility: Boot Camp

Violation: Youthful inmates stay in the same housing unit as the adults while at this facility.

**Standard: 115-14 Youthful inmates:**
(a) A youthful inmate shall not be placed in a housing unit in which the youthful inmate will have sight, sound, or physical contact with any adult inmate through use of a shared dayroom or other common space, shower area, or sleeping quarters.
(b) In areas outside of housing units, agencies shall either:
   (1) maintain sight and sound separation between youthful inmates and adult inmates, or
   (2) provide direct staff supervision when youthful inmates and adult inmates have sight, sound, or physical contact.

**Recommendation:** At the end of the day return the youthful inmates to the juvenile housing located in TGK Facility which is in compliance with the standards. Additionally, this would require a procedural change in your policy and procedure manual.

Facility: Pre-Trial Detention Center

Violation: The Safety Cells cameras positioned so that inmates can be viewed while performing bodily functions.
§ 115.15 Limits to cross-gender viewing and searches:

(d) The facility shall implement policies and procedures that enable inmates to shower, perform bodily functions, and change clothing without nonmedical staff of the opposite gender viewing their breasts, buttocks, or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks. Such policies and procedures shall require staff of the opposite gender to announce their presence when entering an inmate housing unit.

Recommendation: Reposition cameras so that inmates cannot be view performing bodily functions. If repositioning is not possible there are programs that can mask or blur out he imagine of a person so that you will not be able view that part of the screen.

Respectfully;

Ronald D. Myers,
Certified PREA Auditor
October 9, 2014

Mr. Ronaldo Myers

Re: Prison Rape Elimination Act (PREA) Audit  

Dear Mr. Myers:  

On behalf of the Miami-Dade Corrections and Rehabilitation Department (MDCR), I would like to thank you for conducting our initial Prison Rape Elimination Act (PREA) audit on July 21-24, 2014.  

As your initial assessment indicates, MDCR needs to correct two items in order to achieve full compliance with the PREA standards. Since your visit, MDCR has taken steps to correct these two items as indicated in the enclosed Corrective Action Plan. We look forward to your next audit visit tentatively scheduled for November, 2014 to personally observe these corrective steps. It is the mission of MDCR to "provide safe, secure and humane detention of individuals in our custody, while preparing them for a successful return to the community". In that regard, MDCR remains committed to complying with the PREA standards as a method of enhancing inmate safety. We appreciate your ongoing efforts to achieve this very important goal.  

If you have any questions or need further information, please feel free to contact the Department's PREA Coordinator, Lieutenant Wynnie Testamark-Samuels or myself.  

Sincerely,  

Marydel Guevara  
Director  

Enclosures

John Johnson, Captain, Compliance, Inspections and Accreditation Bureau  
Wynnie Testamark-Samuels, Lieutenant, PREA Coordinator
Background

The Miami-Dade Corrections and Rehabilitation Department (MDCR) had its initial on-site Prison Rape Elimination Act (PREA) Audit on July 21–24, 2014. The auditor determined that two (2) standards were not met at the Pre-Trial Detention Center and the Boot Camp Program.

- 115.14 (a) (b-1-2) – Youthful Inmates
- 115.15 (d) – Limits to cross-gender viewing and searches

This "PREA Action Plan" discusses the remediation efforts already completed, in progress, and planned to achieve full compliance status for MDCR.

Standard 115.14 (a) (b-1-2) – Youthful Inmates:

(a) A youthful inmate shall not be placed in a housing unit in which the youthful inmate will have sight, sound, or physical contact with any adult inmate through use of a shared dayroom or other common space, shower area, or sleeping quarters.

(b) In areas outside of housing units, agencies shall either:
   (1) maintain sight and sound separation between youthful inmates and adult inmates, or
   (2) provide direct staff supervision when youthful inmates and adult inmates have sight, sound, or physical contact.

Auditor's Comments: At the end of the day return the youthful inmates to the juvenile housing unit located in TGK facility which is in compliance with the standards. Additionally, this would require a procedural change in your policy and procedure manual.

Plan of Action – 115.14 (a) (b-1-2)

Phase 1 and Phase 2 male juvenile cadets/participants shall be housed at TGK in unit 4-2, rooms #4203 and #4204. Male juvenile cadets/participants shall be transported to and remain at the Boot Camp Program during the operating hours of (4:00 a.m. - 9:00 p.m.). After lights out (9:00 p.m.), male juvenile cadets/participants will be transported back to their assigned unit located at TGK.

A procedural directive, entitled Boot Camp Program Juvenile Housing at TGK, was issued on August 12, 2014 directing that male juvenile cadets/participants will be transported to TGK juvenile housing unit (Attached).

Note: Female participants have never been housed at Boot Camp.
Standard 115.15 (d) - Limits to cross-gender viewing and searches:

(d) The facility shall implement policies and procedures that enable inmates to shower, perform bodily functions, and change clothing without nonmedical staff of the opposite gender viewing their breasts, buttocks, or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks. Such policies and procedures shall require staff of the opposite gender to announce their presence when entering an inmate housing unit.

Auditor’s Comments: Reposition cameras so that inmates cannot be viewed performing bodily functions. If repositioning is not possible there are programs that can mask or blur out the image of a person so that you will not be able to view that part of the screen.

Memorandum

Date: August 12, 2014
To: All Boot Camp Program Personnel
From: Rose M. Green, Lieutenant
Executive Officer
Boot Camp Program
Subject: Boot Camp Program Juvenile Housing at TGK

Effective immediately, the following procedure will be implemented at the Boot Camp Program regarding the housing/transporting of male juvenile cadets/participants to Miami-Dade Corrections and Rehabilitation Department Turner Guilford Knight Correctional Center (TGK), located at 7000 N.W. 41 Street, Miami, Florida 33166.

Phase 1 and Phase 2 male juvenile cadets/participants shall be housed at TGK in unit 4-2, rooms #4203 and #4204. Male juvenile cadets/participants shall be transported to and remain at the Boot Camp Program during the operating hours of (4:00 a.m. – 9:00 p.m.). After lights out (9:00 p.m.), male juvenile cadets/participants will be transported back to their assigned unit located at TGK.

- The male juvenile cadets/participants must be signed out prior to leaving TGK; the external inmate in/out log is located in the RECORDS area next to the Shift Commander's office.

- Male juvenile cadets/participants are only allowed to have one set of Boot Camp Program postman blue uniform (Class A), one pair of P.T. shorts, one t-shirt, one towel, one pair of underwear, one laundry bag, one wash cloth, a pair of slides, one pair of socks, and toiletries (toothbrush, toothpaste, soap, and deodorant). Cadets/participants may also have writing paper and a pencil. Under no circumstance is Phase 2 personal clothing to enter TGK. E.g. (Black pant, white dress shirt, belt, and identification).

- The male juvenile cadets/participants will remain on lock down while at TGK, unless there are extenuating circumstances. E.g. fire drill, medical emergency that dictates an evacuation, or given a lawful command to exit by departmental staff.

- The male juvenile cadets/participants shall eat, shower, shave, participate in religious reflections and personal hygiene inspection prior to being transported

"Delivering Excellence Every Day"
to TGK. If for any reason, the male juvenile cadets/participants does not eat or shower, the Boot Camp Program Shift Supervisor must be advised prior to transporting.

- If the male juvenile cadets/participants are transported at the same time as a female cadet/participant, a split cage van shall be utilized as per DSOP11-001.

- Because each facility is different, all Boot Camp Program staff is to be cognizant of their surroundings and to NOT allow or cause the cadet/participant to make unnecessary noise when visiting other facilities.

- Per Procedural Directive D14-007, the physical sight check sheet must indicate when cadets/participants are transported and when they arrive at the other facility. As per PD-14007, the physical sight checks shall not exceed 10 minutes.

DSOP 11-001 Utilization of Departmental Vehicles
DSOP 11-030 Logs and Other record keeping system.
PD-14007 Supervising and Monitoring of Juveniles

Your immediate compliance with this Directive is appreciated.

RG

"Delivering Excellence Every Day"
