Dear Friends,

Our May charity of the month is the national service organization, Rebuilding Together. Rebuilding Together works year-round to revitalize houses and communities assuring that low-income home owners, particularly those who are elderly and disabled.

With your help, we can bring together everyday citizen volunteers, skilled tradespeople, local business, major corporate partners and communities together to improve the homes and lives of these homeowners, at no cost to them. Every person deserves a safe and healthy home, help us provide them with one.

Volunteers make necessary repairs at a resident's home.

For additional assistance, their office is located at **1533 Sunset Drive, Suite 150, Miami FL 33143.**
