

CELEBRATE BETTER HEARING AND SPEECH MONTH THIS MAY

The American Speech-Language-Hearing Association has celebrated Better Hearing and Speech Month each May since 1927. This month of awareness is a perfect time to have your own hearing analyzed to determine if you are one of the estimated 40 million Americans with hearing loss.

YOU MAY HAVE A HEARING LOSS IF YOU:

- *frequently ask people to repeat themselves*
- *often turn your ear toward a sound to hear it better*
- *understand people better when you wear your glasses or look directly at their faces*
- *lose your place in group conversations*
- *keep the volume on your radio or TV at a level that others say is too loud*
- *have pain or ringing in your ears*

EarQ Family Hearing Plan
