Community Action and Human Services Department Elderly and Disability Services Division Senior Companion Program

The Senior Companion Program is part of Senior Corps, a network of national and community service programs that each year supports the engagement of nearly 500,000 Americans age 55 and older in service to meet critical needs in education, the environment, public safety, homeland security, and other areas.

The Senior Companion Program offers friendship and assistance to other older Americans who are homebound and need an extra helping hand to live independently in their own homes. Senior Companions make the lives of those they serve less lonely through their friendship, education, provision of community resources, and regular friendly visits. Thanks to the efforts of Senior Companions, many older adults are able to avoid institutionalization and can lead more happy fulfilling lives in their own homes.

Benefits of Community Volunteer Service Participation:

- The Senior Companion serves 20-40 hours a week.
- Senior Companion Program is open to income eligible individuals age 55 and over. In return for their service, Senior Companions receive a stipend of \$2.65 an hour, reimbursement for transportation, and a monthly training.
- Participation in volunteer program does not affect any of your social security benefits, food stamps or government housing.
- 40 hour pre-service orientation & education training.
- The volunteers annually are recognized for years of service and participate in
