REQUEST FOR ENFORCEMENT RECORDS/INFORMATION

Environmental Status Review Letters (ESR)

ESR letters consist of a compilation of environmental information from the various Programs within DERM for the property that is the subject of the request, as well as the results of an on-site inspection conducted by DERM staff. ESR's are not Phase I or Phase II Environmental Site Assessment Reports, which for Phase I's, include more in-depth/extensive environmental records reporting including but not limited to state and federal records; and Phase II's, include intrusive site study/reporting including but not limited to sample collection/analysis to determine the presence/extent of contamination on a property.

Enforcement case search (ECTS)

This letter includes the results of a search within DERM's enforcement database of open and/or closed violations on the property that is the subject of the request. It is recommended that requestors make arrangements to review the pertinent DERM files for more in-depth case and other information on the sites reported.
