
Turn Your Dog into a City Dog!

with Rocco's Pack Dog Training

What's a City Dog? It's a well behaved dog, wherever in the city it may be - at the vet's office, in the park, in a café, shopping, walking the streets or even just at home. Your dog can be a **City Dog!**

At Rocco's Pack Dog Training, we know that your dog is a loved part of your family so we are offering a series of activities that will not only help you identify triggers for your dog's poor behavior, but also teach you how to best manage your pet in those situations.

Join the fun as Certified Professional Dog Trainer, Leby Gonzalez of Rocco's Pack Dog Training, covers all the basics!

Surviving the city is about to get a whole lot easier!
